INDEPENDENT AUDITOR'S REPORT

**To the Participants and Trustees
Somerset Engineering 401(k) Plan
Somerset, Pennsylvania**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Somerset Engineering 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Somerset Engineering 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Somerset Engineering 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Somerset Engineering 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Somerset Engineering 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Somerset Engineering 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The following description of the Somerset Engineering 401(k) Plan (formerly named Highland Tank Retirement Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Prior to November 1, 2023 the Plan was a defined contribution 401(k) profit sharing plan covering substantially all full-time employees of Highland Tank and Manufacturing Company, the sponsoring employer, and certain affiliates: Highland Tank, LLC, Highland Tank of North Carolina, Inc., Highland Tank of New York, Inc., Lowe Engineering Company, Inc., Somerset Planning and Engineering Services, LLC, Bigbee Steel & Tank Company, Highland Tank of Northern Michigan, LLC and Highland Tank of Central Michigan, LLC (collectively referred to as the "Employers"). Effective November 1, 2023, Somerset Planning and Engineering, LLC dba Somerset Engineering took over sponsorship of the Highland Tank Retirement Plan and will cover only substantially all full-time employees of Somerset Planning and Engineering, LLC. The name of the Plan was also changed to Somerset Engineering 401(k) Plan. An employee becomes eligible to participate in the Plan upon completion of three months of service and attainment of age 18. The Plan excludes leased employees, non-resident aliens, and summer help (as defined) as members of the eligible class of employees for enrollment purposes. An employee may enter the Plan on January 1 or July 1 upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investments performance.

Contributions

Participants may direct contributions to the Plan up to 75% of their annual compensation and up to the maximum allowed under the Internal Revenue Code (IRC). In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" may be made. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution qualified plans (rollover). The Plan includes an automatic enrollment provision for whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within 30 days of becoming eligible. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant. An employee has the option to cease enrollment, withdraw all contributions and forfeit all Company contributions within 30 days of becoming eligible. Effective October 31, 2023 all 401(k) and matching contributions for employees other than the employees of Somerset Planning and Engineering, LLC dba Somerset Engineering shall cease. Matching contributions are determined annually by the Employers. For non-union and Teamster employees, the Employers made a discretionary matching contribution of 50% of the first 6% of compensation in 2023. The Employers may make an additional discretionary matching contribution, which is allocated based on each participant's compensation, for that plan year. No additional discretionary employer contributions were made for non-union participants in 2023.

SOMERSET ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION - CONTINUED

Contributions - continued

For Highland Tank Manufacturing Union Employees at Stoystown, the Employers made a discretionary matching contribution of 100% of the first 6% of compensation in 2023. The Employers may make an additional discretionary contribution, which is allocated based on each participant's compensation, for a plan year. The Employers made no additional discretionary contributions in 2023.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions (if any), Employer's matching contributions, Employers discretionary contributions and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employers' contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest ratably and are 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, or if a terminated participant's account balance is \$5,000 or less, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. This can be a cash distribution or a rollover into an IRA or other qualified plan. If their account balance is more than \$5,000, the participant must elect in writing to either receive a lump-sum amount or installments, or to purchase an annuity equal to the value of his or her account.

Hardship distributions are permitted from a participant's fully vested elective deferral account.

Forfeiture

A forfeiture results from the non-vested portion of the employer discretionary account of a terminating participant. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$11,759 and \$225,808, respectively. Forfeitures of Employer discretionary contributions can be used to reduce Employer contributions, reallocate as Employer contributions, or pay administrative fees of the Plan. In addition, \$187,980 of forfeitures were used to reduce employer contributions and \$23,258 of forfeitures were used to pay administrative fees during 2023.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determine the Plan's valuation policies utilizing information provided by the investment advisors. See fair value measurements at Note 3.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contribution

Contributions from Plan participants and the matching contributions from the Employers are recorded in the year in which participant contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Employers. Expenses paid by the Employers are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

The assets of the Plan for all divisions other than Somerset Planning & Engineering, LLC dba Somerset Engineering were spun off into a new Plan to be called the Highland Tank, LLC 401(k) Plan effective January 4, 2024.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices to active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market fund: Value approximates fair value due to short-term of this investment.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the net asset value ("NAV") of participation units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. At December 31, 2023 and 2022, there were no unfunded commitments and investments are redeemable on a daily basis and without restriction.

SOMERSET ENGINEERING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 6 - TAX STATUS

The Employer has a Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Metro Benefits, Inc. The pre-approved profit sharing plan received an opinion letter on June 30, 2020 that the pre-approved plan was in compliance with the application requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Capital Bank and Trust Company (the trustee of the Plan).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan pays fees to the asset trustee, investment advisor, third party administrator, and record keeper. American Funds Service Company (AFS) is an affiliated company of the trustee. Certain Plan investments as of December 31, 2023 and 2022 are held in American Funds. AFS handles certain administrative and reconciliation functions pertaining to plan investments in American Funds. Therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS - CONTINUED

The Plan maintains a revenue sharing account with its recordkeeper. This revenue is used to offset certain amounts owed to the recordkeeper for administrative services to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Employer may make a payment to the recordkeeper for administrative expenses not covered by revenue sharing.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
