Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roseburg Forest Products Co. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Roseburg Forest Products Co. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Roseburg Forest Products Co. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roseburg Forest Products Co. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Roseburg Forest Products Co. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Roseburg Forest Products Co. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4(i) – schedule of assets (held at the end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROSEBURG FOREST PRODUCTS CO.

401(k) PLAN

Notes to the Financial Statements

December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Roseburg Forest Products Co. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan covering all eligible employees of Roseburg Forest Products Co. (the Company or Employer), excluding Carpenters Industrial Council union employees. Eligible employees may begin participating in the Plan (for purposes of making pretax contributions and sharing in any company-matching contributions) as of the first payroll period following the date the employee becomes eligible. Eligible part-time employees may begin participating in the Plan as of the first payroll period following the date the employee completes 1,000 hours in a calendar year.

The Plan operates under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred compensation arrangement as described in Section 401(k) of the IRC. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Contributions

Participants may defer from 1% to 75% of eligible compensation. Any salaried participant upon first becoming eligible to participate in the Plan and who fails to affirmatively make any deferral election, including an election of 0%, will be deemed to have elected to defer 4% of his or her compensation as a pretax contribution. Any hourly participant upon first becoming eligible to participate in the Plan and who fails to affirmatively make any deferral election, including an election of 0%, will be deemed to have elected to defer 6% of his or her compensation as a pretax contribution, with the exception of participants at the Missoula, Montana location, which will be deemed to have elected to defer 4%. Additionally, on an annual basis, any participant whose elective deferral rate is less than 15% will have his or her rate increased by 1% unless the participant makes an affirmative election, including an election of 0%. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to make Roth contributions utilizing after-tax contributions.

For all current salaried participants in the Plan hired before January 1, 2018, the Company's discretionary matching contributions are 100% match for deferrals up to 4% of compensation, and nonelective employer contributions will be made as follows:

<u>Age</u>	<u>Contribution Percentage</u>
34 and younger	3%
35 – 49	4%
50 and older	7%

For all salaried participants in the plan hired on or after January 1, 2018, employer matching contributions are 100% match of deferrals up to 4% of a participant's compensation and nonelective employer contributions of 3% of a participant's compensation.

ROSEBURG FOREST PRODUCTS CO.

401(k) PLAN

Notes to the Financial Statements

December 31, 2023 and 2022

The amount of the matching contribution for hourly employees is determined on an annual basis subject to union and other labor contracts. There were no changes to the matching contribution for hourly employees for the year ended December 31, 2023.

Additional employer-matching contributions may be made at the discretion of the Employer's board of directors. To be eligible for an additional employer-matching contribution, a participant must (1) be an hourly participant employed at the Simsboro location and (2) be employed by the Employer during the period for which the contribution is being made. Contributions made are allocated among the accounts of eligible participants in accordance with the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants for the period that the contribution is being made. There were no additional employer matching contributions made for the 2023 or 2022 plan year.

Employer profit sharing contributions may be made (without regard to current or accumulated profits) at the discretion of the Employer's board of directors for any plan year.

To be eligible for an allocation of employer profit sharing contributions, a participant must (1) be a salaried participant (2) have been credited with at least 1,000 hours of service in the plan year and (3) be employed by the Employer on the last day of the plan year, provided, however, that the requirement that the participant be employed on the last day of the plan year shall be waived if the participant is absent from employment due to disability, death, retirement on or after early or normal retirement date, or leave of absence during such plan year. For this purpose, a participant shall be treated as being employed on the last day of the plan year if the participant is receiving severance payments at the end of the year or if the participant had become a union or nonunion hourly employee during the year and remained so employed on the last day of the plan year.

There were no profit sharing contributions made in the 2023 or 2022 plan years.

Contributions shall not exceed the maximum allowed under the IRC limits.

(c) Participant Accounts

A separate account is maintained for each plan participant. Participants direct the investment elections within their accounts. Participant contributions are credited to the individual's account, along with the Company's contribution, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts are valued daily. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting and Forfeitures

Under the Plan, participants are fully vested in all elective participant contributions and transfers from other qualified plans plus net earnings thereon. Salaried employees are fully vested in all matching contributions.

ROSEBURG FOREST PRODUCTS CO.

401(k) PLAN

Notes to the Financial Statements

December 31, 2023 and 2022

Vesting in the salaried participant's share of profit sharing contributions plus net earnings thereon is based on years of service, as follows:

Years of service	Percentage vested
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
At least 5 years	100%

Any employer contributions transferred from the Roseburg Forest Products Co. Carpenters Industrial Council Defined Contribution Plan (CIC DC Plan), adjusted for earnings and losses, all nonelective employer contributions, and hourly participants employer matching contributions shall be fully vested as follows based on years of service:

Years of service	Percentage vested
Less than 3 years	0%
At least 3 years	100%

Participants earn one year of service for each plan year in which the employee is credited with 1,000 hours of service, as defined by the Plan. Participants become fully vested in the event of death.

Forfeitures of terminated participants' nonvested accounts are applied as follows: (1) to restore nonvested accounts related to rehired former participants where applicable, (2) to offset future company contributions, and (3) to pay the Plan's expenses. There were \$28,519 and \$13,070 of forfeitures available at December 31, 2023 and 2022, respectively. During 2023 and 2022, forfeitures totaling \$370,602 and \$409,036, respectively, were used.

(e) Notes Receivable from Participants

Participants may borrow a portion of their vested accounts. Loan amounts are limited to a minimum of \$1,000 up to a maximum equal to the lesser of 50.00% of the vested total of their account, or \$50,000. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with interest rates charged by lending institutions in similar circumstances, as determined by the committee. Interest rates ranged from 5.25% to 10.50% for loans outstanding at December 31, 2023, and the loans mature through 2033. Participant loans must be repaid within 5 years, or if the proceeds are used to purchase the principal residence of the borrower, within 10 years.

(f) Payment of Benefits

For hourly participants, benefits are payable upon retirement, disability, or death in the form of a lump-sum payment. For salaried participants benefits are payable upon retirement, disability, or death in the form of a lump-sum payment or in periodic installments at least annually over one or a combination of the following periods: (1) over a period certain not extending beyond the life expectancy of the participant or (2) over a period certain not extending beyond the joint and last survivor

ROSEBURG FOREST PRODUCTS CO.

401(k) PLAN

Notes to the Financial Statements

expectancy of the participant and a designated beneficiary. Participants may also request a set dollar amount at least annually. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

If the vested account balance exceeds \$1,000 but is no more than \$5,000, the participant account will be automatically transferred to a qualified Individual Retirement Account selected by the plan administrator, unless directed by the participant. If the vested account balance is no more than \$1,000, unless elect by the participant, the entire account will be paid to the participant in a single lump-sum payment as soon as administratively possible following retirement or other termination of employment.

In addition, hardship withdrawals are permitted if certain criteria are met. Such withdrawals will be limited to a participant's employee deferral account balance.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual basis of accounting.

(b) *Investment Valuation*

Investments are reported at fair value as defined by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee certifies the fair value of all investments. The trustee is a bank or similar institution that is regulated, supervised, and subject to periodic examination by a state or federal agency in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). See note 3 for discussion of fair value measurements.

(c) *Income Recognition*

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on the trade date. Dividends are recorded on the ex-dividend date.

The change in fair value from one period to the next and realized gains and losses on investments sold during the year is recognized and included in net appreciation and depreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits.

(d) *Contributions*

Contributions from participants and corresponding matching contributions are recorded in the year in which the related participant compensation is earned.

(e) *Investment Risk*

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

ROSEBURG FOREST PRODUCTS CO.

401(k) PLAN

Notes to the Financial Statements

December 31, 2023 and 2022

The Plan may invest in shares of registered investment companies and pooled separate accounts, which include securities with contractual cash flows, which may include asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(f) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

(g) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(h) Administrative Expenses

Certain of the Plan's expenses and various legal expenses have been paid directly by the Company. Other administrative expenses are paid by the Plan, which consist primarily of administration, managed accounts, loan, and distribution fees.

(i) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

(3) Fair Value Measurements

The FASB ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ROSEBURG FOREST PRODUCTS CO.

401(k) PLAN

Notes to the Financial Statements

December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Registered Investment Companies: Shares in registered investment companies are valued at published prices in active markets. Shares in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

Pooled Separate Accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Collective trusts: Units held in collective trusts (CTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding.

Cash, interest bearing: Valued at fair value based on face value or cost-plus accrued interest, which approximates fair value because of the short maturity of these investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, the account of each participant shall be fully vested and nonforfeitable as of the effective date of complete termination of the Plan. Upon complete termination of the Plan, no further employees shall become participants and no further contributions shall be made.

(5) Income Tax Status

The plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended

Notes to the Financial Statements

December 31, 2023 and 2022

since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related-Party Transactions

Certain plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee, as defined by the Plan for the 2023 and 2022 plan years, and therefore, these investments and investment transactions qualify as party-in-interest transactions. Fidelity is the record keeper as defined by the Plan, and therefore, services performed qualify as party-in-interest transactions. New York Life Trust Company is the custodian of the Plan's investment in the New York Life Anchor Account, and therefore, this investment and the related investment transactions qualify as party-in-interest transactions.

Any participant covered under a collective bargaining agreement that provides for participation in the CIC DC Plan may elect to transfer his or her account under the Plan to the CIC DC Plan. In addition, any participant in the CIC DC Plan who transfers his or her employment classification and, thus becomes eligible to participate in the Plan may elect to transfer his or her account under the CIC DC Plan to the Plan. Any such transfer shall be made pursuant to regulations issued under the IRC.

Transfers between the Plan and the CIC DC Plan are disclosed as a net transfer from the Roseburg Forest Products Co., Carpenters Industrial Council Defined Contribution Plan in the statements of changes in net assets available for benefits.

(7) Information Certified by the Trustee and Custodian

The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and schedule was provided and certified by the Plan's trustee, Fidelity, as of and for the years ended December 31, 2023 and 2022 as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss), net
- Interest on notes receivable from participants
- Schedule H, line 4(i) – schedule of assets (held at end of year)

(8) Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available.
