Independent Auditors' Report

To the Plan Sponsor and Participants of the
Joe Basil Chevrolet Inc. 401(k) Plan
Depew, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Joe Basil Chevrolet Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Joe Basil Chevrolet Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Joe Basil Chevrolet Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Joe Basil Chevrolet, Inc. (the “Plan Sponsor” or “Plan Administrator”). Employees must be at least 21 years of age and complete one year of service with a minimum of 1,000 hours in order to become a participant in the Plan and begin making elective deferrals and receiving Plan Sponsor contributions.

The Plan was established effective December 16, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2021 in order to comply with the requirements for Cycle 3 Pre-Approved Plans, pursuant to Rev. Proc. 2017-41.

Contributions – Participants may elect to contribute between 1% and 100% of their annual compensation as a pre-tax or Roth contribution, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollovers).

The Plan Sponsor makes a matching contribution equal to 50% of the first 2% and 25% of the next 4% of a participant’s eligible compensation. The Plan also allows the Plan Sponsor to make additional discretionary contributions to the Plan. In order to receive Plan Sponsor discretionary contributions, participants must be actively employed by the Plan Sponsor on the last day of the Plan year. Effective with the January 1, 2021 restatement, any discretionary contribution will be divided among eligible participants based on certain designated groups under the Plan. There were no additional discretionary contributions made by the Plan Sponsor for the years ended December 31, 2023 and 2022.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant’s share of Plan earnings. Participant accounts are decreased by participant distributions and the participant’s share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Joe Basil Chevrolet Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Participants vest in Plan Sponsor matching contributions and Plan Sponsor discretionary contributions at the rate of 20% each year of service in which they work at least 1,000 hours and become fully vested after five years. A participant also becomes fully vested upon reaching the normal retirement age of 65 or upon Plan termination.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants age 59½ and older and for financial hardships, as defined in the Plan document. During the plan year ended December 31, 2020, the Plan provided participants with penalty-free access to their vested balances up to \$100,000 subject to certain eligibility criteria, reflective of provisions in the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. Plan management will formally amend the Plan to reflect this change prior to the Internal Revenue Service (“IRS”) deadline of December 31, 2025.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances. The Plan Sponsor may use forfeitures to pay administrative expenses or to reduce amounts otherwise required to be contributed to the Plan or distributed for benefit payments. Forfeitures used to offset Plan Sponsor contributions totaled \$573 and \$3,550 in 2023 and 2022, respectively. Forfeitures used to offset benefit payments totaled \$5,573 in 2023.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of \$1,000 up to a maximum of 50% of their vested account balance. In addition, the total amount a participant may have outstanding as a loan during any 12-month period may not exceed \$50,000. The loans are secured by the balance in the participant’s account and bear a reasonable rate of interest. Participants may only have one loan outstanding at any time. Loans are repayable over a period of up to five years, or longer if used for the purchase of a primary residence. Notes receivable from participants in the accompanying statements of net assets available for benefits are measured at their unpaid principal balances plus accrued but unpaid interest, if any.

Income Taxes – Effective January 1, 2021, the Plan delegated authority to PPS Pension & Financial Services, Inc. (“PPS”) to adopt the PPS Nonstandardized Profit Sharing/401(k) Plan #01-002. The Plan relies on an opinion letter issued by the IRS dated June 7, 2021 as evidence that the Plan is qualified under Section 401 of the Internal Revenue Code (the “Code”). Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Joe Basil Chevrolet Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Accounting principles generally accepted in the United States of America (“U.S. GAAP”) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting in accordance with U.S. GAAP.

Valuation of Investments – The Plan’s investments in mutual funds and pooled separate accounts are stated at fair value, as determined by Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC (collectively, “Empower” or the “Trustee”) as of December 31, 2023 and 2022. Life insurance contracts are reported at cash surrender value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan’s investment in a guaranteed interest account is reported at contract value. Interest is credited on contract balances using a single-interest crediting rate applied to all contributions made regardless of the timing of the contributions. Interest-crediting rates are reviewed on a semi-annual basis for resetting.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which includes both realized gains and losses and unrealized appreciation (depreciation) in the fair value of investments. Realized gains and losses on disposition of investments are based upon actual costs and selling prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies (continued)

Benefit Payments – Benefits are recorded when paid.

Plan Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Party-in-Interest Transactions – Plan investments in mutual funds, pooled separate accounts, the guaranteed interest account, and life insurance contracts are managed by Empower and MassMutual Life Insurance Company (“MassMutual”). MassMutual is the former Recordkeeper as defined by the Plan and was acquired by Empower, the current Trustee and Recordkeeper on December 31, 2020. Following the initial transition period, Empower became the sole administrator of this business during 2021 and fully completed the recordkeeping migration during 2022. As such, transactions with Empower and MassMutual qualify as party-in-interest transactions. Fees paid collectively to Empower and MassMutual for services amounted to \$64,268 and \$68,352 for the years ended December 31, 2023 and 2022, respectively.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants’ account balances and the amount reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Setting Every Community Up for Retirement Enhancement (SECURE) Act – The SECURE Act was signed into law on December 20, 2019. The SECURE Act increases the age for required minimum distributions (RMD) from age 70½ to age 72, creates penalty-free withdrawals for birth or adoption, and modifies certain aspects of plan administration and participant disclosures. These changes are effective for plan years beginning after December 31, 2019.

On December 29, 2022, the SECURE 2.0 Act was signed into law to address additional retirement issues. SECURE 2.0 Act includes provisions to help participants increase retirement savings and simplify and clarify certain retirement plan rules. SECURE Act 2.0 increases the age for RMDs to age 73, effective January 1, 2023 and increasing it to age 75 by 2033. Plan management is currently reviewing SECURE 2.0 provisions and will amend the plan as required.

Subsequent Events – The Plan Administrator has evaluated the effects of all subsequent events, for recognition and disclosure, through October 3, 2024, the date the accompanying financial statements were available to be issued, and determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower has certified following data included in the accompanying financial statements and supplemental information as complete and accurate as of and for the years ended December 31, 2023 and 2022, respectively:

	2023	2022
Mutual funds, at fair value	\$ 9,895,758	\$ 7,847,134
Pooled separate accounts, at fair value	4,070,202	3,369,493
Guaranteed interest account, at contract value	2,482,723	2,782,364
Notes receivable from participants	190,669	169,967
	\$ 16,639,352	\$ 14,168,958

During 2023 and 2022, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the years), appreciated (depreciated) as follows:

	2023	2022
Investment income (loss)		
Interest and dividends	\$ 412,927	\$ 469,159
Net appreciation (depreciation) in fair value of investments	2,190,873	(3,294,180)
	\$ 2,603,800	\$ (2,825,021)

4. Fair Value Measurements

The framework below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets held by the Plan as of December 31, 2023 and 2022 that utilized Level 3 inputs as its primary measure of fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023	2022
Level 1		
Mutual funds	\$ 9,895,758	\$ 7,847,134
Level 2		
Pooled separate accounts	4,070,202	3,369,493
Life insurance contracts	276,618	262,305
Total Level 2 investments	4,346,820	3,631,798
Total investments in fair value hierarchy	\$ 14,242,578	\$ 11,478,932

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Shares of mutual funds are valued at quoted market prices of shares held by the Plan at year-end.

Pooled Separate Accounts – Pooled separate accounts invest in a variety of separate investments and mutual funds, and are valued daily based on the market value of the underlying assets.

Life Insurance Contracts – Life insurance contracts are valued at cash surrender value. During the year ended December 31, 2022, one life insurance policy within the Plan was surrendered and transferred into a mutual fund within the Plan. The cash surrender value of this policy at the time of transfer was \$19,428.

5. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with Empower (formerly with MassMutual until October 28, 2022). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value at December 31, 2023 and 2022. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Investment Contract with Insurance Company (continued)

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) removal of a group of participants from Plan coverage as a result of temporary absence, (b) change in position or other occurrence qualifying as a temporary break in service under the Plan, (c) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer, (d) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business, (e) removal from the Plan of one or more groups or classifications of participants, (f) partial or complete Plan termination, or (g) Plan disqualification.
