INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
CAMC Health System, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of CAMC Health System, Inc. Basic Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for the period December 31, 2023 to December 31, 2024.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the CAMC Health System Basic Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan provides retirement benefits to qualifying full-time employees and permanent part-time employees of CAMC Health System, Inc. The Plan was established effective as of January 1, 1984, and was known as the Charleston Area Medical Center, Inc. Deferred Profit-Sharing Plan. Effective January 1, 1996, the Plan was amended, restated, and renamed the CAMCARE, Inc. Basic Retirement Plan, at which time the Plan began to receive before-tax contributions and employer matching contributions for employees of Health Plus Professionals, Inc. These contributions ceased in November 1997 when all Health Plus Professionals, Inc. employees became employees of Integrated Health Care Providers, Inc. (IHCPI), an affiliate of CAMC Health System, Inc. As of January 1, 1999, the Plan was amended and restated to allow employee and employer matching contributions of Charleston Area Medical Center Health System and other affiliated entities.

Effective January 1, 2000, IHCPI was participating in the Plan. Employees who still had active retirement accounts with CAMC Health System, Inc. when they went to work for IHCPI in 1997 had their accounts reactivated. Effective January 1, 2018, IHCPI ceased operations and merged with CAMC Health System, Inc. However, this change had no impact on participant accounts, as they were already included in the Basic Retirement Plan.

All participating entities are collectively referred to as the Plan Sponsor.

The Plan was renamed the Charleston Area Medical Center Health System, Inc. Basic Retirement Plan, and was amended to adopt good faith compliance with the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) effective as of the first day of the Plan year beginning after December 31, 2001.

Effective April 1, 2006, the Plan was renamed the CAMC Health System Basic Retirement Plan and was amended and restated to adopt the Jackson Kelly PLLC Non-Standardized 401(k) Profit Sharing Plan and Trust.

Effective January 1, 2008, the Plan was restated to bring the Plan into compliance with other legislative and regulatory changes.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Effective January 1, 2016 the Plan was amended and restated to adopt the Hill Ward & Henderson Volume Submitter Profit Sharing / 401(k) Plan to bring the Plan into compliance with safe-harbor provisions.

Participants may elect to contribute their entire compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). CAMC Health System, Inc. makes a safe harbor matching contribution after the participant has been employed one year. However, the maximum amount of such matching contribution is governed by the participant's contribution to the Plan:

<u>Participant Contribution</u>	<u>Maximum Employer Matching Contribution</u>
3% or less	Dollar for dollar match
4%	3.5%
5% or more	4%

Effective June 1, 2020, the Plan was amended to temporarily suspend the safe harbor matching contribution as a response to the COVID-19 Pandemic. The safe harbor matching contribution was reinstated on January 1, 2021.

The CAMC Retirement Plan Committee (the Committee) is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Committee reports to the Board of Directors of CAMC Health System, Inc.

PARTICIPANT ACCOUNTS - An individual account has been established for each participant with the trustee into which employee contributions, employer matching contributions and investment earnings are accumulated. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan is participant-directed; therefore, the participant's investment earnings are determined by the employee's individual investment decisions.

VESTING - All participants are 100% vested in their individual account balance.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

PAYMENT OF BENEFITS - In accordance with the Plan agreement, distribution of benefits upon the retirement, death, disability, or termination of a participant, when requested, shall be made in the form of a lump-sum cash payment. In addition, hardship distributions are permitted if certain criteria are met. Effective December 1, 2016, in-service distributions may be taken upon attainment of age 59 ½.

NOTES RECEIVABLE FROM PARTICIPANTS - Participants may borrow up to 50% of their vested account balance, with a minimum loan amount of \$1,000 up to a maximum loan amount of \$50,000. The loans are secured by the balance in the participant's account. As stated by the Plan, the borrowed amount, plus interest, is to be paid back to the Plan within five years or less through payroll deductions or as direct payments from the participants. However, if the loan is used for the purchase of a primary residence, payments may be amortized over ten years. The annual interest rates for outstanding participant loans at December 31, 2023 ranged from 3.25% to 9.50% and December 31, 2022 ranged from 3.25% to 8.00%. As of December 31, 2023, the maximum maturity on loans outstanding was October 2032.

INVESTMENT OPTIONS - The Plan offers numerous investment fund options to Plan participants. Participants can choose from a variety of mutual funds and collective investment trusts offered through Fidelity Investments or select other funds through a self-directed brokerage account. Participants can also choose a fixed income investment with a guaranteed rate of return offered through Metropolitan Life Insurance Company.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

BENEFIT PAYMENTS - Benefit payments are recognized when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are stated at fair value and are recorded based on the inputs to the valuation techniques as detailed in Note 5, with the exception of the fully benefit-responsive investment contracts which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by investment providers, trustees and the insurance company. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are recorded as withdrawals based on the terms of the Plan document.

ADMINISTRATIVE EXPENSES - Certain expenses incurred in the administration of the Plan or the Trust are paid by the Plan Sponsor and excluded from these financial statements. Loan processing and administrative fees are charged directly to the participant's account and are included in administrative fees. Effective October 1, 2019, based on a calendar year, participants with balances in the Plan at the end of each quarter are charged a fixed \$57 annual recordkeeping fee, which is prorated and billed quarterly. If a participant has a balance in both the Basic Retirement Plan and the Retirement Savings Plan the fee is assessed to their account in the Basic Retirement Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Audit fees and trustee administration fees are paid by the Plan or Plan Sponsor.

OTHER INCOME - The Plan receives revenue credits through revenue-sharing programs with Fidelity. These revenue credits are reported as other income. Effective October 1, 2019, two revenue credit programs, a participant revenue credit program and a plan level revenue credit program, replaced the previous program. These credits are allocated to a revenue credit account and may be applied as payment of administrative expenses incurred by the Plan or allocated back to participant accounts.

CAMC HEALTH SYSTEM BASIC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

13

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

The participant revenue credit program is based on investments held by the Plan and credits are allocated to eligible participants based on individual investment holdings on a quarterly basis. Any remaining credits not allocated to participants are allocated to the Plan's revenue credit account. The plan level revenue credit program is based on net float earnings attributable to the Plan and credits are allocated to a revenue credit account on a quarterly basis. Credits in the revenue credit account from either program may be applied as payment of administrative expenses incurred by the Plan or allocated back to participant accounts. No credits were used to pay administrative expenses during the year ended December 31, 2023 and 2022. Unallocated revenue sharing account balances totaled \$168,155 and \$104,956 at December 31, 2023 and 2022, respectively.

CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT - The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants, based on qualifying coronavirus-related reasons, to request penalty-free distributions of up to \$100,000 and extend the period for loan repayment for up to one year. Qualifying reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The Act also waived all required minimum distributions. The Plan adopted these CARES Act options in the Plan beginning in April of 2020.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains an investment contract with The Metropolitan Life Insurance Company (MetLife) which is a benefit-responsive unallocated investment contract with a guaranteed rate of return. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Prior to October 31, 2013 this rate could not be less than three percent. Effective November 1, 2013 the Plan transferred the assets to a new contract that limited the rate to a minimum of one percent. Such interest rates are reviewed on an annual basis for resetting.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents, including complete or partial plan termination or merger with another plan; 2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan; or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act (ERISA) of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule certified by Fidelity Management Trust Company, Trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. The contract value of the guaranteed investment contract was also certified by the trustee.

NOTE 5 - FAIR VALUE MEASUREMENTS

Professional standards pertaining to fair value measurements establish a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy, based on these types of inputs, are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices in active markets for similar assets or liabilities; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following describes the valuation techniques used by Plan management to measure assets recorded at fair value on a recurring basis in the financial statements. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interest-bearing cash: Valued at cost, which approximates fair value.

Money market funds: Public investment vehicles valued using \$1 as the NAV.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CAMC HEALTH SYSTEM BASIC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

16

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Collective investment trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Fair Value at December 31, 2023

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

INVESTMENTS MEASURED USING NAV PER SHARE AS PRACTICAL EXPEDIENT

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023, and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

During 2023 and 2022, certain Plan investments were invested in mutual funds managed by Fidelity Investments. Fidelity Management Trust Company serves as the Plan trustee. Fidelity Investments Tax Exempt Services Corporation performs certain administration functions. Therefore, all investments in Fidelity Investment mutual funds have been identified as party-in-interest transactions in the accompanying schedule. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. In addition, the Plan sponsor performs various administrative functions at no cost to the Plan.

NOTE 7 - TAX STATUS

Effective January 1, 2016, the Plan was restated and is now utilizing a volume submitter plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the volume submitter plan document was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by this plan. The Plan administrator and the Plan's tax counsel believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, CAMC Health System, Inc. may terminate the Plan at any time, subject to the provisions of ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for investments in fixed income investment contracts, mutual funds, and collective investment trusts that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENT

Effective January 1, 2024 the Plan was amended and restated to account for the merger between CAMC Health System, Inc. and Mon Health, Inc. The new employer is Vandalia Health, Inc. and the Plan's name was changed to Vandalia Health System 401(k) Retirement Savings Plan. Funds were transferred into the plan on December 29, 2023. Effective January 1, 2024 the plan was amended to allow for in-plan ROTH conversions, installment distributions, and partial lump sum distributions. Effective July 1, 2024 the plan was amended to apply the automatic IRA rollover provision to all involuntary cash-out distributions (including those below \$1,000) and to change entry date provisions with respect to qualified automatic contribution arrangement safe harbor matching contributions.

In preparing these financial statements, the Plan has evaluated subsequent events and transactions for potential recognition or disclosure through October 11, 2024, the date the financial statements were available to be issued.
