INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

**MONEY PURCHASE PLAN AS ADOPTED BY
WILLIAMS STEEL ERECTION CO., INC.**

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of the Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution, Bank of America, N.A., as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Money Purchase Plan as Adopted by Williams Steel Erection Co., Inc. (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a money purchase pension plan covering all employees of Williams Steel Erection Co., Inc. (the “Company” or “Plan Sponsor”, as defined by the Plan agreement), which performs services for the Company under a public contract subject to the Davis-Bacon Act (“DBA”), or any other federal, state, or municipal prevailing wage law. The affiliated control group or affiliated service group may adopt this Plan. There are no minimum age or service requirements to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Each year contributions to the Plan result when the total compensation (exclusive of bonuses and commissions) provided to an eligible employee does not meet or exceed the prevailing wage designated by the owner of a contract which is subject to the DBA, or any other municipal prevailing wage law. When this deficiency exists the employer will contribute the difference into the participant’s account.

Participant accounts - Each participant’s account is credited with (a) the Company's contributions, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in employer contributions plus actual earnings thereon.

Forfeitures - Forfeitures of terminated participants’ non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Distributions to terminated participants whose accounts are not 100% vested, which considering the above vesting terms, can occur when a participant has incurred five consecutive one-year breaks in service and/or a deemed cash-out from the Plan has occurred. Forfeited non-vested accounts totaled \$15 and \$2,053 as of December 31, 2023 and 2022, respectively. During 2023 and 2022, \$9,683 and \$4,496 of forfeitures were used to pay Plan expenses, respectively.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move their investments from one fund to another in accordance with rules established by the Plan Administrator. The Plan Administrator may change the investment options available to participants at any time.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(2) Summary of significant accounting policies

Payment of benefits - Participants can receive retirement benefits upon termination of employment, retirement at age 65 and no longer employed by the Company, and April 1 of the year after the year in which a participant becomes age 70 ½, even if still working. Upon death, the participant's beneficiary will be paid the full value of the account in the form of an annuity. The beneficiary may also make a withdrawal in the lump-sum or installment method. The Plan allows for in-service withdrawals, which are subject to a prepayment penalty and applicable tax rates.

Plan expenses - Substantially all Plan administrative expenses are paid by either the Plan or the Plan Sponsor.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement and Disclosures*, as more fully described in Note (3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative expenses - Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(2) Summary of significant accounting policies (continued)

Recently adopted accounting pronouncements - In June 2016, the FASB issued Accounting Standards Update (“ASU”) 2016-13, *Financial Instruments – Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*, which changes the methodology for measuring credit losses on most financial instruments and the timing of when such losses are recorded. This update replaces the existing incurred loss impairment model with an expected loss model (referred to as the Current Expected Credit Loss model). The Company and Plan Sponsor adopted ASU 2016-13 and its related subsequent amendments (ASU 2018-19, ASU 2019-04, ASU 2019-05, ASU 2019-10, ASU 2019-11, and ASU 2020-02) on January 1, 2023. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were contributions receivable. The adoption of this new accounting standard did not have a material impact on the Plan’s financial statements.

(3) Fair value measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(3) Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices and are therefore classified as Level I investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

2023				
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	\$ 257,949	\$ -	\$ -	\$ 257,949
Mutual funds	2,687,632	-	-	2,687,632
Total investments at fair value	<u>\$ 2,945,581</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,945,581</u>
2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	\$ 288,558	\$ -	\$ -	\$ 288,558
Mutual funds	2,607,538	-	-	2,607,538
Total investments at fair value	<u>\$ 2,896,096</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,896,096</u>

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

The Plan holds cash in an interest bearing account outside the Trust; the cash is primarily held to fund future contributions. The balance held outside the trust at December 31, 2023 and 2022 was \$19,691 and \$48,458, respectively.

(5) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination.

(6) Tax status

The Company adopted a Prototype Basic Plan Document which obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") on November 19, 2001. The Plan as then designed was in compliance with the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or \$500,000. The Plan had sufficient bond coverage as of December 31, 2023 and 2022.

(8) Party-in-interest transactions

Bank of America, N.A. is the trustee, as defined by the Plan and therefore, those transactions qualify as party-in-interest transactions. The annual audit fees are paid in part by the Plan and qualify as a party-in-interest transaction. Fees paid by the Plan for investment management services, other services and audit fees included in administrative expenses in the accompanying statements of changes in net assets available for benefits totaled \$80,524 and \$28,546 for the years ended December 31, 2023 and 2022, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(9) Subsequent events

Management has reviewed subsequent events through October 10, 2024, the date in which the financial statements were available to be issued, and has determined that there are no subsequent event matters that require recognition or disclosure in the financial statements.
