Independent Auditor's Report

RSM US LLP

Plan Administrator
CION 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CION 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, part IV, line 4(i)—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CION 401(k) SAVINGS PLAN
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of the CION 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering certain employees of CION Investment Group, LLC, the plan sponsor (CIG, the Company or the Plan Sponsor), who have met certain age requirements. The assets of the Plan are maintained in trust and managed by Newport Trust Company, LLC, c/o Newport Group, Inc. (the Trustee or Newport). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was established effective September 1, 1986. The Plan adopted a Newport pre-approved Plan, which became effective on January 1, 2018.

Eligibility

An employee is eligible to participate in the Plan immediately following the date such employee has been hired and has attained the age of 21. Employees covered by a collective bargaining agreement, leased employees, nonresident aliens who do not receive any earned income from CIG and employees whose regularly scheduled service is less than 1,000 hours of service per computation period, as defined in the Plan document, are excluded from participation in the Plan.

Contributions and Funding Policy

Each year, participants may contribute up to 100% of pre-tax or after-tax eligible compensation, as defined in the Plan document, up to the maximum (\$22,500 in 2023) as determined by the Internal Revenue Code of 1986 (the Code). Once an employee is eligible to participate in the Plan, contribution elections can be made, which will become effective on the first day of the month. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions (\$7,500 in 2023). Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution to the Plan on an annual basis. The Company did not make discretionary matching contributions to the Plan in 2023. The Plan permits employees to designate a portion or all of their deferral contributions as after-tax Roth deferral contributions. In addition, an employee is eligible to make Roth direct rollover contributions to the Plan.

Years Ended December 31, 2023 and 2022

NOTE 1 **DESCRIPTION OF PLAN** *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's discretionary matching contributions, if any, and Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account as described below. A separate account is established for each participant at the time of his or her enrollment in the Plan. The balance in each account is invested in the investment funds offered by the Plan in accordance with instructions given by the participant. A participant may change their investment allocations as desired. Any modification will become effective as soon as administratively practicable upon receipt by the Company.

Vesting

Participants are immediately vested in 100% of their rollover contributions and voluntary pre- and after-tax contributions, and any earnings thereon. The vested interest in the participant's accounts derived from the Company's discretionary matching contributions, if any, is based on continuous service. A participant is completely vested in the Company's discretionary matching contributions and qualified non-elective contributions after three years of credited service.

Forfeitures

Participants will forfeit their non-vested portion of the Company's discretionary matching contributions and earnings (losses) thereon after termination of employment as follows: in the year a participant receives a distribution of their entire vested account balance, or five years after their termination date. Forfeitures are retained in the Plan and are first used to pay administrative expenses. Any remaining amounts are used to reduce future Company discretionary matching contributions payable under the Plan. At December 31, 2023 and 2022, there were no forfeited non-vested accounts.

Years Ended December 31, 2023 and 2022

NOTE 1 **DESCRIPTION OF PLAN** *(continued)*

Notes Receivable from Participants

Participants may apply for a secured loan provided that the request does not exceed the lesser of \$50,000, or 50% of their vested account balance. The minimum loan amount is \$1,000, and only two loans may be outstanding at once. All loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor and must be repaid within five years unless used by the participant to purchase a principal residence (for which the repayment period is 10 years). The participant's vested account balance serves as collateral for the loan. Principal and interest are paid through payroll deductions. Interest paid by the participant is credited to their account. The interest rate was 4.25% for the years ended December 31, 2023 and 2022. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. The loan is delinquent if payment is not made by the end of the period specified in the loan agreement or an outstanding principal balance exists on a loan after the last scheduled repayment date.

Payment of Benefits

Upon termination of service because of death or disability, participants are entitled to the full amount of their account as valued at the date of distribution. In the event of a participant's death, distributions will be made as soon as administratively practicable upon the receipt of appropriate documentation from the designated beneficiary.

After attaining 59-1/2 years of age, participants may withdraw any portion or all of their vested account balance. Prior to attaining age 59-1/2, employed participants may not withdraw any amount from their pre- or after-tax account unless they can establish that a financial hardship exists, as defined in the Plan document, and then participants may request a distribution of their voluntary contributions. Participants may elect to defer distributions until a later date, but not later than April 1 in the following calendar year in which the participant attains the age of 70-1/2, at which point the participant will receive a mandatory distribution. Participants who attain the age of 70-1/2 after 2019 will not commence required minimum distributions until the age of 72 as a result of the passage of the SECURE Act.

Notes to Financial Statements
Years Ended December 31, 2023 and 2022

NOTE 1 **DESCRIPTION OF PLAN** *(continued)*

Upon termination of employment, a participant may receive a distribution of the vested account balance. If the account balance is less than \$1,000, the value of the distribution will be a lump-sum payment. If the account balance is greater than \$1,000, the participant may elect to receive a lump-sum distribution or installment distributions.

Plan Termination

Although the Plan Sponsor has not expressed any such intent, it has the right to discontinue contributions at any time and to terminate the Plan for any reason at any time, subject to the provisions of ERISA. In the event of termination, all participants will become 100% vested in the Company's discretionary matching contribution, if any.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The accompanying financial statements have been prepared in conformity with the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP (generally accepted accounting principles) requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates. The Plan Sponsor believes that the estimates utilized in preparing the Plan's financial statements are reasonable and prudent.

Investment Valuation and Income Recognition

The Plan accounts for its financial instruments at fair value or considers fair value in their measurement under Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, issued by the Financial Accounting Standards Board (FASB). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for a discussion of fair value measurements.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Purchases and sales of investments are recorded on a trade-date basis.

Interest income is accounted for on an accrual basis. Dividends are recorded on the ex-dividend date basis. Capital gain distributions are included in dividend income.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Contributions from Participants

Participant contributions are recorded in the period in which the participants' related wages are earned.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

NOTE 3 FAIR VALUE MEASUREMENTS *(continued)*

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below categorize the Plan's investments, by level within the fair value hierarchy, as of December 31, 2023 and 2022.

NOTE 4 TAX STATUS

The Plan has adopted a pre-approved Plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated November 30, 2020, stating that the form of the pre-approved Plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the pre-approved Plan document; however, the Plan Sponsor believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor (DOL) or the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Newport as of December 31, 2023 and 2022:

NOTE 5 **INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE** *(continued)*

The following information represents certified income for the year ended December 31, 2023:

Interest and dividend income from investments	\$ 325,283
Net appreciation in fair value of investments	<u>1,865,227</u>
Net investment income	\$ <u>2,190,510</u>
 Interest income from notes receivable from participants	 <u>\$ 4,735</u>

NOTE 6 **RISKS AND UNCERTAINTIES**

During the normal course of business, all of the Plan's assets are transacted with and held by the Trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on its behalf. The Company has not experienced and does not expect any losses from this arrangement.

The Plan invests in various investment options that are exposed to risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 **EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

The Plan's assets are held and valued by the Trustee, which is considered a party-in-interest as a provider of administrative, investment, management, and accounting services to the Plan. The Plan also holds notes receivable from participants that qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.
