Trustees and Management
M3 Engineering & Technology 401(k) Profit Sharing Plan
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of M3 Engineering & Technology 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of M3 Engineering & Technology 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of M3 Engineering & Technology 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about M3 Engineering & Technology 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of M3 Engineering & Technology 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about M3 Engineering & Technology 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

M3 Engineering & Technology 401(k) Profit Sharing Plan

Notes to Financial Statements

Year Ended December 31, 2023

1. Description of plan:

The following description of the M3 Engineering & Technology 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan Sponsor is M3 Engineering & Technology Corp. (Sponsor).

The Plan was established in January 1989 and is a profit sharing plan with 401(k) provisions consisting of a pretax and after-tax salary reduction arrangement and a cash or deferred arrangement. Employees who are at least 21 years of age are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer a percentage of their pretax and/or after-tax compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). Participants may also elect to make catch-up contributions to the Plan. The Plan also permits eligible participants to make qualified rollover contributions from other retirement plans.

Employer contributions:

All employer contributions are completely at the employer's discretion. Although there is no formula for matching contributions under the 401(k) provisions or for discretionary profit sharing contributions, the employer may make contributions of each to the Plan.

The Plan contains provisions for a contingent safe harbor contribution. If elected, the safe harbor contribution is a minimum of 3% of eligible compensation and participants are immediately 100% vested in the contribution. The safe harbor contribution election was ultimately not made for 2023.

Vesting:

Participants are immediately vested in their elective deferral contributions, safe harbor contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of the participant's account plus actual earnings thereon is based on years of service. Participants vest at 20% annually beginning with the completion of their second year and are fully vested after six years of credited service or upon retirement at age 65, death, or disability. The Plan defines a year of credited service to be a plan year (January 1 through December 31) with at least 1,000 hours of service.

1. Description of plan (continued):

Investment options:

Upon enrollment in the Plan, a participant may direct their elective contributions and rollover contributions in any increments into any of several investment options. Participants may change their investment options at any time. Employer contributions are invested in securities selected and monitored by the trustees. However, when a participant becomes 100% vested in the employer contributions, the participant can redirect that portion of their account to other investments within the platform at their discretion.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral, rollover contributions, actual earnings thereon, allocations of the employer's contributions and plan earnings. Participant accounts are also charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits:

On termination of service due to death, disability, retirement, or election at age 59½, a participant whose vested balance exceeds \$5,000 (excluding rollovers) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period not to exceed the joint life expectancy of the participant and their beneficiary, or a combination of lump-sum and installments as defined previously. A participant whose vested balance is less than \$5,000 will receive the value of the vested interest in his or her account as a lump-sum distribution. Mandatory distributions under the Plan for account balances of \$1,000 or less do not require consent.

Participant loans:

The Plan allows for participants to obtain loans from the Plan. Loans cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less). The loan must be repaid within five years unless the proceeds are used for purchase of a principal residence, in which case the loan may be repaid over a longer period. All loans will provide for the repayment of interest at a rate comparable to rates available at commercial lending institutions. Principal and interest may be paid through bi-weekly payroll deductions. The participant's individual account serves as collateral for the loan and, in the event of default, the participant's account will be reduced by the amount in default or the collateralized amount, whichever is less. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statements of net assets available for benefits as notes receivable from participants.

1. Description of plan (continued):

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw the vested portion of his/her account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses, for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC), to repair damage to a principal residence that would qualify for a casualty loss deduction or for expenses and losses incurred on account of a federally declared disaster.

Forfeitures:

Under Plan provisions, forfeitures occur as of the earlier of the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service or the entire vested portion of the participant's account is distributed. The Plan allocates participant forfeitures as if the forfeitures were employer contributions. To the extent attributable to matching contributions, the Plan treats a forfeiture as a reduction of the employer's matching contribution for the plan year in which the forfeiture occurs. Forfeitures unrelated to matching contributions are added to and allocated in the same manner as discretionary employer profit sharing contributions, in the year forfeited.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Year Ended December 31, 2023

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2023 through September 12, 2024, the date that the financial statements were available to be issued. Management has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a non-standardized pre-approved profit sharing plan as published by ACH Retirement Plan Consultants, Inc. who obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2023, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	<u>\$ 61,350,863</u>	<u>\$ 61,350,863</u>	<u>\$ -</u>	<u>\$ -</u>

At December 31, 2022, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	<u>\$ 52,064,824</u>	<u>\$ 52,064,824</u>	<u>\$ -</u>	<u>\$ -</u>

M3 Engineering & Technology 401(k) Profit Sharing Plan

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022 and net appreciation in fair value of investments, interest, dividends and other income for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital Bank and Trust Company.

6. Related party and party in interest transactions:

Plan investments are held by American Funds and Capital Bank and Trust Company. Empower Retirement, LLC provides recordkeeping services. The Plan paid certain expenses to these and other service providers during 2023 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however no employee receives compensation from the Plan.

The Plan provides for an expense account funded by American Funds, who will contribute 15 basis points (0.15%) of average plan assets invested in the Plan. The account is funded quarterly and can be used to offset administrative expenses of the Plan. Any amounts funded for the Plan year in excess of expenses will be used in the following plan year. The account balance at December 31, 2023 was \$35,552. The Plan utilized approximately \$188,000 of these funds for investment advisory services, third-party administration and audit fees in 2023.

Notes to Financial Statements (continued)

Year Ended December 31, 2023

7. Plan termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent events:

The Plan was amended effective January 1, 2024 to include an automatic deferral feature. Participants will be automatically enrolled at a deferral rate of 4% of their eligible pretax income once the eligibility requirement has been satisfied. Participants also have the option to withdraw their funds within 90 days of the first automatic deferral without incurring a premature distribution penalty, if they elect not to defer.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
