Independent Auditors' Report

**To the Plan Administrator
HWC Engineering Savings and Retirement Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of HWC Engineering Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2023, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 11, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

HWC ENGINEERING SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the HWC Engineering Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Participating Employers

Hannum, Wagle & Cline, Inc.
HWC Water & Land Resources LLC

General

The Plan is a defined contribution plan sponsored by Hannum, Waggle, & Cline Engineering, Inc. (the "Company"), for the benefit of its employees who have reached the age of 21 and completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective January 4, 2022, the Plan was restated in its entirety to incorporate recent law changes in accordance with the IRS Cycle Restatement period.

Effective June 5, 2023, the Plan was amended to adopt HWC Water & Land Resources LLC as a participating employer in the Plan.

All relevant Plan provisions related to these amendments are reflected in the following footnotes.

Entrance Date

An employee is eligible to enter the Plan on the first day of each month, immediately following completion of eligibility requirements.

Contributions

Each year, participants may contribute amounts up to 100% of annual compensation, as defined by the Plan. Upon satisfying eligibility requirements, participants are automatically enrolled at 6% unless electing otherwise. This escalates automatically at 1% every year until reaching 10% unless electing otherwise. Participants may also contribute rollover amounts from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Company contributions consist of a matching contribution and a discretionary profit sharing contribution. The matching contributions for the year ended December 31, 2023 were equal to 20% participant deferrals. Any profit sharing contribution is at the discretion of the Company's Board of Directors. No such profit sharing contributions were made for the year ended December 31, 2023.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeited balances from terminated participants' accounts are used to first reduce Plan expenses and, if amounts remain, can be used to reduce employer contributions. For 2023, \$20,874 of forfeitures were used to reduce employer contributions to the Plan. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$184 and \$2,866, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based upon participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. Interest is charged at a rate commensurate with prevailing market rates as determined by the Plan administrator. Any loans shall reduce the participant's balance in the individual's account and will be restored as the principal balance when such loan is repaid. All interest paid by the participant shall be credited to his own individual account. Loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Companies' contributions is based on years of service. A participant is 100% vested after three years of credited service.

Benefit Payments

Upon termination of service, normal retirement date, disability or age 59 1/2, whichever occurs first, a participant may elect to receive vested benefits in a single lump sum. Withdrawals other than for termination, such as a hardship, are permitted under certain circumstances provided by the Plan. Benefit payments are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting. Therefore, with the exception of appreciation or depreciation in the fair value of investments, income and expense items are recognized only as cash is received or paid, and receivables, payables and accrued expenses are not reflected. One exception is for Company contributions applicable to each year that are generally not received until the subsequent Plan year. These contributions are included in the additions for the year in which they apply.

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Valuation of Investments

Quoted market prices are used to value Plan investments. Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HWC ENGINEERING SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Management Evaluation of Subsequent Events

The Company has evaluated subsequent events through October 11, 2024, the date on which the financial statements were available to be issued.

NOTE 3 - PARTICIPANT-DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

HWC ENGINEERING SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (CONTINUED)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - TAX STATUS

The Plan has adopted a non-standardized prototype plan and received an opinion letter dated June 30, 2020, stating the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code. HWC Engineering Savings and Retirement Plan has not requested a separate opinion letter. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits - modified cash basis.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and cash reserves managed by Fidelity. Fidelity is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 7 - ADMINISTRATIVE EXPENSES

Significant administrative expenses are paid by the Company.

NOTE 8 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HWC ENGINEERING SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 compared to December 31, 2022. The Plan's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2, or 3 assets or liabilities during the year ended December 31, 2023.

Money market funds: Valued at the daily closing price reported by the underlying fund, which is traded on a national exchange.

Registered investment companies: Valued at the daily closing price reported by the underlying fund, which is traded on a national exchange.

Common / collective trust: Valued at fair value, using the practical expedient as provided by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820. The practical expedient would not be used if it is determined to be probable that funds will sell the investment for an amount different from the reported NAV. The Plan's investments in common and collective trusts, which invest in fixed income securities, guaranteed investment contracts, and a money market fund, calculate NAV per unit. Investments in common and collective trusts are market to market, priced daily, have no unfunded commitments, and no redemption notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Total</u>
Registered investment companies	<u>\$ 15,209,521</u>	<u>\$ 15,209,521</u>

Investments measured at NAV: Common / collective trust *		<u>657,668</u>

* Certain investments that are measured at fair value using the net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the net assets available for benefits.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
