INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of
HMF 401(k) Plan
Newport Beach, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of HMF 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HMF 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. Description of Plan

HMF 401(k) Plan (the “Plan”) is a defined contribution plan sponsored by Hixson Metal Finishing (the “Company”). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees, as defined in the Plan, who have been employed by Hixson Metal Finishing (the “Company” and the “Plan Sponsor”), or participating employers who have adopted the Plan, for at least three months and have attained 18 years of age. The Plan was established effective February 1, 2012 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is being administered by a committee that is appointed by management.

Contributions

Participants may contribute a portion of their pretax earnings and Roth deferrals up to the maximum allowed by law. The Plan includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of 3% unless the employee declines. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

For the year ended December 31, 2023, the Company elected to make a discretionary matching contribution of \$85,467, net of forfeitures of \$10,701, which is equal to 50% of each participant’s contributions that did not exceed 4% of participant’s compensation. As of December 31, 2023, the matching contribution of \$4,050 was receivable to the Plan, of which \$1,935 was deposited into the Plan in January 2024 and true up matching contributions of \$2,115 will be deposited into the Plan during the year ended December 31, 2024. The Plan also provides for an additional discretionary Company contribution of which none were made for the year ended December 31, 2023.

Participants direct the investment of all contributions into various investment options offered by the Plan and contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contributions, an allocation of the Company’s additional discretionary contributions, if any, Plan earnings, and an allocation of forfeitures of terminated participants’ non-vested accounts, if any. Plan expenses are allocated to each participant’s account either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The Company may, however, at its discretion reimburse the Plan for such administrative expenses. Allocations are based on participant earnings, account balances, and specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023

1. Description of Plan, continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000 reduced by the excess (if any) of the highest outstanding notes receivable balance during the last 12 months over the outstanding balance of notes receivable on the date the note receivable is made. Note receivable terms range from one to five years, or a reasonable period of time longer than five years but not to exceed fifteen years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan's administrator based on prevailing interest rates charged by other lenders for similar types of loans. Interest on notes receivable from participants was charged at rates ranging from 6.25% to 7.25% as of December 31, 2023. Principal and interest are paid ratably through bi-weekly payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions over a six-year period, as defined in the Plan. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant may elect to receive a lump-sum distribution, transfer the vested balance to a qualified plan, or leave the vested balance in the Plan. A participant becomes fully vested in their accrued benefits on termination of service due to death or disability.

Hardship Withdrawals

A participant may be permitted to withdraw a portion of their account balance, limited to certain restrictions described in the Plan's provisions for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Forfeited Accounts

Forfeitures of Company contributions may be used to pay Plan administrative expenses or reduce future Company contributions. During the year ended December 31, 2023, forfeitures totaling \$10,701 were allocated to participants that were eligible to receive discretionary matching contributions during 2023. As of December 31, 2023 and 2022, there were no forfeitures available for future use.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

HMF 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments, as certified by American United Life Insurance Company (the "Custodian" or "AUL"), are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded as reported by the Custodian. Dividends and interest income are reinvested. Net appreciation and depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and the fair value at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan's administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute excess contributions before December 31, 2024.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan advisory fees, annual participant fees, and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation or depreciation in fair value of investments.

3. Information Prepared and Certified by Custodian

The Plan's assets are held by the Custodian pursuant to the Trust Agreement which provides that all funds received by the Custodian shall be held, administered, invested and distributed by the Custodian, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from data that has been supplied to the Plan's administrator and certified as complete and accurate by the Custodian as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

	2023	2022
Investments:		
Pooled separate accounts – Mutual funds	\$ 3,187,372	\$ 2,452,012
Benefit-responsive investment contract	\$ 71,192	\$ 98,450
Net realized and unrealized appreciation in fair value of investments	\$ 425,486	

4. Fully Benefit-Responsive Investment Contract

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with AUL totaling \$71,192 and \$98,450 for the years ended December 31, 2023 and 2022, respectively. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with AUL. Such interest rates are reset on an annual basis.

The AUL Stable Value Account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with AUL. The Plan's administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with AUL and that would also limit the Plan's ability to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include: (1) rejections of a modification to the contract, (2) issuer ceases issuing new contracts of this type and intends to terminate substantially all contracts similar in nature, (3) the Plan does not meet a minimum investment threshold as defined in the contract, (4) the Plan is operated in a manner that the issuer determines would disqualify the Plan, or (5) the Plan Sponsor files for bankruptcy, is deemed insolvent, or otherwise ceases operations.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Investments in pooled separate accounts are valued at the net asset value ("NAV") of units held in a pooled separate account. The NAV is based on the fair value of the underlying investments held by the Custodian less its liabilities. The Plan has concluded that the NAVs as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the Custodian approximates the fair value of the investments.

The following table sets forth the underlying investments in the Plan as of December 31:

	2023	2022
Investments measured at net asset value (a):		
Pooled separate accounts	\$ 3,187,372	\$ 2,452,012

(a) Investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

6. Tax Status of the Plan

The Plan has adopted a volume submitter plan prepared by the Custodian. This volume submitter plan has obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2023 and 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest Transactions

The Plan has investments in participation units held in pooled separate accounts and a benefit-responsive investment contract managed through sub-accounts of the Custodian. Therefore, these investments and transactions qualify as party-in-interest transactions. The fair value of investments managed by the Custodian and its affiliate amounted to \$3,258,564 and \$2,550,462 as of December 31, 2023 and 2022, respectively.

Fees charged to the Plan by the Custodian for administrative services and an advisory firm for investment advisory services amounted to \$1,249 for the year ended December 31, 2023.

8. Risks and Uncertainties

The Plan invests in a number of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their accounts.

10. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, the date which the financial statements were available to be issued. Management has concluded that there were no subsequent events noted that would require adjustment to or disclosure in these financial statements.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
