To the Board of Trustees of
Cornell University:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Cornell University Retirement Plan for the Employees of the Endowed Colleges at Ithaca (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

CORNELL UNIVERSITY RETIREMENT PLAN FOR THE EMPLOYEES OF THE ENDOWED COLLEGES AT ITHACA

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Cornell University Retirement Plan for the Employees of the Endowed Colleges at Ithaca (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide retirement income to endowed employees during their retirement. Endowed employees are those participants who are employed by the privately endowed part of the University. The Plan is a combination Annuity Plan Code 403(b)(1) and Custodial Account Plan Code 403(b)(7). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan assets are held by Teachers Insurance and Annuity Association (TIAA), College Retirement Equities Fund (CREF), Fidelity Management Trust Company (Fidelity), TIAA, FSB (as of and for the year ended December 31, 2022 and through July 2023) and TIAA Trust, N.A. (from July 2023 through December 31, 2023). TIAA and CREF and Fidelity maintain separate records with respect to employer contributions including any earnings (losses) thereon credited to a participant's account.

Administration of the Plan

The Plan is administered by Cornell University (the "University"). TIAA and CREF, TIAA Trust, N.A., TIAA, FSB, and Fidelity are the approved custodians of the Plan, which invest assets according to participants' elections and Plan provisions. TIAA and CREF and Fidelity recordkeep the participants' accounts.

Eligibility

All endowed employees of the University are eligible to participate in the Plan with the exception of employees who do not meet certain eligibility criteria set forth in the Plan document.

Contributions

Funding for the Plan is through contributions by the University on behalf of eligible participants. The University pays the full cost of the retirement benefits provided from the Plan by contributing a percentage of the eligible employee's eligible compensation. Eligible compensation is limited to \$330,000 and \$305,000 for 2023 and 2022, respectively.

For the plan years ended December 31, 2023 and 2022, the University's discretionary nonelective contributions were set at 10% of each eligible employee's eligible compensation. The University may change this percentage at any time, in its sole discretion.

These contributions are currently deposited with TIAA and CREF and/or Fidelity on a per pay period basis for each eligible participant. Contributions by employees to the Plan are neither required nor permitted.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the University's contribution. Income for the period, including unrealized appreciation or depreciation in the fair value of investments, shall be allocated based on the ratio of the participant's account balance to the total account balances of all participants in the same investment. The participant is then credited or charged with the percentage of earnings or losses. In addition, the participant account is charged for the cost of administrative expenses that are directly attributable to each account or as determined by the Plan Administrator.

Vesting

A participant is 100% vested at all times in all accounts.

Payment of Benefits

On termination of service due to retirement, disability, or death, participants or beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum payment, by purchase of an annuity contract, or in annual installments over a fixed reasonable period of time not exceeding the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and their designated beneficiary. Under the Retirement Annuity (RA) contracts, participants are not allowed to make lump-sum cash withdrawals from the TIAA Traditional Annuity and Transfer Payout Annuities must be spread out in ten (10) annual installments.

Investment Options

Participants are afforded several investment options with either TIAA and CREF or Fidelity, covering a wide range of investment objectives and risk. Participants may allocate the University contributions they are entitled to across these options in any proportion they wish, and can change their allocations at any time. Transfers of account balances between elected investment options may also be made at any time. Each participant selects the investment funds into which these contributions are deposited. If a participant fails to submit an electronic investment vendor allocation election to Benefit Services (using the Workday system), then contributions made on their behalf will automatically be deposited 50% into a TIAA-CREF lifecycle fund and 50% into a Fidelity Freedom lifecycle fund with target date intended to match the year in which the participant will reach age 65, determined using the participant's date of birth.

Currently, TIAA and CREF and Fidelity offer more than 150 investment funds for investment of these contributions, and a brokerage window for other mutual funds. The Plan has a four-tier structure of funds. Lifecycle and Core funds are actively monitored by the Plan's Retirement Plan Oversight Committee (RPOC). Non-core and self-directed brokerage accounts are additional choices not monitored by RPOC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Standard

On January 1, 2023, the Plan adopted ASU 2016-13 *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, as amended, which replaced the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. The measurement of expected credit losses under the CECL methodology is applicable to financial assets measured at amortized cost, including contributions receivable. The Plan adopted ASC 326 using the modified retrospective approach.

Allowance for Credit Losses

The Plan records a receivable for employer contributions remitted to the Plan subsequent to the Plan's year-end. The Plan considers an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. The Plan has not experienced any historical credit losses relative to contributions receivable, current and future economic conditions are not expected to change relative to historical financial information and the full amount outstanding at December 31, 2023 was received subsequent to year-end, therefore management has determined that no allowance for credit losses is necessary as of December 31, 2023.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's RPOC determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Servicing Credits

Plan servicing credits represent returns of administrative and recordkeeping fees charged to participant accounts by TIAA and CREF and Fidelity. Plan servicing credits were partially used to pay certain vendor expenses in 2023. Plan servicing credits in excess of vendor expenses were allocated on a pro rata basis to participant accounts in 2023, based on participant account balances at the time of allocation. Plan servicing credits were used to pay vendor expenses in 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses of maintaining the Plan are paid by the University, with the exception of administrative expenses identified in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. SUMMARY OF CERTIFIED INFORMATION

4. FAIR VALUE OF MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Accounting Standards Codification Section 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Unit value calculated based on the net asset value (NAV) of the underlying pool of securities. Pooled separate accounts are recorded at fair value with prices readily determinable and observable at NASDAQ daily. The pooled separate accounts held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds that are valued at the daily closing price as reported by the fund.

Guaranteed interest account and guaranteed investment contracts with insurance companies – non-benefit responsive: Value is calculated based on discounted cash flows using risk-adjusted discount rates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE OF MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets, measured at fair value on a recurring basis, as of December 31, 2023 and 2022:

Total assets at fair value	<u>\$1,876,677,406</u>	<u>\$ -</u>	<u>\$ 568,988,769</u>	<u>\$2,445,666,175</u>

During the years ended December 31, 2023 and 2022, investments classified as Level 3 within the fair value hierarchy totaling \$7,751,396 and \$5,770,200, respectively, were purchased and investments totaling \$40,458,046 and \$32,605,857, respectively, were sold.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, and the significant unobservable inputs and the ranges of values for those inputs:

<u>Instrument</u>	<u>Fair Value as of December 31, 2023</u>	<u>Principal Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
Non-benefit responsive Guaranteed Investment Contracts (TIAA Traditional Non-benefit Responsive Annuity)	\$ 560,540,146	Discounted cash flow Theoretical transfer price (exit value)	Risk-adjusted discount rate applied *	RA – 4.00%-6.75%
Guaranteed Interest Account (New York Life GIA)	\$ 2,585,757	Discounted cash flow	Risk-adjusted discount rate applied *	RA – 2.35%-2.80%

4. FAIR VALUE OF MEASUREMENTS (Continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements (Continued)

<u>Instrument</u>	Fair Value as of December 31, <u>2022</u>	Principal Valuation <u>Technique</u>	Significant Unobservable <u>Inputs</u>	Range of Significant <u>Input Values</u>
Non-benefit responsive Guaranteed Investment Contracts (TIAA Traditional Non-benefit Responsive Annuity)	\$ 565,566,724	Discounted cash flow Theoretical transfer price (exit value)	Risk-adjusted discount rate applied *	RA – 3.70%-6.25%
Guaranteed Interest Account (New York Life GIA)	\$ 3,422,045	Discounted cash flow	Risk-adjusted discount rate applied *	RA – 2.29%-2.40%

* Unobservable inputs include discount rate applied.

The Plan participates in non-benefit responsive guaranteed investment contracts through the TIAA Traditional Annuity Account, held by TIAA. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan. As described in Note 1, RA contracts may only be withdrawn over ten (10) annual installments.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2023 and 2022.

6. PLAN TERMINATION

While it is expected that the Plan will continue indefinitely, the University has the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their account balances.

7. PARTY-IN-INTEREST TRANSACTIONS

All of the Plan's investments are managed by the custodians (TIAA and CREF, TIAA Trust, N.A., TIAA, FSB, and Fidelity), including permitted party-in-interest funds.

8. TAX STATUS

The Plan is exempt from federal and state income tax under section 403(b) of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain the tax exemption for Plan participants. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 4, 2024, which is the date the financial statements were available to be issued.
