INDEPENDENT AUDITOR'S REPORT

Plan Administration of the
Valley Pacific Petroleum Services, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Valley Pacific Petroleum Services, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valley Pacific Petroleum Services, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Plan Administration of the
Valley Pacific Petroleum Services, Inc. 401(K) Plan

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Pacific Petroleum Services, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Pacific Petroleum Services, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,

Plan Administration of the
Valley Pacific Petroleum Services, Inc. 401(K) Plan

forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Pacific Petroleum Services, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Pacific Petroleum Services, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's

Plan Administration of the
Valley Pacific Petroleum Services, Inc. 401(K) Plan

Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALLEY PACIFIC PETROLEUM SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1 – Description of Plan

The following description of the Valley Pacific Petroleum Services, Inc. 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Valley Pacific Petroleum Services, Inc. (the “Company”) who have one month of service and are age eighteen or older. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Board of Directors is responsible for the oversight of the Plan.

B. Contributions

Each year, participants may contribute an amount from 1% up to 75% of their compensation, not to exceed the maximum allowed under the provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts distributed from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Valley Pacific Petroleum Services, Inc. 401(K) Plan is referred to as a “safe harbor 401(k) plan”. The Company makes a safe harbor matching contribution equal to 100% of the participant’s salary deferrals that do not exceed 4% of participant’s compensation. This safe harbor matching contribution is fully vested and is referred to as an Enhanced Matching Contribution. For purposes of calculating the safe harbor matching contribution, participant’s deferrals are determined on a payroll period basis and a true-up may be calculated at year end. In addition, the Company may decide to make a profit-sharing contribution. The profit-sharing contribution is discretionary, with the amount to be determined by the Company each year. Any profit-sharing contribution will be “allocated” among participants eligible to share in the contribution and is determined by a percentage of the participant’s compensation to total compensation of all eligible participants. There was no profit-sharing contribution for the year ending December 31, 2023. From time to time, the Company may decide to make a Qualified Non-Elective Contribution (QNEC) in order to help pass various nondiscrimination tests

VALLEY PACIFIC PETROLEUM SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1 – Description of Plan (Continued)

for the 401(k) portion of the Plan. If the Company chooses to make this contribution, it will be allocated in the proportion that participant's compensation bears to the total compensation of all eligible participants (excluding highly compensated employees). The investment of employer contributions is self-directed by each plan participant.

C. Participation

Each employee shall be eligible to participate as of the first Plan entry date after they have one month of service and are not in a collective bargaining unit unless the bargaining agreement provides for coverage. Plan entry dates are the first day of each month.

D. Participant Accounts

Individual accounts are maintained for each Plan participant. An account is composed of the value of the employer contributions, the participant (employee) salary deferral contributions and the value of the employee rollover contributions, if any. The participant is entitled to all their account balances.

E. Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, Company profit sharing contributions and any QNEC contributions, plus actual earnings thereon.

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with the interest rates charged by persons in the business of lending money for loans under similar circumstances. The plan administrator will determine a reasonable rate of interest by reviewing the interest rates charged by a sample of third-party lenders in the same geographical region as the employer. A separate written loan policy or written modifications to this loan policy may prescribe an alternative means of establishing a reasonable interest rate. Principal and interest is paid ratably through monthly payroll deductions.

G. Payment of Benefits

If participant's vested benefit in the Plan (excluding amounts attributable to rollovers) is \$5,000 or less, then participant's benefit must be distributed in a single lump-sum

payment. If participant's vested benefit in the Plan (excluding amounts attributable to rollovers) exceeds \$5,000, then the participant must consent to the distribution before it may be made. Participant may elect to receive a distribution as a single lump-sum payment of the entire account balance or monthly, quarterly, semi-annual, or annual installments over a period of not more than the participant's assumed life expectancy. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or election to rollover the lump sum to another qualified plan or IRA. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

If the participant has attained age 59½, the participant may elect to withdraw, from their account, an amount equal to any whole percentage (not exceeding 100%). In addition, Plan participants may request a withdrawal for serious financial hardships as defined in the Plan document.

Note 2 – Summary of Significant Accounting Policies

A. Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2 – Summary of Significant Accounting Policies (Concluded)

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as recordkeeping fees and are expensed when they are incurred. Notes receivable from participants are considered delinquent on the first business day following the expiration of the due date, exclusive of any grace periods, for any required loan repayment installment that is not paid in full. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

E. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

F. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include a percentage of the Plan's total assets each month (investment advisory and investment management fees), and fees related to notes receivable from participants and distributions to participants (recordkeeping fees).

G. Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through October 8, 2024, the date which the financial statements were available to be issued.

Note 3 – Information Certified by Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

VALLEY PACIFIC PETROLEUM SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 3 – Information Certified by Trustee (Concluded)

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate.

	2023	2022
Investments, at fair value	\$ 33,602,613	\$ 27,648,083
Notes receivable from participants	747,121	640,824
	<u>\$ 34,349,734</u>	<u>\$ 28,288,907</u>

The trustee also certified to the completeness and accuracy of \$1,012,332 of dividend income, \$50,359 of interest income on notes receivable from participants and interest-bearing cash, and \$3,653,878 of net appreciation in the fair value of registered investment companies (including gains and losses on investments bought and sold) for the year ended December 31, 2023.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VALLEY PACIFIC PETROLEUM SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 4 – Fair Value Measurements (Concluded)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,602,613	\$ -	\$ -	\$ 33,602,613
Total assets at fair value	\$ 33,602,613	\$ -	\$ -	\$ 33,602,613

Assets at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,648,083	\$ -	\$ -	\$ 27,648,083
Total assets at fair value	\$ 27,648,083	\$ -	\$ -	\$ 27,648,083

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Reliance Trust Company, the Plan's trustee and Automatic Data Processing, Inc., the Plan's third-party administrator, are parties-in-interest according to Section 3(14) of ERISA. There are no transactions occurring between the Plan and these parties other than those specifically allowed such fees incurred by the Plan for the investment management services by Reliance Trust Company and Automatic Data Processing, Inc.

VALLEY PACIFIC PETROLEUM SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 7 – Income Tax Status

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits of any tax periods in process.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 9 – Plan Amendment

The Plan had an amendment that went into effect on July 1, 2023, to include Roth elective deferrals and In-plan Roth rollovers as permitted contributions. Additional details can be found in the Adoption agreement.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
