INDEPENDENT AUDITORS' REPORT

To the Management of
Surety Title Corporation 401(k) Retirement Plan
11 Eves Drive, Suite 150
Marlton, New Jersey 08053

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Surety Title Corporation 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Surety Title Corporation 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

REPLY TO CHERRY HILL

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Surety Title Corporation 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Surety Title Corporation 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Surety Title Corporation 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Surety Title Corporation 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SURETY TITLE CORPORATION 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

1. **Description of Plan**

The following description of the Surety Title Corporation ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering all full-time employees who have one year of service, have been credited with at least 1,000 hours of service, and are age twenty-one or older. Upon satisfying these requirements, the employee becomes eligible to participate in the Plan on the first day of the following quarter. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of annual eligible compensation not to exceed \$22,500 in 2023, as defined in the Plan. Participants have the option to contribute through pretax 401(k) contributions, Roth 401(k) contributions or a combination of the two. For 2023, participants who are projected to be age 50 or older by the end of the calendar year may also make a catch-up contribution of up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers fifty four mutual funds and one money market account as investment options for participants. The company may contribute a matching contribution to the plan. The amount of the matching contribution, if any, will be determined each year by the employer. The Company made matching contributions of \$160,330 and \$188,610 for 2023 and 2022, respectively. The Company may also contribute a profit-sharing contribution each year. The Company did not make a profit-sharing contribution for 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and allocations of (a) the Company's profit-sharing contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

YEARS ENDED DECEMBER 31, 2023 AND 2022

1. **Description of Plan** (continued)

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of the participant's other loans during the last year, over the current outstanding balance of loans or 50% of the vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms may not exceed five years or, in the case of the purchase of a residence, the duration will be determined at the time of the loan. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate is equivalent to the prime rate, as published by the Wall Street Journal, on the 14th day of each month, plus one percent. The interest rate will be fixed at the rate in effect in the month of origination for the duration of the loan except as otherwise required by law. Principal and interest is paid ratably through payroll deductions or alternative methods. To the extent that participants leave the Company and default on their loans, the Company is required to process the outstanding loan balances as distributions from the Plan. Deemed Distributed Loans (including earnings) totaling \$11,360 were reported as distributions for year ended December 31, 2023.

Payment of Benefits

On termination of service due to death, disability, retirement, or for any other reason, a participant or beneficiary may request to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in the form of an annuity over a specified period of time, not to exceed the lifetime of the participant and payable to the participant, the designated beneficiary or a rollover into another qualified retirement plan.

A participant may elect to receive an in-service distribution from his or her deferral contribution account without terminating employment upon attainment of age 59 1/2. A participant may request a hardship distribution from his or her deferral contribution account.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$13,596 and \$5,620, respectively. Forfeited amounts are to be allocated as described in the Plan document. During the years ended December 31, 2023 and 2022, \$26,933 and \$13,143, respectively, were applied to offset employer contributions.

2. **Summary of Accounting Policies**

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting. Consequently, contributions and investment income are recorded as received and expenses when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

2. **Summary of Accounting Policies** (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value as provided by Reliance Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the date paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan follows the provisions of ASC 740-10, "Accounting for Uncertainty in Income Taxes". This addresses the determination of whether tax benefits claimed, or expected to be claimed, on a tax return should be recorded in the financial statements. The Plan Sponsor recognizes the tax benefit from an uncertain tax position when, based on technical merits, it is more likely than not the position will be sustained on examination by the taxing authorities. The Plan Sponsor recognizes accrued interest and penalties associated with uncertain tax positions as part of the provision for income taxes. The Plan is exempt from federal income taxes and is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. It would be subject to federal excise taxes on prohibited transactions and unrelated business income, if any, as described by the IRC.

The Plan files Form 5500 and applicable schedules with the Department of Labor and the Internal Revenue Service. The Plan is subject to routine audits by those authorities; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to examinations for years prior to 2020.

Subsequent Events

Management has evaluated subsequent events through September 27, 2024, which is the date the financial statements were available to be issued.

3. **Fair Value Measurements**

The *Financial Instruments Topic* in the ASC 820 requires disclosures about fair value of financial instruments, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. The categorization of financial instruments within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement. The hierarchy is prioritized into three levels (with Level 3 being the lowest) defined as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated with observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in Level 1, Level 2, and Level 3 and no changes in valuation techniques for these assets or liabilities for the year ended December 31, 2023.

The following is a description of the valuation methodologies used for plan assets at fair value.

Interest Bearing Cash - Federal money market fund that invests in short-term money market instruments provides current income while maintaining liquidity and a stable share price of \$1. The fund generally invests 100% of its assets in U.S. government securities.

Registered Investment Companies – Registered investment companies are made up of a variety of mutual funds whose value is based on quoted market prices determined in an active market.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2023 are reported in the net appreciation in fair value of investments.

4. **Information Certified by the Trustee (Unaudited)**

For the years ended December 31, 2023 and 2022 the Company has elected the method of compliance permitted by Title 29 of U.S. CFR Part 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors to not perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

**Investments Held and Notes Receivable from Participants

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

6. **Related Party Transactions**

Reliance Trust Company is the trustee and ADP Retirement Services is the administrator for the plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services amounted to \$73,562 and \$75,031 during the years ended December 31, 2023 and 2022, respectively.

Notes receivable from participants are reported as a party-in-interest. Notes are issued, upon participant request, in compliance with ERISA requirements. Unpaid note balances are \$129,207 and \$90,172 as of December 31, 2023 and 2022, respectively.

7. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. **Tax Status**

The Internal Revenue Service has determined and informed the Company by letter dated October 6, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits - modified cash basis.

10. **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of the Statements of Net Assets available for benefits to Schedule H of Form 5500:
