Independent Auditors' Report

To the Plan Administrator and Management
Horizon Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Horizon Services, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Management

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

To the Plan Administrator and Management

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Change in Accounting Principle

As discussed in Note B.10 to the financial statements, the Plan has changed its method of accounting for credit losses as of January 1, 2023 due to the adoption of Accounting Standards Update 2016-13, *Financial Instruments - Credit Losses (Topic 326)*. Our conclusion is not modified with respect to this matter.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Management

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following summary plan description of the Horizon Services, LLC 401(k) Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Horizon Services, LLC 401(k) Plan

Notes to Financial Statements (Continued)

Note A - Description of the Plan (Continued)

3. Contributions

Participants may defer up to 60% of their compensation each year on a pre-tax basis up to the maximum amount established by the Internal Revenue Service (IRS). Participants who are 50 years old or older before the end of the Plan year may also defer additional pre-tax amounts (called catch-up contributions) to the Plan up to the established IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds and a stable value fund.

The Company matches 25% of the first 6% of compensation that an employee contributes to the Plan during the contribution period. Catch-up contributions made by participants aged 50 or older are not eligible for employer match.

The Plan also allows for employer profit-sharing contributions.

4. Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of certain fees. Allocations are based on the participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are immediately vested in their salary deferrals plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

The vesting schedule related to the Company's matching and profit-sharing are as follows:

5. Vesting (Continued)

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	33%
2	67%
3	100%

6. Contributions Receivable

Contributions receivable are presented net of the Plan's allowance for credit losses, which is measured according to the Financial Standards Board (FASB) Accounting Standards Update (ASU) 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The Plan's expected loss allowance methodology for these receivables is developed using historical losses adjusted for any changes in current economic conditions and current credit quality. There was no allowance for credit losses as of December 31, 2023 and 2022.

7. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan Administrator. Interest rates ranged from 3.25% to 9.50% and 4.25% to 9.00% for the years ended December 31, 2023 and 2022, respectively. Principal and interest are paid ratably through payroll deductions.

8. Payment of Benefits

On termination of service for any reason, a participant may elect to receive a lump-sum amount up to the value of the participant's vested interest in his or her account as a lump-sum distribution or as a partial withdrawal. Terminated participants with vested account balances of \$5,000 or less receive an automatic lump-sum distribution of benefits upon termination.

Horizon Services, LLC 401(k) Plan

Notes to Financial Statements (Continued)

Note A - Description of the Plan (Continued)

9. Administrative Expenses

The Plan pays loan origination fees associated with notes payable from participants, processing fees on distributions to participants, participant record keeping fees, and investment advisory fees. Other administrative expenses, including the Plan audit fee, are paid by the Plan Sponsor.

10. Forfeited Accounts

At December 31, 2023 and 2022, forfeited, non-vested accounts totaled \$7,457 and \$8,913, respectively. These accounts will be used to reduce future employer contributions. Forfeitures totaling \$98,771 were used to offset employer contributions during the year ended December 31, 2023.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Risk and Uncertainties

The Plan's assets are invested in funds that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Horizon Services, LLC 401(k) Plan

Notes to Financial Statements (Continued)

Note B - Summary of Significant Accounting Policies (Continued)

4. Payment of Benefits

Amounts paid to participants are recorded upon distribution.

5. Valuation of Investments and Income Recognition

The Plan's investments are composed of mutual funds, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investment in a common collective trust is valued using net asset value, as reported by the trust, as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Investments in the common collective trust are available for redemption on a daily basis with no notice period requirement or unfunded commitments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

6. Fair Value Measurements

The Plan follows authoritative guidance issued by FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes guides for measuring fair value, and prescribes disclosures regarding fair value measurements.

FASB ASC 820 establishes a hierarchy for information and valuations used in measuring fair value, which is broken down into the following three levels:

Level 1: Valuations are based on quoted market prices in active markets for identical assets or liabilities.

Level 2: Valuations are based on inputs that are observable, either directly or indirectly, other than quoted prices included within Level 1.

Horizon Services, LLC 401(k) Plan

Notes to Financial Statements (Continued)

Note B - Summary of Significant Accounting Policies (Continued)

6. Fair Value Measurements (Continued)

Level 3: Valuations are based on information that is unobservable and significant to the overall fair value measure.

7. Certifications

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the Trustee. Accordingly, the Trustee has certified that certain data included in the accompanying financial statements and supplemental schedule (see Note C) are complete and accurate.

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

9. Corrective Distributions

Corrective distributions are required in the event that employee contributions exceed contribution limitations to the Plan due to failed compliance tests. Corrective distributions are recorded as a liability in the year in which they were initially contributed to the Plan and are netted against contributions because the contributions were ineligible for that year. Corrective distributions were \$160,859 for the year ended December 31, 2023. There was no liability for corrective distributions recorded as of December 31, 2022.

10. Recently Adopted Accounting Pronouncement

In June 2016, FASB issued ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326)* related to use of the current expected credit losses (CECL) model. Among other things, the amendments in this ASU require

Note B - Summary of Significant Accounting Policies (Continued)

10. Recently Adopted Accounting Pronouncement (Continued)

the measurement of all expected credit losses for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to better form their credit loss estimates. Additionally, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial instruments held by the Plan that are subject to the guidance in ASU 2016-13 were contributions receivable.

Note C - Information Certified by the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, and other income for the year ended December 31, 2023 was obtained by management and agreed to, or derived from, information certified as complete and accurate by Reliance Trust Company, the Trustee of the Plan.

Note D - Plan Termination

Although there has been no expressed intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note E - Tax Status

The Plan adopted a non-standardized pre-approved plan sponsored by Automatic Data Processing. The pre-approved plan has received an opinion letter from the IRS dated October 6, 2020 as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Horizon Services, LLC 401(k) Plan

Notes to Financial Statements (Continued)

Note E - Tax Status (Continued)

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. No liabilities for uncertain tax positions or related interest and penalties have been recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note F - Related-Party Transactions and Party-In-Interest Transactions

During the years ended December 31, 2023 and 2022, certain Plan investments consisted of a common collective trust invested entirely in a MetLife Group Annuity Contract. The MetLife Group Annuity Contract is directed by Reliance Trust Company, the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. In addition, certain Plan investments were invested in shares of mutual funds administered by Reliance Trust Company; and these transactions also qualify as party-in-interest transactions. Additionally, participant loans qualify as party-in-interest transactions.

Note G - Commitments and Contingencies

In the normal course of business, there are various commitments and contingencies outstanding that are not reflected in these financial statements. In the opinion of the Plan Administrator, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

Note H - Fair Value Measurements

Note B.5 includes a description of the valuation methodologies used for assets measured at fair value.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
