Trustees and Plan Administrator
CorSource Technology Group, LLC 401(k) Plan
9115 SW Olsen Rd., Ste. 100
Portland, OR 97223

Dear Trustees and Plan Administrator:

This letter is to inform you in your governance role over the CorSource Technology Group, LLC 401(k) Plan (the "Plan") of significant matters related to the conduct of our audit as of and for the year ended December 31, 2023, so that you can appropriately discharge your oversight responsibility and we comply with our professional responsibilities.

Auditing standards generally accepted in the United States of America ("GAAS") (AU-C 260, *The Auditor's Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audits as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Our Responsibilities With Regard to the Financial Statement Audit

Our responsibility under GAAS has been described to you in our engagement letter. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

As management determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.

Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication regarding the planned scope and timing of our audit as part of our audit planning process. Our communication focused on providing those charged with governance a better understanding of the consequences of our work and your oversight responsibilities and assisting us with a better understanding of the Plan and its environment. Those discussions covered topics of risk and materiality and areas in which you have requested us to undertake additional procedures (if any) or with respect to specific areas of the financial statements.

Significant Accounting Practices, Including Policies, Estimates and Disclosures

Accounting Policies and Practices

Plan management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

We did not identify any significant accounting practices or policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus, nor did we identify any significant unusual transactions.

Significant Accounting Practices, Including Policies, Estimates and Disclosures (Continued)

Significant Estimates

Significant estimates are those where the possibility of future events affecting them may differ markedly from management's current judgments. We have evaluated management's process for making significant estimates, including the nature of significant assumptions and the degree of subjectivity in developing those assumptions.

We determined management's accounting policies, significant estimates, and disclosures to be reasonable in relation to the financial statements as a whole, and in our judgment, the Plan's financial statement disclosures are complete in all significant aspects.

Form 5500 Filing

GAAS requires that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditor's report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements.

ERISA-Required Supplemental Schedule

We subjected the information included in the ERISA-required supplemental schedule, other than that agreed to, or derived from, the certified investment information, to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedule, other than the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole; whether the form and content of the ERISA-required supplemental schedule are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure Under ERISA; and whether the certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We included an other-matter paragraph in our auditor's report for the ERISA-required supplemental schedule. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

Observations About the Audit Process

Disagreements With Management

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit or significant disclosures to be included in the financial statements.

Consultation With Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Significant Issues Discussed With Management

No significant issues arising from the audit were discussed or were the subject of correspondence with management.

Significant Difficulties Encountered in Performing the Audits

We did not encounter any significant difficulties in dealing with management during the audit.

Difficult or Contentious Matters That Required Consultation

We did not encounter any significant and difficult or contentious matters that required consultation outside the engagement team.

Management Representations

We have attached a copy of the representation letter provided by management as [Exhibit B](#).

Audit Adjustments

There were no audit adjustments made to the original trial balance presented to us to begin our audit, and we are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

Reportable Findings

In planning and performing the audit, we considered Plan provisions relevant to designing audit procedures for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions. Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan provisions or other specified criteria that might be considered reportable findings.

A reportable finding is one or more of the following:

- A matter that is identified as an instance of noncompliance or suspected noncompliance with laws or regulations.
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties that is of sufficient importance to merit management's attention.

We are required to communicate reportable findings from the audit procedures performed relating to the Plan provisions to those charged with governance, in writing. This communication, along with reportable findings that resulted in internal control deficiencies, is included with internal control matters and attached as [Exhibit A](#).

Internal Control Matters

In planning and performing our audit of the financial statements in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We have separately communicated certain deficiencies in internal control that we identified during the planning or performance of our audit of the financial statements. This communication is attached as [Exhibit A](#).

Closing

These communications are intended solely for the information and use of those charged with governance and, if appropriate, Plan management. These documents are not intended to be, and should not be, used by anyone other than those specific parties.

We appreciate the courtesy and cooperation provided by the employees of the Plan during the course of our audit and the opportunity to serve and be associated with the CorSource Technology Group, LLC 401(k) Plan as its independent auditors.

Very truly yours,

A handwritten signature in blue ink that reads "Geffen Mesher and Company, P.C." The signature is written in a cursive, flowing style.

EXHIBIT A

REPORTABLE FINDINGS,
INTERNAL CONTROL MATTERS,
& OTHER COMMUNICATIONS

EXHIBIT A

REPORTABLE FINDINGS, INTERNAL CONTROL MATTERS & OTHER COMMUNICATIONS

Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan provisions or other specified criteria that might be considered reportable findings or deficiencies in internal control. Therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

REPORTABLE FINDINGS

A reportable finding is one or more of the following:

- A matter that is identified as an instance of noncompliance or suspected noncompliance with laws or regulations.
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties that is of sufficient importance to merit management's attention.

We consider the following to be reportable findings:

Mandatory Distributions: There is currently no procedural control in place to ensure that mandatory distributions are processed following the severance of employment for participants with an account balance of \$5,000 or less, pursuant to Plan provisions. We noted that four participant accounts exist at audit year-end that belong to terminated employees and do not exceed \$5,000.

Recommendation: We recommend that Plan management consult with its service provider to develop a procedural control to periodically (at least annually) review the accounts of terminated employees and process mandatory distributions pursuant to Plan provisions. We also recommend contacting terminated employees with account balances greater than \$5,000 to encourage them to request distributions from their accounts.

If mandatory distributions cannot be made due to missing participants, the Plan fiduciary must be able to demonstrate compliance with the Department of Labor's missing participants guidance available online regarding efforts made in locating missing participants or the selection of a distribution option for the benefit of missing participants.

REPORTABLE FINDINGS (CONTINUED)

Forfeiture Balances: There are currently no procedural controls to ensure that forfeited participant accounts are used by the end of the following year after the forfeitures are generated pursuant to Plan provisions. The Internal Revenue Code (“IRC”) requires that these forfeited accounts be used pursuant to Plan provisions. We noted that forfeitures used during the audit year are less than the beginning balance of forfeitures available.

Recommendation: We recommend that the Plan use these forfeited accounts as soon as possible and that Plan management put in place a procedural control to monitor that all forfeitures created are used pursuant to Plan provisions. We also recommend that Plan management consider consultation with Employee Retirement Income Security Act of 1974 (“ERISA”) counsel to determine if an official correction is necessary to ensure that the Plan remains in compliance with ERISA and IRC regulations.

Employee Demographic Data: We noted discrepancies in employee demographic data between the record-keeping system and the payroll system. Specifically, we noted that the census report maintained by ADP does not maintain demographic data once an employee has been rehired, and the date of birth was missing for some employees. We also noted that details for participants that were terminated but still had funds in the Plan were not included in the census. It is important that employee data in the record-keeping system be accurate since this is the data used for Plan operations and to help ensure the Plan’s compliance with laws and regulations.

Recommendation: We recommend that Plan management review and update the employee demographic data maintained by ADP to help ensure that sufficient data is retained within ADP.

Participant Eligibility, Education Not Done Timely: We noted that Plan management does not have adequate internal controls in place to ensure that newly-eligible employees are notified timely and educated of their ability to participate in the Plan. We noted that the notification and education of certain newly-eligible employees was done after the entry date based on Plan provisions.

Recommendation: We recommend that Plan management put policies and procedures in place to maintain adequate documentation that supports that all eligible employees have been invited to participate in the Plan in a timely manner.

REPORTABLE FINDINGS (CONTINUED)

Documentation of Review of Plan Elements and Fiduciary Oversight: During our audit inquiries of Plan management, it came to our attention that there is no documentation maintained of review of plan elements or fiduciary oversight over the Plan. With the complexity of tax laws covering the qualifications of the Plan and plan fiduciary responsibilities, it is important that the responsible parties adequately document the due diligence exercised over the operations and oversight of the Plan.

Recommendation: We recommend Plan management and Plan fiduciaries meet periodically (as often as needed, but at least annually) and maintain documentation of meeting date, time, and attendees as well as meeting agenda, decisions made, and resulting action items. The periodic meetings should consider items such as:

- Consideration and approval of plan amendments (or recommendation of amendments for the Board of Directors)
 - Compliance with ERISA regulations

MANAGEMENT REPRESENTATION LETTER

CORSOURCE TECHNOLOGY GROUP, LLC 401(k)

October 10, 2024

Geffen Mesher & Company, P.C.
888 SW Fifth Avenue, Suite 800
Portland, Oregon 97204

This representation letter is provided in connection with your audits of the financial statements of CorSource Technology Group, LLC 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA") sponsored by CorSource Technology Group, LLC (the "Plan Sponsor"). The Plan's financial statements, comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

We elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodically examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and that the certified information is appropriately measured, presented and disclosed in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of October 10, 2024, the following representations made to you during your audit:
