Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the Team Beans, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit for the 2023 Financial Statements" section:

- The amounts and disclosures in the 2023 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 Financial Statements, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section of our report. We are required to be independent of the Team Beans, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Team Beans, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Team Beans, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Team Beans, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

Other Matters

2023 Supplemental Schedule Required by ERISA

The 2023 supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Team Beans, LLC 401(k) Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 6, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the Plan's supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Team Beans, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Team Beans, LLC 401(k) Profit Sharing Plan (the “Plan”) is for general information only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on January 2, 1997 and was amended and restated on May 30, 2022. The Plan is a defined contribution plan that covers substantially all employees of Team Beans, LLC and its affiliated companies (the “Company” or “Employer”). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”) and is administered by the Retirement Committee of the Company.

Eligibility

Employees of the Company are eligible to participate in the Plan after reaching the age of twenty-one and after completing three months of service with the Company.

Contributions

Participants may elect to contribute pre-tax and Roth contributions, up to the maximum amount permitted by the Internal Revenue Code (“IRC”) up to 90% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make annual catch-up contributions.

Eligible employees are automatically enrolled in the Plan at a 3% pre-tax deferral percentage. Employees may elect not to participate in the Plan. Employees that are automatically enrolled in the Plan have their pre-tax deferral contribution percentage escalated by 1% annually, on the anniversary of their automatic enrollment, unless the employee makes a contrary election. The automatic escalation cannot increase an employee’s pre-tax deferral rate higher than a maximum rate of 10%.

Eligible employees will receive an employer matching contribution equal to 50% of the participant’s contributions up to 6% of the participant’s eligible compensation calculated on a pay period basis.

Vesting

Participants are immediately and fully vested in their own contributions, plus actual earnings thereon and become vested in discretionary nonelective contributions and employer matching contributions, plus actual earnings thereon, according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Notes to Financial Statements
December 31, 2023 and 2022

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated ("reinstatement period"), if the employee repays the full amount of the distributions attributable to the vested employer contributions prior to the end of the reinstatement period. Subsequent to the reinstatement period, plan participants' forfeitures may be used to pay plan expenses or reduce employer matching contributions. Any remaining amount shall be applied toward succeeding plan years until fully utilized. Forfeitures from participants for the year ended December 31, 2023 were approximately \$15,000. Plan forfeitures of approximately \$24,000 were applied in conjunction with the payment of employer matching contributions for the year ended December 31, 2023. As of December 31, 2023 and 2022, the available balance of forfeitures was \$90,000 and \$99,000, respectively.

Participant Accounts

Each participant's account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The maximum term of the loan is five years; or thirty years if the loan is for the purchase of a principal residence. Participants must repay any outstanding loan before a new loan can be made. Loans are secured by the balance in the participant's account and bear interest at the prime rate in effect in the month a participant takes a loan plus one percent (1%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. As of December 31, 2023, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 9.50%.

Benefits Paid to Participants

A participant's vested interest in his or her account balance is distributable upon normal retirement (65), termination, Hardship withdrawal, disability, or death, as described by the plan document. Participants can also make in-service withdrawals upon reaching age 59½.

Administrative Expenses

All transaction fees for loan and distribution requests are paid from participants' accounts. Substantially all other administrative expenses are to be paid by the Plan through the forfeiture account or the ERISA expense account (see Note 7), if available, otherwise they are to be paid by the Company.

Other Income

Other income represents revenue from certain investments as described in Note 7.

Subsequent Events

The Company has evaluated subsequent events for the Plan through October 8, 2024, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year and held at year end.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company ("Reliance"), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Team Beans, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2023.

- Mutual funds: valued at quoted prices reported in an active market at year-end.
- Common collective trust funds: the fair value of the common collective trust is determined by the custodians of the common collective trust fund based on the underlying assets, which represent the net asset value, a practical expedient to fair value of units held by the Plan. The common collective trusts do not have any unfunded commitments relating to its investments, or any restrictions on redemptions. Redemptions can be made on any business day and do not have a redemption notice period.
- Stable value fund: Composed primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,816,564	\$ -	\$ -	\$ 6,816,564
Common collective trust funds measured at net asset value (a)	-	-	-	1,513,649
Total investments	<u>\$ 6,816,564</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,330,213</u>

Team Beans, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,617,457	\$ -	\$ -	\$ 5,617,457
Common collective trust funds measured at net asset value (a)	-	-	-	1,261,525
Total investments	\$ 5,617,457	\$ -	\$ -	\$ 6,878,982

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

6. Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by ADP. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

7. Party-in-Interest Transactions

ADP is the record keeper for the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid by the Plan to ADP for record keeping and administrative services were approximately \$4,000 for the year ended December 31, 2023.

ADP receives revenue from certain investments in the Plan. ADP and the Employer have agreed that if this revenue exceeds an agreed upon revenue rate, ADP shall make an amount equal to such excess available to the Plan to pay ERISA qualified plan administrative expenses. For the year ended December 31, 2023, an excess of approximately \$18,000, was made available to the Plan and was used to pay for ERISA qualified plan administrative expenses. There was no remaining balance available to pay future expenses of December 31, 2023.

8. Risks and Uncertainties

The Plan's investments are concentrated in common collective trust funds and mutual funds that invest in various investment securities. Such securities are subject to various risks, such as interest rates, market, and credit risks that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that the changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
