INDEPENDENT AUDITORS' REPORT

Plan Administrator
General Tool, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of General Tool, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General Tool, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

(1) Plan Description

The following brief description of the General Tool, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established effective November 1, 1998 and is administered by General Tool Inc. (“Plan Administrator” or “Company”) and has been amended and restated effective August 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under appropriate provisions of the Internal Revenue Code (“IRC”) and similar state tax laws. Reliance Trust Company is the asset custodian and trustee of the Plan’s investment assets and ADP, Inc., the third-party administrator, serves as the recordkeeper of the Plan.

Eligibility

The Plan covers all the employees of the Company who have completed at least three months of service, which includes eligibility for the Company’s discretionary profit-sharing contribution.

Contributions

Participants may contribute up to 90 percent of eligible compensation up to the statutory limit (\$22,500 for 2023). All employees who were eligible to make pretax deferrals under the Plan and had attained age 50 before the close of the Plan year were eligible to make catch-up contributions in accordance with, and subject to, the limitations set by the Internal Revenue Service (“IRS”) (\$7,500 per participant for 2023). Participants may rollover contributions from other qualified retirement plans.

The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation.

The Company may make discretionary employer matching contribution equal to 100% of salary deferrals up to the first 2% of a participant’s eligible compensation. Discretionary cash matching contributions were \$186,894 for the year ended December 31, 2023.

General Tool, Inc. 401(k) Plan

Notes to Financial Statements (continued)
December 31, 2023 and 2022

(1) Plan Description (continued)

Contributions (continued)

Each year, the Company may make a discretionary profit-sharing contribution to the Plan. Eligible employee's share of the contribution for the Plan year is calculated as follows:

$$\text{Profit Sharing Contribution} \quad X \quad \frac{\text{Employee Compensation}}{\text{Total Compensation of All Participants Eligible to Share}}$$

For the Plan year ended December 31, 2023, the Company did not make any profit sharing contributions.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's pretax contributions and allocations of (a) Company matching contributions, when applicable, (b) investment earnings or losses, and (c) charged with withdrawals and an allocation of Plan transaction fees. Allocations are based on participant investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Eligible participants are immediately 100% vested with respect to their voluntary and Company discretionary matching contributions, plus actual earnings thereon.

Eligible participants' vested percentage attributable to discretionary profit-sharing contributions is determined under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

General Tool, Inc. 401(k) Plan

Notes to Financial Statements (continued) December 31, 2023 and 2022

(1) Plan Description (continued)

Participant Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2023, the Plan offered various mutual funds as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Such loans bear interest at prevailing interest rates and are repaid to the participant's account over no more than five years, except in the case of loans used to acquire a primary residence. Participant loans are secured by the balance in the participant's account. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Agreement.

Notes receivable from participants are payable through payroll deductions in installments of principal plus interest of prime rate plus 1 percentage point with final payments due between February 2024 and January 2029.

Payment of Benefits

Benefits are recorded when paid. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the IRS.

Administrative Expenses

Administrative, audit, and recordkeeping fees are paid by the Company. Investment management fees are paid from the Plan's assets.

Forfeited Accounts

Notes to Financial Statements (continued) December 31, 2023 and 2022

(1) Plan Description (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants would be entitled to receive the accumulated balance in their individual account.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income

The Plan's investments are stated at fair value. The Plan's investments are governed by a trust agreement with Reliance Trust Company. Investments in mutual funds are valued daily at quoted market prices. Investment income consists of interest and dividends earned and realized and unrealized gains or losses in the fair value of investments, less investment expenses. Investment income is allocated to participants' accounts based on their respective interest in the Plan's assets on the date it is earned. Purchases and sales of securities are reflected on the settlement date. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Agreement.

Notes to Financial Statements (continued) December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management evaluated subsequent events through October 3, 2024, the date the financial statements were ready to be issued.

(3) Investments

In accordance with U.S. GAAP, the Plan uses a hierarchy for measuring the fair value of all financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis. Fair value is measured in levels, which are described in more detail below, and are determined based on the observability and reliability of the assumptions used to determine fair value.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

General Tool, Inc. 401(k) Plan

Notes to Financial Statements (continued) December 31, 2023 and 2022

(3) Investments (continued)

Management may also be required, from time to time, to measure certain other financial assets at fair value on a non-recurring basis. During the year ended December 31, 2023, no other financial assets were measured at fair value on a non-recurring basis.

The following tables show the balances of these assets based on their U.S. GAAP designated levels:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,785,758	\$ -	\$ -	\$ 5,785,758

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,207,280	\$ -	\$ -	\$ 4,207,280

(4) Investments and Information Certified by Reliance Trust Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to investment information certified as complete and accurate by Reliance Trust Company, except for comparing such information certified by the trustee to the information included in the Plan's financial statements and supplemental schedule.

(5) Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

General Tool, Inc. 401(k) Plan

Notes to Financial Statements (continued) December 31, 2023 and 2022

(6) Tax Status

Effective August 1, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing. The prototype plan has received an opinion letter from the Internal Revenue Service, dated October 6, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has since been amended; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code ("IRC").

U.S. GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

(7) Party-in-Interest

The Plan Administrator performs administrative functions at no cost. These are considered permitted party-in-interest transactions. Notes receivables from participants held by the Plan also reflect party-in-interest transactions.

The following is a reconciliation of net assets available for benefits per the Plan's financial statements to the Form 5500 at December 31, 2023:
