Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the CompuSystems, Inc. Employees' 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's management obtained certification from a qualified institution as of December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that the Plan's management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the Plan's management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental Schedule of Assets Held as December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting under ERISA.

INDEPENDENT AUDITOR'S REPORT (Continued)

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information presented and certified by an institution that the Plan's management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the CompuSystems, Inc. Employee's 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective April 1, 1985, which covers all employees of CompuSystems, Inc. (the "Company") who have three months of service, are age 18 or older, are not subject to a collective bargaining agreement, and are not nonresident aliens. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2003, the Plan was amended to incorporate certain provisions of the Uruguay Round Agreements Act, General Agreement of Tariffs and Trade, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Restructuring and Reform Act of 1998, the Community Renewal Tax Relief Act of 2000, and the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

Contributions

Participants could contribute a percentage of their pretax and/or after-tax annual compensation up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

From March 2019 through April, 2020 the Company made discretionary matching contributions equal to 35% of each participant's contribution, limited to 3% of each participant's deferred compensation. All participants making pretax and/or after-tax contributions receive matching contributions. Payment of Company matching contributions is concurrent with the payment of participant contributions. During the years ended December 31, 2023 and December 31, 2022 the Plan did not receive any discretionary matching contributions.

The Plan also allows for an additional discretionary profit-sharing contribution as determined by the Company. Participants must be employed on the last day of the Plan year to be eligible to receive a profit-sharing contribution. The discretionary Company profit-sharing contribution is allocated to the participants based on compensation. The Company did not make any discretionary profit-sharing contributions during the years ended December 31, 2023 and December 31, 2022.

Vesting

Participant contributions, and related earnings thereon, vest immediately. Company discretionary matching contributions and Company discretionary profit-sharing contributions, and related earnings thereon, vest at a rate of 20% per year after two years of service.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

All contributions received by the Plan are credited to individual participant accounts. Participants direct the investment of their account balances into 38 mutual funds and two common collective trusts offered by the Plan. Participant accounts are subdivided by contribution type based on Plan and IRS rules for each contribution type (i.e., participant pretax contributions, participant after-tax contributions, Company discretionary matching contribution, Company discretionary profit-sharing contributions, rollovers, etc.).

Investment income, gains, and losses are credited to participant accounts on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and limited to one loan per twelve-month period. The loans are secured by the vested balance of the participant's account and bear interest at a rate commensurate with rates charged by other lenders on similar loans. Interest rates on outstanding participant loans as of December 31, 2023 range from 0.05% to 9.50%. Loan repayments are made ratably through payroll deductions over a period not greater than five years.

Payment of Benefits

A participant can receive payment under the following circumstances: 1) upon reaching the age of 59 ½ (normal retirement age), 2) late retirement date, 3) termination of employment, 4) death or disability, and 5) financial hardship. Participants are required to submit a written request on a form provided by the Plan's administrator. Benefits are recorded when paid.

Forfeitures

Forfeited accounts are used to reduce future Company contributions. Forfeitures during the years ended December 31, 2023, and December 31, 2022, were \$41,035 and \$3,686, respectively.

Administrative Expenses

During 2023 and 2022 expenses associated with the administration of the Plan were paid by the Company except for certain investment management fees, fees for member requested services, and loan fees which were deducted directly from the participants' account.

Tax Status

The plan uses a pre-approved prototype that received a favorable letter of determination from the Internal Revenue Service, therefore, no provision for income taxes have been included in the Plan's financial statements. The Company's management has determined that ASC 740-10, which addresses accounting for uncertainty in income taxes, has no effect on the Plan's financial statements due to the favorable determination received from the Internal Revenue Service.

The Plan is subject to audits from the Internal Revenue Service, however no such audits for the current year or any previous year were initiated or in-progress as of the date of this audit report.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Plan Amendment and Termination

The Company has reserved the right to amend or terminate the Plan. However, no amendment can reduce the benefit earned by the participants. All participants become fully vested upon termination of the Plan. The Company has not expressed any desire to end the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments in pooled separate account funds are stated at fair value based on quoted market prices of the net asset value of shares held by the Plan at year end. Investments in a common collective trust are stated at contract value, which approximates or is equal to fair market value. Notes receivable from participants are stated at cost, which approximates, or is equal to, fair market value.

Subsequent Events

The plan has evaluated subsequent events through October 9, 2024, the date financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan's administrators have elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure. NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets,
- quoted prices for similar or identical assets in inactive markets,
- inputs other than quoted prices that are observable for the asset,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and December 31, 2022:

Mutual Funds: Underlying investments consist of mutual funds which are valued at quoted prices in active markets for identical assets in determining net asset value (NAV), and fixed maturity securities which are valued on pricing data by outside valuation service providers in determining NAV.

Pooled separate accounts - Underlying investments consist of mutual funds and domestic equity securities which are valued at quoted prices in active markets for identical assets in determining net asset value (NAV), and fixed maturity securities which are valued on pricing data by outside valuation service providers in determining NAV.

Common collective trust investment - Valued at contract value as reported to the Plan by the custodian, which represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments

could result in a different fair measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Fair Value Measurements as of December 31, 2023

NOTE 6 - COMMON COLLECTIVE TRUST INVESTMENT

As of December 31, 2023 the Plan had \$104,357 of investments in common collective trusts held in participant-directed separate accounts. The Plan's custodian considers these investments to be fully benefit responsive. The Plan's custodian has valued these investments at contract value, which approximates, or is equal to, fair market value. Contract value is equal to contributions, plus earnings, less withdrawals, and administrative expenses.

As a fully benefit responsive investment, permitted participant-initiated transactions are valued at the contract amount.
