INDEPENDENT AUDITORS' REPORT

To the Plan Administration Committee
Adapt §401(k) Profit Sharing Plan
Roseburg, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Adapt §401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Adapt §401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Adapt §401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Adapt §401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Generally Accepted Auditing Standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Adapt §401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Adapt §401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

ADAPT §401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 – PLAN DESCRIPTION

The following description of the Adapt §401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Adapt, an Oregon non-profit organization, who have completed three months of service and are age 21 or older. Eligible employees enter the Plan on the first day of the month following the date eligibility requirements are met. The Plan was established in 1985, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent qualified retirement plan legislation. The Plan's most recent restatement was effective September 20, 2022.

Employer Contributions

Adapt's profit sharing contribution to the Plan is determined annually at the discretion of the Organization's Board of Directors. For 2023 and 2022, Adapt elected to make a profit sharing contribution equal to 5% of each eligible participant's eligible annual compensation. For years ending 2023 and 2022, Adapt's profit sharing contribution totaled \$1,402,741 and \$1,109,737, respectively.

Employee Voluntary Contributions

Employee contributions consist of the amount of salary deferral elected by each participant. Participants are limited in their Section 401(k) salary deferral contributions by discrimination testing of Section 401(k) of the Internal Revenue Code. The maximum Section 401(k) contribution amount, per participant, was \$22,500 for 2023 (\$20,500 for 2022). However, for participants age 50 and above, additional "catch-up" contributions were allowed, up to \$7,500 and \$6,500 for 2023 and 2022, respectively for a total annual amount of \$30,000 for 2023 (\$27,000 for 2022).

Employees were allowed to designate all or a portion of their salary deferrals as Roth after-tax contributions. Employees may also contribute amounts representing "rollover" distributions from other qualified defined benefit or contribution plans and Individual Retirement Accounts.

The Plan allows participant-directed investment, and offers several investment options for participants. Participant contributions are maintained in separate accounts.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Adapt's profit sharing contribution and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations of administrative expenses are charged on a pro-rata basis utilizing the individual participant's account balance as a percentage of total plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee voluntary contributions are 100% vested at all times. The net assets which were transferred into the Plan upon its merger with the Adapt Money Purchase Pension Plan represent current and prior year employer pension contributions and earnings thereon. Vested interest in the employer pension and discretionary profit sharing contributions plus the earnings thereon is calculated at 20% per year of service, beginning with the participant's first full year of service and reaching 100% at the end of five years of credited service, or attainment of the Plan's normal retirement age of 55.

**ADAPT §401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2023 AND 2022**

NOTE 1 – PLAN DESCRIPTION (Continued)

Forfeited Accounts

Forfeitures of non-vested employer profit sharing contributions are used to reduce employer profit sharing contributions in the same year the forfeitures occurred. Forfeitures of \$28,946 and \$48,978 were used to reduce the employer profit sharing contribution during the years ended December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$31,901 and \$28,945 respectively.

Participant Loans

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.50% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan trustee.

Payment of Benefits

The Plan provides for retirement and disability benefits. Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their individual account in either a lump-sum amount, or in monthly, quarterly, or annual installments over a fixed, reasonable period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Distributions to participants of compensation contributed under these provisions are restricted by certain federal regulations to the following events: (i) participant's retirement, (ii) death or disability, or (iii) separation from service, as defined by the regulations.

Participants may receive in-service distributions from their fully-vested employer profit sharing accounts upon attainment of age 59 ½. The Plan also allows withdrawal of elective deferrals on account of hardship.

Termination

Although it has not expressed any intention to do so, Adapt may suspend or discontinue its contributions under the Plan, and may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the Plan agreement provides that the rights of all participants to the benefits accrued to the date of termination, to the extent then funded, shall become fully vested and non-forfeitable. Distribution of accrued benefits shall be in accordance with the provisions of the Plan and federal regulations.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Reporting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an actively-traded asset. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividend income are recorded on the accrual basis of accounting. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2023 AND 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2023 and 2022 the Plan had no distributions requested but not yet paid.

Administrative Expenses

Administrative expenses paid directly by the Plan were \$76,198 and \$80,721 for 2023 and 2022, respectively. Administrative expenses of the Plan consisted of investment management fees and commissions, fees paid for services provided by the Plan's trustee, record keeper, and third-party administrator. Also see Note 5.

Risk and Uncertainties

The Plan provides for various options that have different investment strategies. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA of 1974. Accordingly, as permitted under such election, the Plan's independent auditors need not perform any auditing procedures with respect to the following information certified by Mid Atlantic Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – TAX STATUS

The Plan was created under a prototype plan document through the execution of an adoption agreement. Paychex Inc, the sponsor of the prototype plan document, has received a letter dated August 31, 2020, stating that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code (IRC).

The Plan has been amended since its initial adoption. However, the plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan expenses, including administrative fees paid to the third-party administrator and auditing fees, which are considered parties-in-interest, were paid directly by the plan sponsor on the Plan's behalf. For 2023, these expenses totaled \$23,168 (\$19,605 for 2022).

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other meansIf the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Registered Investment Companies (Mutual funds)*: Valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value at December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:	\$ 16,188,108	--	--	\$ 16,188,108
Total investments at fair value				<u>\$ 16,188,108</u>

Assets at Fair Value at December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:	\$ 11,940,939	--	--	\$ 11,940,939
Total investments at fair value				<u>\$ 11,940,939</u>

NOTE 7 – SUBSEQUENT EVENTS

In preparing these financial statements, the plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 11, 2024, which represents the date that the financial statements were available for issuance.
