INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Knowlan's Super Markets, Inc. 401(K) Retirement Savings Plan
Vadnais Heights, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Knowlan's Super Markets, Inc. 401(K) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Knowlan's Super Markets, Inc. 401(K) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Knowlan's Super Markets, Inc. 401(K) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Knowlan's Super Markets, Inc. 401(K) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KNOWLAN'S SUPER MARKETS, INC. 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN

The following description of Knowlan's Super Markets, Inc. 401(k) Retirement Savings Plan (the "Plan") established by Knowlan's Super Markets, Inc. (the "Company") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of the Company, and the employees of Taste of Scandinavia, Inc., an affiliated employer, that has adopted the Plan as a participating employer. Employees who have completed one year of service and are age twenty-one or older are eligible to participate in the Plan. Employees represented by Union 663 are allowed to participate in the savings portion of the Plan only and are not eligible for employer discretionary contributions. Employees represented by Union 1189 are not eligible to participate in the Plan based upon their collective bargaining agreement, except those members of Union 1189 at the Maplewood and South St. Paul locations, which are eligible to participate in the Plan and receive a portion of the employer's discretionary contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains several new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 and 2022 financial statements.

Contributions

For the 2023 Plan year, participants may contribute up to \$22,500 of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute matching contributions and profit sharing contributions at the discretion of the Company's board of directors. The Company's contributions are subject to certain IRS limitations. During the year ended December 31, 2023, the Company made matching contributions totaling \$83,437. The Company did not make any profit-sharing contributions for the year ended December 31, 2023.

NOTE A – DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, as well as allocations of the Company's profit-sharing contributions, if any, plus a proportionate interest in the investment earnings or losses of the fund in which the contributions are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus the actual earnings thereon. Vesting in the Company's matching and profit-sharing contribution of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined monthly by the Plan administrator. The loans outstanding at December 31, 2023 bear interest at rates ranging from 2.57% to 5.66%. Principal and interest are paid ratably through ACH payments.

Payment of Benefits

On termination of service due to death, disability, severance of employment, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial payments, as defined by the Plan agreement. In-service distributions are allowed to participants who have attained age 65. Distributions may also be made in the form of hardship withdrawals from voluntary contributions, subject to certain limitations.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce any future employer contributions. Forfeited non-vested accounts totaled \$7,069 and \$5,946 at December 31, 2023 and 2022, respectively. No forfeitures were used to reduce employer contributions for the year ended December 31, 2023.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2023 and 2022.

Administrative Expenses

Expenses may be assessed against an individual participant's account if they are attributable to a particular participant based on use of a particular plan feature. Administrative expenses for legal, auditing, and administration of the Plan, except for custodian advisory, trust, and loan fees, are paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions were distributed, and Form 5330 was filed subsequent to March 15, 2024.

Subsequent Events

Management evaluates events occurring subsequent to the date of the statement of net assets available for benefits in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 9, 2024, which is the date the financial statements were available to be issued.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right to amend, suspend, or terminate the Plan and the trust agreement subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their account balances.

NOTE D – CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Minnesota Life Insurance Company.

The Plan's investment custodian, Minnesota Life Insurance Company, has certified its statement of accounts as of December 31, 2023 and 2022 and for the year ended December 31, 2023. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants and detail of all transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE E – FAIR VALUE MEASUREMENTS (ASC TOPIC 280)

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

- *Money Market Accounts:* These investments are valued at the closing price reported by the fund sponsor from an actively traded exchange. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded. These are included within cash equivalents and restricted cash as Level 1 measurements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE E – FAIR VALUE MEASUREMENTS (ASC TOPIC 280) (continued)

- *Pooled Separate Accounts:* Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs and are classified within Level 2 measurements. Assets within the pooled separate accounts include fixed maturity securities, equity securities and cash and cash equivalents.
- *Open End Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *General Account:* The valuation technique for these investments is discounted cash flow (income approach).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2023:

Level 3 Assets General Account For the Year Ended December 31, 2023	
Balance, beginning of year	\$ 3,221,810
Realized gains	81,677
Purchases	73,996
Sales	(460,665)
Transfers in and/or out of level 3	300,315
Balance, end of year	<u>\$ 3,217,133</u>

NOTE F – GROUP ANNUITY CONTRACT AND GENERAL ACCOUNT

The Plan is funded with a Group Annuity Contract. Contributions are made to the contract on behalf of plan participants and may include salary deferrals, employer contributions, employee contributions, or any combination thereof. The accumulated contributions are then invested in the investment options selected by the participants, as applicable.

The Group annuity contract ("the contract") is benefit-responsive, in that the full contract value is accessible, but not all at once in the case of certain transfers. General Account transfer provisions in the contract prevent the contract from meeting the definition of fully benefit responsive, since the participant is not allowed immediate full access to the General Account balance at contract value in all situations.

Reasons for withdrawing money from the General Account include participant termination, retirement, death, disability, hardship, loans, contract termination, and participant-initiated transfer between funds. The first six of these types of withdrawals occurs at contract value without any conditions, limits, or restrictions. In the case of a contract termination, a market value adjustment and/or liquidation charge may apply. The definition indicates that these termination clauses do not prevent a contract from being considered fully benefit-responsive.

KNOWLAN'S SUPER MARKETS, INC. 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE F – GROUP ANNUITY CONTRACT AND GENERAL ACCOUNT (continued)

Participant-initiated transfers between funds always occur at contract value, but the full amount may not be accessible from the General Account at one time. Up to 20% of the contract value or \$2,000, whichever is greater, may be withdrawn at one time, and the rest is inaccessible for 12 months. The allowable portion is always withdrawn at contract value. This limitation alone prevents the contract from being considered fully benefit-responsive.

NOTE G – TAX STATUS

The plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PARTIES-IN-INTEREST

The pooled separate accounts, open end mutual funds and general accounts are managed by Minnesota Life Insurance Company and the money market account is held by Securian, the Plan's custodians, as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, the Plan paid fees for investment management services and third-party administrator expenses in the amount of \$8,300, which were offset by Billflex Credits from the TPA of \$7,000 and are included net on the statement of changes in net assets available for benefits under administrative fees.
