INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Jacsten Holdings, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Jacsten Holdings, LLC 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jacsten Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Jacsten Holdings, LLC 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through September 25, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Jacsten Holdings, LLC is the plan sponsor, employer and the plan administrator. Participating employers include CDM Tool & Mfg. Co., LLC ("CDM"), Stanek Tool LLC ("Stanek"), and Vonco Products LLC ("Vonco"). Triton Trailers, LLC ("Triton"), a former participating employer in the plan, was sold to a third party in November 2021. Effective January 1, 2022, Triton was removed as a participating employer of the plan. In March 2022, all Triton assets were liquidated and transferred to the acquiring company's qualified plan.

Charles Schwab Trust Bank ("Charles Schwab") is the trustee of the plan that holds plan investment assets and executes investment transactions. Milliman, Inc. is the recordkeeper responsible for maintaining plan and participant records and third party administrator and tax counsel that performs various compliance tests. The plan sponsor has established an employee benefits committee to act as plan administrator on behalf of the plan sponsor. The committee consists of three officers of the plan sponsor. Francis Investment Counsel is the plan's investment advisor.

Investments - The employee benefits committee, with consultation from the plan's investment advisor, determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold, and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - The plan invests in the Putnam Stable Value Fund which invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The fund generally maintains at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the fund. The fund is a direct filing entity valued at NAV based on the underlying unit value as reported by the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$15,083,195	\$ -	\$ -	\$15,083,195
Total investments in the fair value hierarchy	\$15,083,195	\$ -	\$ -	15,083,195
Investments measured at NAV (a)				435,089
Total investments at fair value				\$15,518,284

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$12,448,278	\$ -	\$ -	\$12,448,278
Total investments in the fair value hierarchy	\$12,448,278	\$ -	\$ -	12,448,278
Investments measured at NAV (a)				544,964
Total investments at fair value				\$12,993,242

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$435,089	n/a	Daily	n/a
December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on March 8, 2019 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to make elective deferral contributions and receive employer matching contributions once they have completed 90 days of service and have reached 18 years of age. Employees are allowed to enter the plan on the first day of the month immediately following meeting the eligibility requirements. Highly compensated employees are not eligible to receive employer contributions.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also allows for Roth elective deferral contributions. Upon meeting the eligibility requirements, employees are automatically enrolled in the plan and have 3% of their compensation withheld as elective deferral contributions. These participant deferral percentages automatically increased by 1% each year until they reached a maximum of 6%. Effective March 1, 2024, these participants deferral percentages automatically increase by 1% each year until they reach a maximum of 10%. Such employees have the option to increase, decrease, or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. Employer matching programs are as follows:

CDM made discretionary matching contributions equal to 100% of the first 3% of compensation that a participant contributed to the plan during 2023. The matching contributions were equal to the lesser of one-third of an employee's elective deferral contributions, or 1% of the compensation that a participant contributed to the plan during 2022. Matching contributions are made quarterly and are only approved if certain financial criteria are met. The matching contributions were made for the 1st quarter, 2nd quarter, and 3rd quarter in 2023 and for the 2nd quarter, 3rd quarter and 4th quarter in 2022.

Stanek made discretionary matching contributions equal to 100% of the first 3% of compensation that a participant contributed to the plan and 50% of the next 2% of compensation that a participant contributed to the plan in 2023 and 2022. The matching contributions are made on a semi-annual basis, with the second contribution submitted in the year subsequent to the plan year in which the contribution relates to.

Vonco made discretionary matching contributions equal to 100% of the first 3% of compensation that a participant contributed to the plan and 50% of the next 2% of compensation that a participant contributed to the plan in 2023 and 2022. The matching contributions are made on an annual basis in the year subsequent to the plan year in which the contribution relates to.

- d. Employer non-elective contributions may also be made at the employer's discretion. No such contributions were made in 2023 or 2022.

Participant accounts - Earnings, including fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's deferral and rollover contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants generally begin vesting in employer contributions and related earnings upon completing two years of service at which time they are 100% vested. Special vesting provisions for employer contributions are applicable to participants with transferred account balances on March 8, 2019 as further defined in the plan document. Upon death, normal retirement, or permanent disability, a participant becomes 100% vested.

Payment of benefits - Benefit payments are recorded when paid. Benefit payments may commence upon death, disability, retirement or termination of employment. Participants generally receive distributions in the form of a single lump sum payment, installments or partial distributions. Hardship withdrawals are allowed under certain circumstances and in-service distributions are permitted upon reaching age 59½.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. Forfeitures used to pay plan expenses were approximately \$10,000 in 2023 and \$6,000 in 2022. There were approximately \$106,000 and \$76,000 of unapplied forfeitures as of December 31, 2023 and 2022.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer and not included in these financial statements. Certain other administrative expenses are paid by the plan from plan assets and recorded as administrative expenses in these financial statements. Such expenses include participant directed charges for distribution and loan fees and non-participant directed charges for service, administrative and advisory fees. Non-participant directed fees are allocated to the participants on an account value basis.

Notes receivable from participants - Participants may obtain loans from their accounts with approval of the plan administrator. Each participant may only have one loan outstanding at any time. The minimum loan amount is \$1,000 and the loans cannot exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Loans must be paid back over a period not to exceed five years, unless used to purchase a primary residence. As of December 31, 2023, loans outstanding had various repayment schedules through April 2028 with interest rates ranging from 3.25% to 8.25%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan sponsor, trustee and recordkeeper (as defined at Note 1) qualify as party-in-interest transactions. Nonparticipant directed fees paid to the recordkeeper, recorded as a component of administrative expenses in the accompanying financial statements, were \$46,000 in 2023 and \$57,000 in 2022. Direct fees paid to the trustee were insignificant in 2023 and 2022. In addition, the trustee receives revenue from mutual fund service providers for providing services to the funds. This revenue is used to offset amounts that may otherwise be owed by the plan to the trustee for services provided by the trustee to the plan.

Notes receivable from participant transactions also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a Milliman, Inc. non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. The opinion letter from the Internal Revenue Service states that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY CHARLES SCHWAB

Management has obtained certifications from Charles Schwab, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2023 and 2022;
- b. Dividends from investments and net appreciation (depreciation) in fair values of investments in 2023 and 2022; and
- c. Contributions to and withdrawals from accounts, and purchases, sales and interfund transfers of investments in 2023 and 2022.
