Management, having determined it is permissible in the circumstances, has elected to have the audits of Presence Marketing, LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Presence Marketing, LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Presence Marketing, LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Presence Marketing, LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Presence Marketing, LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Basis of Accounting

As discussed in Note B, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

PRESENCE MARKETING, LLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

A. Description of Plan

The following description of the Presence Marketing, LLC Retirement Plan (“Plan”) of Presence Marketing, LLC (“Company”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. *General.* The Plan is a defined contribution plan covering employees of the Company who have one month of service, have attained age 21, and are not excluded employees. Excluded employees are certain classes of employees including union employees who are governed by a collective bargaining agreement, leased employees and project employees. It is subject to the provisions of the Employee Retirement Income and Security Act (ERISA) of 1974.
2. *Contributions.* Each year, participants may contribute up to 85% of their pretax annual compensation, up to a maximum of \$22,500 in 2023 and \$20,500 in 2022, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. During the years ended December 31, 2023 and 2022 the Company matched 100 percent of each participant’s first 4 percent of contributions for the Plan years for eligible employees. The Plan also provides that participants who are age 50 or older, and who are making contributions to the Plan may also make a catch-up contribution (not previously made) of up to \$7,500 in 2023 and \$6,500 in 2022. Contributions are subject to certain IRS limitations.
3. *Participant Accounts.* Each participant’s account is credited with the participant’s contribution and Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.
4. *Vesting.* Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of service.
5. *Notes Receivable from Participants.* Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of 50 percent of the vested portion of their account balance, not to exceed \$50,000. Participants must repay any outstanding loan before a new loan can be made. The notes are secured by the balance in the participant’s account and bear interest at a rate of prime plus 1% in 2023 and 2022. The note is required to be paid (principal and interest) in amortized level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the note; provided, however, that if the proceeds of the note will be used to purchase a principal residence of the participant, the Plan administrator may permit a longer repayment term. Interest rates on loans outstanding at December 31, 2023 and 2022 range from 4.25% to 9.50%.

A. Description of Plan (continued)

6. *Payments of Benefits.* On termination of service due to death (beneficiary), disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest (100 percent upon death) in his or her account in either a lump sum amount, annuity, or installments. Alternatively, participants can choose to defer receipt of their distribution until, by law, minimum distributions are required. However, if the participant's vested account balance is \$5,000 or less, the balance will be distributed in a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.
7. *Forfeited Accounts.* Forfeitures are retained in the Plan and can be used to pay administrative expenses or can be used to reduce future Company contributions payable under the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$60,164 and \$2,999 respectively. For the year ended December 31, 2023, the amount used as employer contributions was \$29,654.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, income is recorded when received and expenses are recorded when paid. The modification is for the recording of investments at fair value (cash basis) rather than on a comprehensive cash basis of reporting as ascribed to in the auditor's report.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the year ending December 31, 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant to be in default, the participant loan is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts and disclosures. Actual results could differ from those estimates.

B. Summary of Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options in a combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Expenses

Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Fees for services to the Plan are paid through forfeitures and/or Plan assets. Investment related expenses are included in net appreciation of fair value of investments.

C. Certified Investments and Notes Receivable from Participants

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer contributions in their account.

E. Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Related-Party and Party-In-Interest Transactions

Reliance Trust Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Reliance Trust Company. Reliance Trust Company receives revenue from mutual fund service providers for services Reliance Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Reliance Trust Company for its administrative services to the Plan.

If the revenue received by Reliance Trust Company from such mutual fund service providers exceeds the amount owed under the MSA, Reliance Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2023, there was \$135,302 remitted to the Plan. The Plan or Plan Sponsor may make a payment to Reliance Trust Company for administrative expenses not covered by revenue sharing.

Fees paid by the Plan for administrative expenses to Reliance Trust Company for the year ended December 31, 2023 were \$56,314.

H. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, if fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Plan is released from risk, the margins for risk will also be released through net realized capital gains (losses) in changes in net assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in inactive markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of the three valuation techniques:

- Market approach – Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- Cost approach – Amount that would be required to replace the service capacity of an asset (replacement cost).
- Income approach – Techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option pricing models, and lattice models).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

PRESENCE MARKETING, LLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

H. Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Management reviews for other than temporary decline in accordance with the requirements of fair value measurements. The Plan's investments in mutual funds consist primarily of investments in exchange traded debt and equity securities. With the fund balance, certain individual investments may have fair values measured below cost. The severity of any impairment and the duration of any impairment correlate with the current market conditions. Based upon the near term prospects of the issuer of any of those securities in relation to the severity and the duration of the impairment, and based upon the Plan's ability and intent to hold those investments for a reasonable period of time sufficient for a forecasted recovery of fair value, the Plan does not consider those investments to be other than temporarily impaired at December 31, 2023.

The following tables set forth by level, within the fair value hierarchy, are the Plan's assets at fair value as December 31, 2023 and 2022 are as follows:

Investments at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 47,490,219	\$ 0	\$ 0	\$ 47,490,219
Total Assets at Fair Value	<u>\$ 47,490,219</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 47,490,219</u>

Investments at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 38,748,438	\$ 0	\$ 0	\$ 38,748,438
Total Assets at Fair Value	<u>\$ 38,748,438</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 38,748,438</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.
