## Independent Auditor's Report

To the Plan Administrator and Participants  
Velocity Aerospace Group, Inc 401(k) Profit Sharing Plan  
Frisco, Texas

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Velocity Aerospace Group, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 1, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period ended January 1, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section;

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Emphasis-of-Matter – Plan Merger***

As further discussed in Note 1, the Plan was merged into the Precision Aviation Group 401(k) Profit Sharing Plan effective January 1, 2023. Our opinion is not modified with respect to this matter.

## Velocity Aerospace Group, Inc 401(k) Profit Sharing Plan

### Notes to Financial Statements

#### Note 1. Plan Description

The following brief description of the Velocity Aerospace Group, Inc 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering eligible employees of Velocity Aerospace Group, Inc. and its affiliates (together, the Company) as identified in the Plan document. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2023, the Plan merged into Precision Aviation Group 401(k) Profit Sharing Plan and the ownership of the assets in the trust passed to the Precision Aviation Group 401(k) Profit Sharing Plan at that time. The assets transferred from Matrix Trust Company (Matrix) to Empower, the current custodian of the Precision Aviation Group 401(k) Plan on March 29, 2023.

Eligibility: Employees were eligible to participate in the Plan upon hire and were able to enter the Plan each payroll period. Those employees covered by a collective bargaining agreement and any employee who was a non-resident alien were not eligible to participate in the Plan.

Contributions: Each year, participants were able to contribute a portion of annual compensation, as defined in the Plan, up to limits set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants also were able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Each year, the auto-enrolled participants had their deferral rates increased by 1 percent until a cap of 8 percent was reached, or the participant affirmatively elected otherwise.

The Company provided for a safe harbor matching contribution of 100 percent of eligible deferrals of the first 1 percent of participant's deferred compensation plus 50 percent of the next amount of the matched employee contributions that exceeded 1 percent of the participant's deferred compensation but that did not exceed 6 percent.

The Company may have made additional profit-sharing contributions as determined annually by management. No profit-sharing contributions were made in 2023.

Contributions are subject to certain limitations.

Participant accounts: Each participant's account was credited with the participant's contribution, Company matching contributions as well as allocations of the Company's profit-sharing contributions, if any, and Plan earnings/losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant was able to direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants were able to change their investment options at any time.

### Notes to Financial Statements

---

#### Note 1. Plan Description (Continued)

Vesting: Participants were immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution, and profit-sharing contributions portions of their accounts was based on years of continuous service. A participant was 100 percent vested after 2 years of credited service. Participants who terminated employment due to death or disability were 100 percent vested in their account balances.

Notes receivable from participants: Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever was less. The loan repayment period was not to exceed 5 years. The loans were secured by the balance in the participant's account. The loan interest rate was set at 1 percent above the prime rate, as defined. Principal and interest were paid ratably through payroll deductions.

Payments of benefits: On termination of service due to death, disability, or retirement or other reasons, a participant was able to elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account. In addition, in-service and hardship withdrawals were permitted in certain situations as described in the plan agreement.

Forfeited accounts: At January 1, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0. Forfeited non-vested accounts could have been used to pay for Plan expenses or be applied to reduce Company matching contributions. No forfeitures were used to pay administrative expenses or to offset the Company contribution in 2023.

#### Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

### Notes to Financial Statements

---

#### Note 2. Summary of Accounting Policies (Continued)

Subsequent events: The Plan Administrator has evaluated all subsequent events for potential recognition and/or disclosure through March 26, 2024, the date the financial statements were available to be issued.

#### Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (Matrix) (the custodian of the Plan).

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

*Shares of registered investment companies*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table summarizes investments measured at fair value based on NAV per shares as of December 31, 2022:

	2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 6,729,584	\$ -	\$ -	\$ 6,729,584

### Notes to Financial Statements

#### **Note 5. Related-Party and Party-in-Interest Transactions**

Matrix was the custodian of the Plan, as defined by the Plan, and therefore transactions with Matrix qualified as party-in interest transactions.

Retirement Plan Consultants, Wealth Management, and AccuFinancial provided certain administrative services to the Plan. Transactions with Retirement Plan Consultants, Wealth Management, and AccuFinancial qualified as party-in-interest transactions.

The Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party-in-interest transactions.

Certain employees of the Company provided administrative services for the Plan and were not reimbursed for their services from the Plan.

Certain other administrative expenses were paid by the Company on behalf of the Plan. These amounts were not material to the financial statements.

#### **Note 6. Tax Status**

The Plan has adopted a pre-approved plan sponsored by CCH INCORPORATED DBA FTWILLIAM COM. The pre-approved plan has received a letter from the Internal Revenue Service, dated June 30, 2020, stating that the pre-approved plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan Administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
