Independent Auditors' Report

Plan Administrator and Participants Carousel Industries of North America, Inc. 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carousel Industries of North America, Inc. 401(k) Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator and Participants
Carousel Industries of North America, Inc. 401(k) Plan & Trust
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Carousel Industries of North America, Inc. 401(k) Plan & Trust (the "Plan") provides general information about the Plan's provisions. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, copies of which may be obtained from Carousel Industries of North America, Inc. ("Company" or "Plan Sponsor").

General

The Plan is a defined contribution plan qualified under Section 401(a) of the Internal Revenue Code ("IRC") with a deferred arrangement qualified under Section 401(k) of the IRC. Pursuant to the requirements of Section 401(a)(27) of the IRC, the Plan is also a profit sharing plan. The Plan covers all employees of the Company who elect to contribute to the Plan and meet the eligibility requirements of the Plan. The Plan initially became effective on January 1, 1999, for the purpose of providing benefits to participants upon retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company and the assets of the Plan are held and invested by Fidelity Management Trust Company (the "Trustee").

Eligibility

Employees who are 18 years of age are eligible and automatically enrolled to participate in the Plan on the first day of the month following the date the eligibility requirements are satisfied. Eligible participants are automatically enrolled with a deferral rate of 6% of pretax annual compensation unless another option is elected by the participant. The automatic enrollment feature includes an automatic escalation of one percent every year up to a maximum deferral rate of ten percent. Eligible participants have the option to cease participation at any time. Eligibility for any matching contributions is also as of the first day of the month following their 18th birthday.

Contributions

Participants may elect to contribute a percentage of their annual pretax compensation to the Plan, subject to certain limitations as allowable under Section 401(k) of the IRC. The Plan also allows contributions made to the Plan on an after-tax (Roth) basis.

These contributions, and earnings thereon, are not subject to federal income taxes until withdrawn from the Plan. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary matching contribution from the Company. All contributions to a participant's account are allocated among the various investments based on each participant's elections. The Company contribution is determined by a resolution of its Board of Directors. The Company elected to make a discretionary matching contribution equal to 20% of salary deferrals up to a maximum amount of 8% of a participant's eligible compensation. For the year ended December 31, 2023, the Company made a discretionary matching contribution totaling \$894,893.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings and (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting

Participants are immediately vested in their pretax and Roth savings contributions and any amounts rolled over or transferred into the Plan. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant's account attributable to the matching and profit sharing contributions becomes vested in 20% annual increments after the completion of two years of service and becoming 100% vested upon completion of six years of credited service, as defined.

Forfeitures

Any balance in the employer contribution account of a participant who has separated from service, to which he or she is not entitled, is administered by the Trustee and is subsequently to be used first to pay administrative expenses under the Plan, as directed by the Employer. Any remaining amounts will be used to reduce future employer contributions. Nonvested forfeited account amounts of \$38,878 and \$117,293 were used during the year ended December 31, 2023 to pay administrative expenses and reduce employer contributions, respectively. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$30,808 and \$24,973.

Payment of Benefits

Participants are entitled to the total value of their accounts in the form of lump-sum distributions upon attaining the age of 59½. Generally, there is a 10% excise tax on the taxable amount of any distribution taken before age 59½. Upon the death of a participant, his or her beneficiaries are entitled to 100% of the total value of the participant's account. Participants suffering total and permanent disability will be considered retired and any amount credited to the participant's account will be distributed to the participant in a lump-sum distribution upon disability. Upon termination of employment, participants are entitled to all vested monies in the Plan.

1. Description of Plan (*continued*)

Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain other expenses, including investment advisor and recordkeeping fees, are paid by the Plan and are included within administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to the administration of participant loans and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Revenue Credits

The Plan and Fidelity Management Trust Company entered into a revenue sharing arrangement whereby a portion of the revenue earned by the custodian for certain funds is passed through to the Plan for payment of permitted Plan expenses. These revenue credits are being allocated to participant accounts as the revenue credits are earned based upon each participant's actual investment in revenue credit generating investments. Such revenue credits are reported as other income in the accompanying statement of changes in net assets available for benefits. The associated expenses are then allocated directly to participant accounts.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of their vested account balance or \$50,000 (whichever is less). A participant may not have more than one outstanding general purpose loan, nor one outstanding residential loan, at one time. The term of the loan may not exceed five years unless the proceeds of the loan are used to purchase the participant's principal residence. The loans bear interest at interest rates commensurate with local prevailing rates. Principal and interest are paid in level payments through bi-weekly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Carousel Industries of North America, Inc. 401(k) Plan & Trust

Notes to Financial Statements

December 31, 2023

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the funds are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. The practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Effective June 28, 2024, the Carousel Industries of North America, Inc. 401(k) Plan & Trust was amended and renamed as the NWN Carousel 401(k) Plan.

5. Common/Collective Trust

The Fidelity Advisor Stable Value Portfolio - Class III ("FASVP" or "Fund") is a common/collective trust. The FASVP invests in short-term bonds and other fixed income securities such as U.S. treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities and derivative instruments, including futures, options and swaps. The FASVP also purchases third party wrap contracts designed to permit the use of book value accounting to maintain a constant NAV and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. Interest is credited to the FASVP under the wrap contracts; there is no immediate recognition of gains and losses. Instead, gains and losses are recognized over time by adjusting the interest rate credited to the FASVP. The Portfolio may also invest in investment contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest to the FASVP and the repayment of principal at maturity. It is the policy of the FASVP to use its best efforts to maintain a stable NAV of \$1.00 per unit, although there is no guarantee that the FASVP will be able to maintain this value.

The FASVP is designed to pay all permitted unitholder-initiated transactions at NAV. Permitted unitholder-initiated transactions are those transactions allowed by the underlying defined contribution plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the Plan) excluding certain withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The wrap contracts limit the ability of the FASVP to transact at NAV upon the occurrence of such Plan Sponsor events. These events include: the plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the Plan for employee contributions; any substantive modification of the FASVP or the administration of the FASVP that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the FASVP's cash flow; any communication given to unitholders by the Plan Sponsor, any other Plan fiduciary or Fidelity that is designed to induce or influence unitholders not to invest in the portfolio or to transfer assets out of the portfolio; any transfer of assets from the portfolio directly to a competing investment option.

NAV per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions received in good order, based on the next determined NAV per unit normally each day. In unusual market conditions, the trustee may impose restrictions on issues and redemptions of units. The fund has no unfunded commitments at December 31, 2023 and 2022.

6. Tax Status

The Plan has adopted a pre-approved 401(k) profit sharing plan. The Internal Revenue Service has issued a letter, dated June 30, 2020, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Carousel Industries of North America, Inc. 401(k) Plan & Trust

Notes to Financial Statements

December 31, 2023

6. Tax Status (*continued*)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

The Company expressly reserves the right to amend or terminate the Plan at any time. Although it is the intention of the Plan Sponsor to continue the Plan indefinitely, the provisions are subject to change as may be required by the Internal Revenue Service or the Department of Labor or as may be recommended by the Plan's consultants. Upon termination participants become fully vested and will receive a lump-sum distribution of their benefits.

8. Party-in-Interest Transactions

Certain Plan investments are units of mutual funds and a common/collective trust managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Fees incurred by the Plan for the investment management and recordkeeping services are paid by the Plan using the revenue share received. These transactions qualify as exempt party-in-interest transactions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

9. Plan Mergers

Effective January 12, 2023, the Atrion, Inc. 401(k) Plan was merged into the Plan. The transfer of assets into the Plan was \$16,635,220 and is included in asset transfers resulting from plan mergers on the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Effective December 31, 2023, the NWN Corporation Retirement Plan was merged into the Plan. The total transfer of assets into the Plan is \$53,082,541. This amount is allocated as \$52,514,885 and is included as plan transfer receivable and \$567,656 as notes receivable from participants on the statements of net assets available for benefits at December 31, 2023 and in asset transfers resulting from plan mergers on the statement of changes in net assets available for benefits for the year ended December 31, 2023.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements.
