INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Doosan Turbomachinery Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Doosan Turbomachinery Services, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023

Note 1 - Description of the Plan

The following description of Doosan Turbomachinery Services, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan covering substantially all employees of Doosan Turbomachinery Services, Inc. ("Company"). The Plan was originally effective January 1, 2012, to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The amended and restated provisions of the Plan became effective January 1, 2022, to conform the Plan to new tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

The Plan allows participation upon employment to all employees after the eligibility requirement of 60 days of service is met. Participants may participate on the first of the month coinciding with or next following the date the employee satisfies the eligibility requirement. Union employees and certain nonresident aliens are excluded.

Contributions

Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a pre-tax or Roth 401(k) deferral. Total deferrals in any taxable year may not exceed a dollar limit, which is set by law. Participants at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions. The Plan includes an automatic salary deferral feature in which 3% of a participant's compensation will be automatically contributed to the Plan as a pre-tax contribution unless the participant elects an alternative deferral amount or elects not to defer. Participants may make modifications to or revoke their salary deferral elections at any time during the plan year. Participants are also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company will make a safe harbor matching contribution equal to 100% of a participant's salary deferrals that do not exceed 3% of their compensation plus 50% of their salary deferrals between 3% and 5% of their compensation. The Company may also make a discretionary matching contribution to the Plan that will not exceed 4% of a participant's compensation. There were no discretionary matching contributions made during 2023.

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2023

Note 1 - Description of the Plan (Continued)Participant accounts (continued)

Participants direct the investment of their entire interest in the Plan in any of several investment securities. Participants can change their investment allocation among the various investment securities either through direct transfers from one option to another or by changing the percentage allocation of future contributions.

Notes receivable from participants

Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their accounts no amount less than \$1,000 up to a maximum equal to the lesser of one-half of their vested interest in the Plan or \$50,000 reduced by the participant's highest outstanding balance of loans from the Plan during the prior one-year period. A participant may have only one note outstanding at any one time. All loans are adequately secured and bear an interest rate of 2% above the prime rate. All notes require that repayment be amortized in level payments, not less than quarterly, over a period not exceeding five years unless the loan is for the purchase of a principal residence, in which case the loan repayment period may be longer.

Vesting

Participants are always 100% vested in their contributions, safe harbor matching contributions, and rollovers plus actual earnings thereon. Vesting in discretionary matching contributions and earnings thereon is based on periods of service. A participant is 100% vested after three credited periods of service.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay administrative expenses or reduce employer contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$30,718 and \$18,732, respectively, of which \$28,158 was applied to reduce 2023 employer contributions funded during 2024.

Payment of benefits

Participants may receive a distribution of the vested portion of some or all of their account in the Plan for termination of employment, normal retirement, disability, or death. Benefits under the Plan will generally be paid in cash only. If the participant's vested account balance does not exceed \$5,000, then the vested account balance may only be distributed to the participant in a single lump-sum payment. If the participant's vested account balance exceeds \$5,000, the participant must consent to any distribution before it may be made and elect to receive the distribution as a single lump-sum payment, installments, or partial withdrawals.

Participants may be entitled to receive an in-service distribution. Generally, participants may also receive a distribution from the Plan from certain accounts prior to their termination of employment if they have attained age 59½ or incurred a financial hardship.

Note 2 - Summary of Accounting PoliciesBasis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued.

Notes to Financial Statements

December 31, 2023

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by the Company and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- Pooled separate accounts: Valued at net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liability. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV.

Fair value of investments that calculate NAV

The following table summarizes pooled separate accounts measured at fair value based on NAVs per share as of December 2023 and 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2023	\$ 8,417,773	None	Immediate	None
December 31, 2022	\$ 6,145,924	None	Immediate	None

Note 5 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan provides for notes receivable from participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 6 - Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

Doosan Turbomachinery Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023

Note 7 - Tax Status

The Company adopted a non-standardized pre-approved plan which received a favorable opinion letter from the Internal Revenue Services ("IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2023 and 2022.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as December 31, 2023 and 2022, to Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 8,644,108	\$ 6,332,304
