INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Meridian Bank 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Meridian Bank 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Meridian Bank 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Meridian Bank 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Meridian Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Meridian Bank 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Meridian Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Meridian Bank 401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

1. The Plan

The following description of the Meridian Bank 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan, sponsored by Meridian Bank (the “Company”), is a defined contribution plan covering all employees of the Company. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Trustees are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Trustees.

Effective July 31, 2022, the Plan was amended and restated to comply with certain regulatory updates, including the “Setting Every Community Up for Retirement Enhancement Act” (the “SECURE Act”) and the “Coronavirus Aid, Relief, and Economic Security Act” (the “CARES Act”) and includes among other things, the adoption and approval of procedures and policies regarding qualified domestic relations orders, funding, hardship distributions, in-service distributions, salary deferral withholding, rollover contributions, and loans to participants.

Eligibility – Employees of the Company are eligible to participate in the Plan upon attaining age 21 and completing three months of service.

Contributions – The Plan allows each participant to contribute up to 100 percent of their eligible compensation as either pre-tax contributions, Roth contributions, or any combination of pre-tax and Roth contributions. However, the participant’s total deferrals in any taxable year may not exceed a dollar limit which is set by law. All eligible employees will automatically be enrolled in the Plan and will have 6 percent withheld as an elective pre-tax deferral unless they have made an affirmative election for non-participation in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Effective April 1, 2023, participants may change deferral elections each pay period.

Participants are permitted to make a separate deferral election for bonus payments and make Voluntary Employee After-Tax contributions up to a maximum of 3% of eligible compensation. Plan participants are allowed an unlimited number of in-plan Roth conversions of Voluntary Employee After-Tax contribution accounts per plan year.

Participants may also contribute certain amounts representing distributions from other qualified plans and from Individual Retirement Accounts (rollover). Participants in the Meridian Corporation Employee Stock Ownership Plan (the “ESOP”) who have completed three years of service shall be permitted, not less frequently than a quarterly basis, to elect to divest the Meridian Bank common stock in their accounts and transfer the proceeds to the Plan. During the years ended December 31, 2023 and 2022, \$123,497 and \$59,561, respectively, were transferred to the Plan from the ESOP and included in rollover contributions.

The Company’s matching contribution is equal to 50 percent of each participant’s salary deferrals, excluding Voluntary After-Tax contributions (not to exceed 6 percent of compensation). An additional discretionary profit-sharing contribution may be elected by the Company. For the years ended December 31, 2023 and 2022, the Company did not make any profit sharing contributions. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Meridian Bank 401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

Participants direct the investment of their contributions and any related employer contributions into various investment options offered by the Plan. All investments are participant directed. Participants may change or transfer their investment options at any time.

Participant Accounts – Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of additional profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their deferral contributions or any rollover contributions plus earnings thereon. Vesting in employer contributions and earnings thereon is based on years of service. The method of defining a year of service is if an employee is credited with at least 1,000 hours of service during the Plan year. A participant is 100 percent vested after attaining three years of service, unless, upon death or disability, the account will be 100 percent vested.

For purposes of determining years of vesting service, a participant will be credited for hours of service with certain predecessor employers as defined in the Plan document.

Notes Receivable from Participants – Plan participants may borrow from \$1,000 up to a maximum equal to the lesser of 50 percent of the value of their vested account balance or \$50,000 less their highest outstanding loan balance in the preceding 12 months, subject to certain limitations described in the Plan document. Loans bear interest at the prime rate reflected in the Wall Street Journal on the date of the loan. Principal and interest are paid ratably through payroll deductions generally over a term of up to five years. A participant may not have more than one loan outstanding at any point in time. Extended terms of up to 15 years are available should the loan relate to the purchase of a primary residence.

Payment of Benefits – On termination of service for any reason, including disability, a participant is entitled to receive the vested amount credited to their account. If the value of a participant's account is \$5,000 or less, the Plan will make a mandatory distribution upon termination. If the participant does not elect to receive the mandatory distribution directly or paid to an eligible retirement plan in a direct rollover, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator. On termination of service due to death, the full value of the account will be paid to the beneficiary. The Plan also allows for certain in-service distributions upon attaining age 59½, disability, and for certain hardship distributions. Additionally, participants may take distributions from the rollover contribution portion of their account at any time.

Participants are permitted to take hardship distributions of pre-tax salary deferrals and Roth deferrals, and earnings attributable to those deferrals are included in the amount that can be taken in a hardship withdrawal.

Meridian Bank 401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

Forfeitures – At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$18,329 and \$88,610, respectively. Forfeited accounts may be used to reduce future Company contributions or pay administrative expenses. In October 2024, forfeitures of \$18,329 were used to offset the true-up employer matching contribution relating to 2023. In October 2023, forfeitures of \$74,196 were used to offset the true-up employer matching contribution relating to 2022. During 2023 and 2022, employer matching contributions were reduced by \$91,152 and \$111,299, respectively, from forfeited nonvested accounts. During 2023 and 2022, no forfeitures were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition – Investments are recorded at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Certain fees incurred by the Plan for investment management or recordkeeping services totaling \$18,626 and \$17,847 for 2023 and 2022, respectively, are also included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Subsequent Events – The Plan has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

3. Investment Certification

Certain information related to investments included in the Plan's financial statements and the ERISA-required supplemental schedule was obtained or derived from information provided by Empower Trust Company, LLC and Empower Life & Annuity Insurance Company (collectively, "Empower"), the custodian of the Plan, and furnished to the plan administrator. Management of the Plan has obtained certifications from the custodian that such information is complete and accurate. The certifications apply to the Plan's investment balances at December 31, 2023 and 2022 and the related activity for the years then ended.

During the years ended December 31, 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value, as determined by quoted market prices, by \$5,119,603 and \$(6,820,739), respectively.

Interest and dividend income on investments for the years ended December 31, 2023 and 2022 was \$907,782 and \$910,364, respectively.

4. Investment Contract

The Plan has a fully benefit-responsive investment contract with Empower, which includes an investment option in the EI Fixed Account – Series Class II at December 31, 2023 and 2022. Empower maintains the amounts allocated to the contract in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The crediting interest rate is determined on a quarterly basis, as designated by Empower. The crediting interest rate is subject to guaranteed minimum floor, as defined on an annual basis by Empower.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed interest contracts at December 31, 2023 and 2022 was \$1,969,711 and \$2,302,540, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Meridian Bank 401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include, but are not limited to: (1) amendments to the Plan agreement (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) or premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The guaranteed interest contract does not permit the insurance company or the Plan to terminate the agreement prior to the scheduled maturity date.

The average yield earned by the guaranteed interest contract with Empower is as follows:

<u>EI Fixed Account – Series Class II</u>	<u>December 31, 2023</u>
Average Yields:	
Based on actual earnings	1.48%
Based on interest rate credited to participants	1.48%
 <u>EI Fixed Account – Series Class II</u>	 <u>December 31, 2022</u>
Average Yields:	
Based on actual earnings	1.18%
Based on interest rate credited to participants	1.18%

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Meridian Bank 401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Money Market and Mutual Funds: Valued at the daily closing price reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,341,185	\$ -	\$ -	\$ 38,341,185
Total investments at fair value	<u>\$ 38,341,185</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,341,185</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,523,346	\$ -	\$ -	\$ 32,523,346
Total investments at fair value	<u>\$ 32,523,346</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 32,523,346</u>

6. Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of money market and mutual funds managed by Empower, the custodian, and a related party to the recordkeeper of the Plan. Therefore, these transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA. Additionally, certain fees incurred and paid to the custodian and third-party service providers, and loans to participants are also considered party in interest transactions.

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their share of employer contributions and earnings thereon.

Meridian Bank 401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

8. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020 that the Plan, as evidenced by a prototype document, and the related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, liquidity risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan investments include a variety of investments that may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net Assets Available for Benefits per the Financial Statements	\$41,113,381	\$35,328,000
Less: Certain deemed distributions of participant loans	(87,208)	(94,704)
