| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

**Part I Service Provider Information (continued)**

**3.** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

| (a) Enter service provider name as it appears on line 2             | (b) Service Codes<br>(see instructions)                                                                                                                            | (c) Enter amount of indirect compensation |

| <b>1</b> Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. <b>Round off amounts to the nearest dollar.</b> MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. **Independent Auditor's Report**

Board of Trustees  
Joint Industry Board Employees' 401(k) Plan

**Opinion**

We have audited the financial statements of Joint Industry Board Employees' 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i)—Schedule of assets (held at end of year) as of December 31, 2023, and Schedule H, line 4(j)—Schedule of reportable transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## Joint Industry Board Employees' 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Organization and Significant Accounting Policies

**Organization:** The Annuity Plan of the Clerical Employees of the Joint Industry Board of the Electrical Industry was originally established effective February 11, 1960. In April 1998, the plan changed its name to the Joint Industry Board Employees' 401(k) Plan (the Plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan, which is administered by Joint Industry Board of the Electrical Industry (JIB or the Employer), has as its principal activities, the collection and investment of funds received on behalf of the employees of JIB (Participants) as a result of salary deferrals and employer contributions in accordance with: (i) the terms of a four-year collective bargaining agreement (the Agreement) between Local Union No. 153 of the Office of Professional Employees International Union, AFL-CIO and JIB and (ii) all employees not subject to the Agreement within JIB.

Under the terms of the Agreement, JIB contributed 10% of gross weekly salary, excluding the Employer's Federal Insurance Contributions Act (FICA) Contribution, to the Plan on behalf of all eligible employees. For each plan year, the Employer may also make a discretionary employer contribution to the Plan. Participants can elect to defer up to 100% of their compensation during any taxable year; however, the amount of contributions may not exceed the limitation mandated by the Internal Revenue Service (IRS).

The Plan permits employees who are eligible to make elective deferrals under the Plan and who have attained age 50 before the close of the plan year to make catch-up contributions in accordance with and subject to the limitations of Section 414(v) of the Internal Revenue Code (the Code).

Participants may also roll over amounts representing distributions from other qualified defined contribution plans. For the years ended December 31, 2023 and 2022, rollovers of \$29,566 and \$8,660, respectively, are included within the Employees' contributions on the statements of changes in net assets available for benefits.

At all times, Participants are 100% vested in the accrued benefit allocated to their Participant accounts.

For the 2023 and 2022 years, Participants could elect to invest their employee and employer contributions in the JIB Employees' Capital Preservation Fund, a pool of assets administered by Plan Trustees, certain mutual funds and commingled trusts.

State Street Bank and Trust Company and Principal Global Investors Trust Company are the Plan's custodians for the JIB Employees' Capital Preservation Fund option. Through March 31, 2022, Prudential Insurance Company of America was the Plan's administrative service provider and custodian of the mutual fund and commingled trust options. Effective April 1, 2022, Empower Retirement, LLC became the Plan's administrative service provider and custodian of the mutual fund and commingled trust options.

The Plan provides the following benefits:

- (a) Death benefits and retirement benefits are payable either in a lumpsum or in installments.
- (b) Employment termination benefits are paid to Participants for the entire amount of their Participants' accounts either in a lumpsum or in installments.

The foregoing description of the Plan provides only general information. Participants should refer to the *Summary Plan Description of Joint Industry Board Employees' 401(k) Plan* for a more complete description of the vesting and benefit provisions of the Plan. Copies of this pamphlet are available from the Plan Administrator.

#### Note 1. Organization and Significant Accounting Policies (Continued)

**Basis of accounting:** The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Investment valuation and income recognition:** The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date (i.e., an exit price). See Note 2 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Participant accounts:** Participant accounts are credited with the employer's and employees' contributions and an allocation of the Plan's earnings, including net appreciation (depreciation) in the fair value of the Plan's investments in accordance with the investment selections chosen by the Participant. Participant accounts are also charged with monthly administrative expense amounts. These amounts consist of record-keeping and other administrative costs. Loan processing fees are also charged to Participants who elect to take loans. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's account. Each Participant has a fully vested, nonforfeitable interest in their account, to the extent that the Participant's account is not used as loan collateral (see notes receivable from Participants below).

**Notes receivable from Participants:** In accordance with the Plan's provisions, the Plan's trust has adopted specific loan rules setting forth the minimum and maximum amounts which may be borrowed, the purposes for which loans may be used, the periods of repayment, the determination of interest rates and the manner in which a Participant's contribution account is used as loan collateral. Copies of the loan applications and rules are available from the Plan Administrator. At December 31, 2023 and 2022, notes receivable from participants bore interest at rates ranging from 3.25% to 8.50% and 3.25% to 8.25%, respectively.

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from Participants are shown net of delinquent participant loans which are recorded as a reduction in net assets when they are in default as provided in the Plan document.

**Estimates:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Payment of benefits:** A participant may receive a benefit payment upon participant's retirement, death, disability, separation from employment, hardship or through an in-service withdrawal or a minimum required distribution. Each benefit payment type has eligibility criteria as defined in the Plan document. Benefit payments are recorded when paid.

**Plan termination:** Although they have not expressed any intent to do so, the trustees have the right to modify the benefits provided to Participants and to terminate the Plan subject to the provisions of applicable law and the terms of the Agreement.

**Contributions:** Contributions from Participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

#### Note 1. Organization and Significant Accounting Policies (Continued)

**Subsequent events:** The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 7, 2024, for these financial statements.

#### Note 2. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Level 1:** Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

**Level 2:** Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

**Level 3:** Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the estimated valuations that market Participants would use in pricing the asset or liability (including assumptions about risk).

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

**Mutual funds:** Valued at the daily price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price, which constitutes an active market.

**Investments measured at NAV:** Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund/trust less its liability. This practical expedient is not used when it is determined to be probable that the fund/trust will sell the investment for an amount different than the reported NAV.

#### Note 2. Fair Value Measurements (Continued)

The valuation methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's investments by type at fair value as of December 31, 2023 and 2022:

| Investments as of December 31, 2023      |               |         |         |                       |

### **Notes to Financial Statements**

---

#### **Note 2. Fair Value Measurements (Continued)**

- (c) State Street Short-Term Investment Fund's investment objective is to provide safety of principal, daily liquidity, and a competitive yield over the long term by investing in securities of a short-term nature. The fund has no restrictions on the NAV price or its equivalent.
- (d) The Vanguard Commingled Trusts are designed to provide collective investment trusts for employee benefit plans and other eligible tax-exempt entities. The trusts invest substantially all of their assets in stock, bond and money market funds. Other Vanguard Commingled Trusts are aggregated and do not individually represent more than 5% of investments at fair value.
- (e) Blackrock Russell 2000 Alpha Fund is a direct filing entity that is valued on a daily basis. Withdrawals from the fund are based on the fund's unit value on that day.
- (f) Putnam Large Cap Value Trust is a direct filing entity that is valued on a daily basis. Withdrawals from the fund are based on the fund's unit value on that day.

#### **Note 3. Risk and Uncertainties**

Investments in any single corporate issue, other than U.S. government and agency issues, U.S. government instruments and agency mortgage-backed securities, are typically limited to no more than 5% of the portfolio. The Plan held approximately 33% and 38% of the portfolio in the Morley Stable Value Fund at December 31, 2023 and 2022, respectively. The Plan's investment managers regularly evaluate the credit standing of these institutions, which are considered in the Plan's investment strategy. Information about these financial instruments is provided in Notes 2 and 3.

The Plan's investment securities are subject to various risks such as interest rate and credit risk. Due to risks associated with certain investment securities, values of investment securities could change, affecting the amounts reported in the accompanying financial statements.

#### **Note 4. Tax Status**

The Plan has received a determination letter from the IRS, dated August 3, 2017, stating that the Plan is qualified under the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. JIB, as the Plan Administrator, believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Management evaluated all of the Plan's tax positions for all open tax years and has concluded that the Plan has taken no uncertain tax positions that require adjustment to the financial statements.

#### **Note 5. Related-Party and Party-in-Interest Transactions**

State Street is one of the Plan's custodians and the Plan also invests in short-term investment funds managed by State Street. In addition, the Plan invests in the Morley Stable Value Fund held in custody and managed by Principal Global Investors Trust Company. The Plan also holds a bank account at Deutsche Bank used for cash transactions in the ordinary course of administering the Plan. In addition, as described in Notes 1 and 2, the Plan has several other arrangements with JIB, participants or service providers related to plan operations. These transactions are considered exempt party-in-interest transactions under ERISA.
