REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Cement Masons Pension Fund of Local No. 165

Opinion

We have audited the financial statements of Cement Masons Pension Fund of Local No. 165 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Cement Masons Pension Fund of Local No. 165 as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, and the accumulated plan benefits as of December 31, 2022, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of financial statements; and
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CEMENT MASONS PENSION FUND OF LOCAL NO. 165

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

Cement Masons Pension Fund of Local No. 165 (the Plan) was created by an agreement and declaration of trust, dated January 1, 1971, between the Calumet Builders Association, Inc., and Industrial Contractors and Builders Association of Indiana, Inc. and the Cement Masons Local Union No. 165 of Hammond, Indiana and Vicinity (Union) for the purpose of providing retirement benefits for eligible participants. The Plan is a multiemployer defined benefit pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides several types of monthly pensions for qualified participants who retire under the provisions of the Plan rules and regulations. A participant is vested generally after satisfying five years of vesting service, or attainment of normal retirement age. One year of vesting service is earned for each year a participant completes 1,200 hours or more of work. The types of pension benefits provided are as follows:

A Normal Retirement Pension will be provided for a participant after the later of age 65 or the fifth anniversary of employment.

An Early Retirement Pension (1) will be provided to a participant who shall have attained age 55 and 25 years of vested service. If age is less than 60, there is a benefit reduction.

An Early Retirement Pension (2) with a benefit reduction is provided for a participant who shall have attained age 55 and 10 years of credited service.

A Disability Retirement Pension will be provided for a participant who becomes totally and permanently disabled while in covered employment after completion of 10 years of credited service and becomes entitled to disability benefits payable under Title II of the Social Security Act.

A Vested Deferred Pension will be provided to a participant if they have achieved vested service and are not entitled to any other pension under the Plan. A vested deferred pension shall be payable at the participant's normal retirement date or after the participant has attained age 55.

A Pre-Retirement Surviving Spouse Pension will be provided for a surviving eligible spouse provided that the participant had attained vested service. If the participant is eligible for retirement at death, benefit is payable immediately; otherwise, the benefit is payable the first date the participant could have retired.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

A Pre-Retirement Death Benefit will be provided upon the death of a participant who has not commenced to receive a pension if the participant does not have a qualified spouse on the date of his death. A five-year certain benefit will be paid based on the participant's accrued benefit earned as of the date of his death and which would have been payable at normal retirement age. The benefit will not be reduced for early retirement and is payable to the participant's designated beneficiary.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method Accounting - The accompanying financial statements have been prepared using the accrual method of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit losses* (Topic 326), which is effective for the year ended December 31, 2023. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due and not paid prior to the year end are recorded as contributions receivable. Employer delinquencies and payroll compliance audit deficiencies are recognized when collection is considered probable. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum payments, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of participants working in covered employment and the contribution rates set forth in the collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose in the cement mason industry as described in Note 1 within a jurisdiction primarily located in Hammond, Indiana, and vicinity.

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with other multiemployer pension plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union. When a participant works in the territory of a reciprocating local union, the other plan is required to make contributions to the participant's home local benefit plans on the participant's behalf. The Plan's contribution revenue includes monies received pursuant to reciprocity agreements. The Plan uses the same recognition and measurement criteria for such revenue as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$294,246 and \$301,929 for the years ended December 31, 2023 and 2022, respectively, from various other pension plans under the terms of reciprocity agreements. The Plan remitted a total of \$618,865 and \$363,148 in reciprocal contributions to various other pension plans under the terms of reciprocity agreements for the years ended December 31, 2023 and 2022, respectively. Reciprocal contributions payable at December 31, 2023 and 2022 were \$138,521 and \$125,954, respectively.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events were evaluated through August 27, 2024, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, participants and their beneficiaries. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 3. PRIORITIES UPON TERMINATION (CONTINUED)

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter dated July 17, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Trustees of the Plan and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. ACTUARIAL INFORMATION

The actuarial valuation of the Plan was made by Foster & Foster as of December 31, 2022. Information in the report included the following:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	\$ 18,957,919
Other vested benefits	<u>10,376,433</u>
Total vested benefits	29,334,352
Nonvested benefits	<u>3,023,309</u>
Total actuarial present value of accumulated benefits	<u><u>\$ 32,357,661</u></u>

NOTE 5. ACTUARIAL INFORMATION (CONTINUED)

As reported by the actuary, the changes in the present value of accumulate plan benefits for the year ended December 31, 2022 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year		\$ 30,789,389
Increase (decrease) during the year attributable to		
Benefits accumulated, net experience gain or loss and changes in data	\$ 1,260,938	
Interest	1,947,675	
Changes in actuarial assumptions	36,360	
Benefits paid	<u>(1,676,701)</u>	
Net increase		<u>1,568,272</u>
Actuarial present value of accumulated plan benefits at end of year		<u>\$ 32,357,661</u>

The actuarial valuation was prepared using the unit credit actuarial cost method. Some of the more significant actuarial assumptions used in the valuation were as follows:

Mortality rates: RP-2014 Blue Collar Mortality Tables projected generationally using Scale MP-2021

RP-2014 Disabled Retiree Mortality Table projected generationally using Scale MP-2021

Retirement rates: Retirement age varies depending on the employee's years of service

Interest rate: 6.50%, net of administrative expenses of .3%

The actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

The changes in actuarial assumptions reflect the following:

- Mortality assumptions were projected one year further to 2023.

Since information on the accumulated plan benefits at December 31, 2023, and the changes therein for the year then ended are not included, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of December 31, 2023, and changes in its financial status for the year then ended, but a presentation of the net assets available for benefits and the changes therein as of and for the year ended December 31, 2023. The complete financial status is presented as of December 31, 2022.

NOTE 5. ACTUARIAL INFORMATION (CONTINUED)

For the Plan year beginning January 1, 2024, the Plan's actuary has certified that the Plan continues to be in neither critical nor endangered status (green zone), as defined by the Pension Protection Act of 2006, as amended.

NOTE 6. FUNDING POLICY

Employer contributions to the Plan are made under negotiated collective bargaining agreements. The hourly contribution rates for the years ended December 31, 2023 and 2022 ranged from \$9.80 to \$13.80 for 2023 and \$9.30 to \$13.30 for 2022.

The Plan's actuary has advised that minimum funding requirements of ERISA were being met as of January 1, 2023.

NOTE 7. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Measurements Using Net Asset Value as a Practical Expedient

Certain investments are valued at the net asset value per share, used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported net asset value.

The collective trust fund valued at net asset value is a direct filing entity (DFEs) that files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the investment strategies of DFE investments. Redemptions are generally available daily without notice. Redemptions over 50% of the aggregate net asset value per unit require notification, in writing, no later than the 45 days prior to the end of a calendar quarter. Redemptions under these terms shall be effected on the last business day of the calendar quarter. There are no unfunded commitments as of December 31, 2023 and 2022.

The following table summarizes investments measured at fair value based on net asset value per share other than DFEs as of December 31, 2023 and 2022.

Description	Fair Value		Strategy	Redemption Frequency	Notice Period
	12/31/23	12/31/22			
Limited partnership	\$ 3,739,859	\$ -	Invests in holding companies who in turn invest in infrastructure-related assets located in member countries of the Organization for Economic Development, with a primary focus in US, Canada, Western Europe and Australia	March 31st and September 30th	90 days

NOTE 8. INVESTMENT CONCENTRATION

The Plan's investment in the collective investment fund is 89% and 99% of net asset available for benefits at both December 31, 2023 and 2022, respectively. The fund seeks to provide risk-adjusted return by investing in a diversified multi-asset class portfolio. The Plan's exposure to concentration of credit risk is limited by the diversification of investments within the fund.

NOTE 9. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Due to inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 10. MAJOR EMPLOYERS

The Plan had three major participating employers which accounted for approximately 37% of the employer contributions to the Plan for the years ended December 31, 2023 and 2022. In the event these employers were to suspend contributions, the Plan would retain the risk of meeting current fixed administrative expenses until the appropriate adjustments were made.

NOTE 11. IRS COMPLIANCE

The Internal Revenue Service conducted an investigation of the Plan for the purpose of reviewing the Plan's compliance with the Internal Revenue Code. The Plan received a letter dated December 14, 2022, closing the examination with no change.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Cement Masons Pension Fund of Local No. 165

We have audited the financial statements of Cement Masons Pension Fund of Local No. 165 (the Plan) as of December 31, 2023 and 2022 and our report thereon dated August 27, 2024, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statement as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
