Independent Auditors' Report

Board of Directors and Management
Perry County Memorial Hospital
401(k) Profit Sharing Plan
Perryville, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of Perry County Memorial Hospital 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit), which comprise the statements of net assets available for benefits as of December 22, 2023 (in liquidation) and December 31, 2022 (ongoing), the related statement of changes in net assets available for benefits for the year ended December 22, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 22, 2023 and December 31, 2022, and for the years ended December 22, 2023 and December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Terminating Plan

As discussed in Note G to the financial statements, the Board of Directors of Perry County Memorial Hospital, voted on August 1, 2023 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE A | DESCRIPTION OF THE PLAN

The following description of the Perry County Memorial Hospital 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan, which became effective on January 1, 1998, was known as a defined contribution plan. The plan covered all employees of Perry County Memorial Hospital (the Hospital or Employer) who had attained 21 years of age, three months, and 250 hours of service with the Hospital. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On August 1, 2023, the Plan was amended to terminate, effective September 30, 2023. See Note G for discussion on the Plan termination.

2. Contributions

A separate contribution account was established for each employee eligible for participation in the Plan. Employees were automatically enrolled in salary deferrals at 2% upon obtaining eligibility unless they affirmatively elected not to participate in the Plan. The Hospital had elected to match contributions to participants' deferral contributions 100% for the first 3% of elective deferral, plus a 50% match of participant contributions that exceeded 3% of their compensation up to a maximum of 5% of participant compensation. Participants directed the investment of the contributions into various investment options offered by the Plan. Effective April 1, 2019, Roth elective deferrals were permitted. Employees could make deferral contributions to the Plan within the limits set by the Internal Revenue Service.

3. Participant Accounts

Each participant's account was credited with the participant's contribution, the Hospital's contribution, plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

NOTE A | DESCRIPTION OF THE PLAN

4. Vesting

Participants were 100% vested in employer and employee contributions that occurred after January 1, 2012. Prior to January 1, 2012, participants were 100% vested in employer contributions plus related earnings after six years of service, beginning with the date of employment and were 100% vested in their deferral contributions plus related earnings. The Plan provided that upon retirement, disability or death of a participant, the participant would become 100% vested and the participant's account would be paid in a single lump-sum payment.

5. Notes Receivable from Participants

Participants were allowed to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans were required to be paid within five years and were secured by the balance in the participant's account. Loans bared interest at a prevailing rate determined by the Trustee. Principal and interest were paid through payroll deductions at a frequency no less than quarterly.

6. Forfeitures

At December 22, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0. These accounts were used to reduce future employer contributions. Employer contributions were not reduced by forfeitures in 2023 and 2022.

7. Payment of Benefits

On termination of service, unless otherwise elected, a participant would receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals were allowed upon obtaining the age of 59½.

9. Subsequent Events

Management evaluated all events and transactions that occurred after December 22, 2023, through October 9, 2024, the issue date of these financial statements.

NOTES TO FINANCIAL STATEMENTS
December 22, 2023 (In Liquidation) and December 31, 2022 (Ongoing)

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

Associated with the Plan's amendment to terminate, as discussed in Note G, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Valuation of Investments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by investment advisers and custodians. See Note D for discussion on fair value measurements.

Purchases and sales were recorded on a trade-date basis. Interest income was recorded when earned. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4. Tax Status

The Internal Revenue Service had determined and informed the Plan by letter dated June 30, 2020, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believed that the Plan was currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believed that the Plan was qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Payment of Benefits

Benefit payments to participants were recorded upon distribution.

6. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants were recorded as a distribution based upon the terms of the plan document. No allowance for credit losses had been recorded as of December 22, 2023 and December 31, 2022.

7. Administrative Expenses

NOTE D | FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There are three levels of inputs that may be used to measure fair value:

Level 1- Valuation is based on quoted prices in active markets for identical assets and liabilities.

Level 2- Valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active or by model-based techniques which significant inputs are observable in the market.

Level 3- Valuation is derived from model-based techniques in which at least one significant input is unobservable and based on the Plan’s own estimates about the assumptions that market participants would use to value the asset or liability.

The asset or liability’s fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets of the Plan. There had been no changes in the methodologies used at December 22, 2023 and December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Input levels by investment category of the Plan’s net assets at December 22, 2023 were as follows:

<u>Investment Category</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ -	\$ -	\$ -	\$ -

Input levels by investment category of the Plan’s net assets at December 31, 2022 were as follows:
