Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Clark Center 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of the Clark Center 401(k) and Profit Sharing Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Clark Community Mental Health Center (the Company). Employees are eligible to immediately participate provided they are 21 years of age and have no service requirements with entry on the first day of the month after hire. Employees are eligible for non-elective deferrals after 1 year of service which is defined as 1,000 work hours with entries on January 1 and July 1. Participants must be employed on the last day of the year with 1,000 hours for safe harbor nonelective. Employees are given 90 days to opt out of the Plan. If no such election is made they are automatically enrolled at 1% with 1% increases annually on September 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to contribute a percentage of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Transfers from qualified plans are allowed under the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company may make a discretionary contribution equal to a uniform percentage of the employee's salary, which percentage is determined annually at the discretion of the Company's Board of Directors. The Plan has a Safe Harbor employer contribution rate of 3% of the employee's salary in addition to any discretionary contribution. During 2023 the Company contributed the 3% safe harbor and a 5% discretionary contributions amounting to \$625,485. During 2022 the Company contributed the 3% safe harbor and a 6.29% discretionary contributions amounting to \$609,777.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, any employer discretionary profit-sharing contribution and plan earnings, which are allocated proportionately among all participants based on participant earnings or account balances, as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides vesting in the employer's discretionary contributions of 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six years of service. Participants are fully vested in the safe harbor discretionary employer contribution. An employee who becomes disabled, dies, or reaches age 65 will become 100% vested in employer's contributions.

Payment of Benefits

Prior to July 15, 2021, upon termination of service due to death, disability, retirement, or termination of employment, the participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the balance is less than \$1,000. Account balances between \$1,000 - \$5,000 are subject to automatic rollover upon severance. After July 15, 2021, terminated participants shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the balance is less than \$5,000. For an account balance greater than \$5,000, the participant must authorize the benefit payment distribution. An in-service distribution may be made to a participant who has attained age 59 1/2.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2023 and 2022

Note 1: Description of the Plan (Continued)

Forfeitures

Forfeitures represent the non-vested portion of participant account balances upon termination. Forfeitures of Company discretionary funds are used to reduce plan fees and any employer contributions the following year. Match was reduced by \$8,535 and \$3,475 and fees were reduced by \$0 and \$626 for years ended December 31, 2023 and 2022, respectively. Amounts forfeited during the years ended December 31, 2023 and 2022 totaled \$3,535 and \$5,264, respectively. The forfeiture account balances at December 31, 2023 and 2022 were \$4,323 and \$8,887,

Participant Loans

As of July 15, 2021 participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest at a rate determined by the Plan Administrator. Loan repayments are made ratably through payroll deductions. Generally, the loan term may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. For the years ending December 31, 2023 and 2022 the interest rates on outstanding loans were 4.25%.

At the end of each year there were no loans in default.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Company are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2023 and 2022, the Plan had no pending distributions of participants requesting distribution but not receiving it until the subsequent year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants accounts are charged directly to the participants account. Other expense are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

Investment Valuation and Income Recognition

The Plan's investments are presented as determined and certified by American United Life Insurance Company (the Custodian) as of December 31, 2023 and 2022. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investments in common stocks, corporate bonds, and publicly traded limited partnerships are valued at the closing price reported on the active market on which the individual securities are traded. Investments in unit investment trusts are valued at the closing price of the underlying assets. Net appreciation consists of both realized and unrealized appreciation (depreciation) on investments bought and sold as well as held by the Plan during the year.

Note 2: Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Investment contracts are reported at contract value. Contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined-contributions plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon a distributable event, as defined in the Plan document.

Note 3: Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
December 31, 2023				
Pooled separate mutual funds	\$ 4,311,792	\$ -	\$ -	\$ 4,311,792
December 31, 2022				
Pooled separate mutual funds	\$ 2,902,620	\$ -	\$ -	\$ 2,902,620

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2023 and 2022

Note 3: Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Mutual Funds and Money Market Funds

American United Life Insurance Company (the Custodian) and investments are held in mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Custodian believes that the Pooled Separate Accounts should be filed as Mutual Funds on the Form 5500 because they have not made the filing with the Department of Labor as a Direct Filing Entity. They have listed the interest in the AUL separate account under the group annuity contract to complete Schedule D showing the assets as being the separate account units and then complete the Schedule H to show the value of the Plan's portion of the investments that underlie the separate account.

Note 4: Related Parties and Parties in Interest

The Company absorbs some administrative expenses of the Plan, the cost of audit fees related to the Plan, and the cost of fidelity bonds. The Company provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements. Also, certain plan investments are shares of proprietary funds managed by the Custodian (or its affiliates). These transactions qualify as exempt party-in-interest transactions.

Administrative functions are performed by officers or employees of the Company. Additional party-in interest transactions include audit fees paid to Varney & Associates, CPAs, LLC, and investment fees paid to the Custodian. These transactions qualify as exempt party-in-interest transactions.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6: Tax Status

The Company adopted a non-standardized prototype plan document. The Internal Revenue Service issued an opinion letter, dated August 19, 2020, on the prototype plan document, indicating the basic plan document is acceptable under Code Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2023 and 2022

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Reconciliation of Financial Statements to Form 5500

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2023 and 2022

Note 10: Investment Contracts

Participants in the Plan have the option to invest in the American United Life Insurance Company (AUL) Stable Value Fund. The account earns a declared interest rate for new deposits in each calendar quarter. Interest rate guarantees of the account are backed by assets held by the general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. The contract value of funds held in the account generally represents principal plus accrued interest. The fair value of these funds reflects the relationship between credited rates earned by funds held in the account and current market rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination.

Certain events may limit the ability of the Company and/or Plan participants to transact at contract value with AUL. Examples of these events would include, but would not be limited to, premature termination of this contract and termination of the retirement plan. In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract's funds. Under no event may the Custodian terminate this contract and settle at an amount different from contract value.

Note 11: Subsequent Events

The Plan Administrator has evaluated subsequent events through October 11, 2024, the date on which the financial statements were available to be issued.
