Board of Trustees, Plan Administrator, and Participants
Zoeller Company Retirement Savings Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Zoeller Company Retirement Savings Plan and Trust (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Opinion (Continued)

- The information in the financial statements referred to on the previous page related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Other Matter (Continued)

Supplemental Schedules Required by ERISA (Continued)

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZOELLER COMPANY RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 1 - Plan Description

The following description of the Zoeller Company Retirement Savings Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all domestic employees of Zoeller Company and Subsidiaries (Company) who have completed seven months of consecutive service with at least one hour worked in each of those months, and are not members of a collective bargaining unit, except for those employees who are members of the collective bargaining unit Conference of Firemen and Oilers, Local 320. The Plan is subject to the provisions of ERISA. The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at four percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Company has a matching contribution for eligible collective bargaining and non-collective bargaining unit participants, who work in the plant, of 100 percent of the first four percent of compensation that a participant contributes to the Plan. The matching contributions may be paid in cash or shares of Company stock as determined by the Company. The Company may provide an option to liquidate stock at the end of each quarter.

The Company also makes discretionary contributions to the Plan each year for eligible non-collective bargaining unit participants, who work in the office, in the form of cash or shares of Company stock.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings, as applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Eligible non-collective bargaining unit participants, who work in the office, are vested immediately in their contributions and employer contributions plus actual earnings thereon. Eligible collective bargaining unit participants and non-collective bargaining unit participants, who work in the plant, are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either cash or Company stock, or partly in each, a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals, or periodic payments via monthly, quarterly, or annual installments. Participants who have attained age 59 ½ may elect to receive either a partial withdrawal or lump-sum amount equal to the value of the participant's vested interest in his or her account. Non-collective bargaining unit participants, who work in the office, may request a hardship withdrawal of a portion of their account attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need. Liquidation of employer stock may take up to five years or ten years depending on employee election and; thus, may not be immediately available to distribute.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 1 - Plan Description (Continued)

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$84,215 and \$254, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. In 2023, employer contributions were reduced by \$273 from forfeited nonvested accounts. There were no Plan expenses paid from forfeited nonvested accounts in 2023.

Voting Rights

The Board of Trustees will vote all Company stock held in the Plan, but will vote shares allocated to participants' accounts as directed by the participants. Absent a direction from the participant, the Board of Trustees will vote Company stock allocated to participants' accounts in their discretion.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to certain recordkeeping and administrative services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Summary of Financial Data Certified by the Trustee

The following is a summary of the Plan's financial information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and the supplemental schedules, that was prepared by or derived from information provided by Matrix Trust Company, the Trustee of the Plan. The Plan administrator has obtained certifications from the Trustee that the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedules related to the following:

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (Continued)

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

Employer common stock: The Company common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser ultimately based the valuation upon the discounted cash flow and guideline public company methods.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 75,576,799	\$ 0	\$ 0	\$ 75,576,799

Note 4 - Fair Value Measurements (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets

	Investment in Zoeller Company Common Stock
Balance at beginning of year	\$ 16,556,759
Unrealized appreciation in estimated fair value	1,146,889
Balance at end of year	\$ 17,703,648
The amount of total gains for the period included in changes in net assets attributable to the change in unrealized gains relating to assets still held at the reporting date	\$ 1,146,889

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022:

Investment	2023 Fair Value	2023 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 10,235,215	\$ 0	Daily	None

Note 5 - Related Party Transactions and Party-in-Interest Transactions

The Plan invests in Company common stock, which is considered a party-in-interest transaction. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and investment advisor of \$60,166 for the year ended December 31, 2023, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, collective bargaining unit participants and non-collective bargaining unit participants, who work in the plant, would become 100 percent vested in their employer contributions.

Note 7 - Tax Status

The IRS has determined and informed the Company by a letter dated October 10, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and; therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

ZOELLER COMPANY RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in Company common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Approximately 17 and 18 percent of the Plan's investments are held in Company common stock at December 31, 2023 and 2022, respectively. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Participant Contributions

Under provisions of ERISA, contributions of employee deferrals are to be remitted to the Plan as of the earliest date on which such contributions can reasonably be segregated from general assets. The Plan entered into nonexempt prohibited transactions during the current and prior Plan year, for which employee deferrals were not remitted timely. The attached supplemental schedule discloses all participant contributions which are considered prohibited transactions. The Company has contributed the 2023 late deferral amounts to the Plan and is in the process of correcting the associated lost earnings. The Company has contributed the 2022 and 2021 late deferral amounts and associated lost earnings to the Plan.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

The Plan was amended June 26, 2024, and retroactively effective January 1, 2024, to change the one hour of service requirement to be based on the participant's date of hire anniversary, to change the amount of Company stock allowed to be held by participants, and to credit former Sencillo Systems, Inc. employees with prior service in determining their eligibility to participate in the Plan.
