INDEPENDENT AUDITOR'S REPORT

The Participants, Management Committee, and Plan Administrator
Carter Funds, LLC 401(k) Plan
Tampa, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carter Funds, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carter Funds, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Carter Funds, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carter Funds, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Carter Funds, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Carter Funds, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

Effective January 1, 2018, Carter Multifamily Fund Management Company, LLC (the “Company”) established the Plan, a defined contribution plan that covers eligible employees who elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Management Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s employees. The Plan’s custodian and record keeper is Nationwide Trust Company, FSB.

Full time employees who attained the age of 21 and have completed 500 hours of service during the first 6 months of employment or a year of service are eligible to participate in the Plan. Employees covered under a collective bargaining agreement, non-resident aliens, and leased employees are not eligible to participate.

Part time employees must complete a year of service with at least 1,000 hours to be eligible to participate in the Plan. The enrollment dates are the first day of the first, fourth, seventh, and tenth months coinciding with or following the date of eligibility. All eligible employees are automatically enrolled in the Plan with a 3% deferral of compensation unless the employee makes a contrary election.

Contributions

Each year, participants may contribute their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (“IRC”). The Plan allows for catch up contributions in a taxable year if the participant will be at least age 50 by the end of that year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows for qualified after-tax Roth deferrals and Roth rollovers.

The Plan provides a discretionary match. For the year ended December 31, 2023 the Company provided an annual discretionary profit-sharing contribution. The discretionary profit-sharing contribution was on average 2% of plan compensation and totaled \$92,357.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

CARTER FUNDS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. The vesting schedule for employer matching contributions is as follows:

<u>Vesting Percentage</u>	<u>Years of Service</u>
25%	1
50%	2
60%	3
80%	4
100%	5

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid in equal installments consisting of principal and interest over a period not to exceed five years, unless the loan is used to purchase a primary residence, in which case the loan may be payable within 10 years or such longer period that is commensurate with the repayment period permitted by commercial lenders for similar loans. The loans are collateralized by the participant's vested account balance and bear interest at a rate of 1% in excess of the prime rate. Interest rates ranged from 6.50% to 9.00% and 4.25% to 6.50% at December 31, 2023 and 2022, respectively.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants on March 8, 2024.

Payment of Benefits

Upon termination of service, death, disability, or retirement, participants may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account, receive a series of monthly payments, or continue to maintain the balance in the Plan. If no election is made for balances below \$5,000, the plan administrator may automatically rollover the vested balance into an individual retirement account. The Plan provides that once an individual, either active or terminated, reaches the age of 59-1/2, he or she is entitled to withdraw any part of their vested account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures

Forfeitures from non-vested participant accounts are generally used to reduce future Company contributions or to pay for certain plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,226 and \$3,593, respectively. The Company did not utilize any forfeitures in 2023.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions regarding certain types of assets, liabilities, additions to net assets and deductions from net assets. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance from credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to participants who have chosen to withdraw from the Plan but who have not yet been paid are not recorded as a liability but are disclosed. There are no unpaid distributions at December 31, 2023 and 2022.

Expenses

The Company pays certain administrative expenses associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated all events and transactions that occurred after December 31, 2023, for potential recognition or disclosure through October 7, 2024, the date the financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation of investments for the year ended December 31, 2023 was obtained by management and agreed to or derived from information certified as complete and accurate and accurate by Nationwide Trust Company, FSB, the qualified institution of the Plan.

NOTE 4. GUARANTEED INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company totaling \$90,546 and \$66,465 at December 31, 2023 and 2022, respectively. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5. INVESTMENTS MEASURED USING THE NET ASSET PER SHARE PRACTICAL EXPEDIENT

Investments at fair value held by the Plan consist of registered investment companies ("RIC"). The following is a description of the valuation methodology used for assets measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2023 and 2022.

Registered Investment Company

Valued at the net asset value ("NAV") of units of the RIC. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the RIC less its liabilities. Each RIC invests primarily in a single mutual fund. The investment manager has unitized these investments and unit values are based on the daily value of the mutual funds minus any applicable fees. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the RIC, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. The investments are grouped according to the investment's significant investment strategy. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Strategies provided by Nationwide:

- (1) Balanced - A diversified mix of stocks and bonds. These funds generally seek to conserve principal, pay current income, and promote long-term growth.
- (2) Bonds - A debt security issued by a governmental agency or corporation, which guarantees to repay money loans by the investor by a specific date, in addition to fixed interest payments.
- (3) International Stocks - Shares of ownership in corporations headquartered outside of the U.S. Generally, this classification includes any mutual fund that invests no more than 49% in U.S. markets.

NOTE 5. INVESTMENTS MEASURED USING THE NET ASSET PER SHARE PRACTICAL EXPEDIENT (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)

Investment Strategies provided by Nationwide (continued):

- (4) Large-Cap Stocks - Shares of ownership in corporations with market capitalization value over \$10 billion. These are larger, established, well-known, profitable companies.
- (5) Mid-Cap Stocks - Shares of ownership in corporations with market capitalization value between \$2 billion and \$10 billion.
- (6) Small-Cap Stocks - Shares of ownership in corporations with market capitalization value between \$300 million and \$2 billion. Generally, they have higher growth potential than large or mid-cap stocks but are also more volatile.
- (7) Specialty - An all-encompassing class of mutual funds which do not neatly fall into other mutual fund classifications. Specialty funds tend to focus on a specific segment of the economy, such as foreign real estate or employer stock.

NOTE 6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Nationwide, the Plan's custodian and recordkeeper, issues and manages certain plan investments. Nationwide, Intac Actuarial Services, the Plan's third-party administrator, and Allied Wealth Partners, the Plan's investment advisor, are paid from Plan assets. As such, transactions with these parties qualify as party-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the prototype non-standardized profit-sharing plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of its latest determination letter; however, the Company believes the Plan as designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

CARTER FUNDS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 8. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
