Independent Auditor's Report

October 9, 2024

To the Participants, Plan Administrator and Trustee of the
Square Deal Machining, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Square Deal Machining, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SQUARE DEAL MACHINING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Square Deal Machining, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a qualified defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Square Deal Machining, Inc., Kurtz Truck Equipment, and Metal Solutions, Inc., affiliates of Square Deal Machining, Inc. under common ownership (collectively referred to as the “Plan Sponsor” and/or the “Company”); see below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to participate in the Plan upon reaching two months of service. After meeting the eligibility requirements, employees may begin participating in the Plan on the first day of the succeeding calendar month.

Plan amendments, restatements and rollover contributions - Effective January 1, 2022, the Plan was amended and restated to adopt traditional Safe Harbor matching provisions (see “Contributions” below). In addition, the amendment and restatement removed the automatic enrollment provisions, changed the participation entry date to the first of the month following meeting eligibility requirements and added Kurtz Truck Equipment as a participating employer.

Effective August 6, 2023, the Plan was amended and restated to add Metal Solutions, Inc. as a participating employer. In addition, the amendment and restatement added a provision to allow for rollover contributions of participant notes receivable. The Plan received rollover contributions, including notes receivable from participant employees of Metal Solutions, Inc of \$2,176,517 for the year ended December 31, 2023.

Contributions - Eligible employees can contribute to their employee deferral account up to the maximum amount allowed by the Internal Revenue Code. Participants who meet certain age requirements can elect to make catch-up elective deferrals. They are also allowed to make rollover contributions and Roth contributions to the Plan.

The Company will make Safe Harbor matching contributions of 100% of the first 3% and 50% of the next 2% of participant elective salary deferrals. Safe Harbor matching contributions were \$197,460 and \$169,747 for the years ended December 31, 2023 and 2022, respectively, of which \$1,338 and \$2,201 remained receivable by the Plan as of December 31, 2023 and 2022, respectively. The Company may also make discretionary matching and/or profit-sharing contributions. There were no employer discretionary matching or profit-sharing contributions for the years ended December 31, 2023 and 2022.

Participant accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contribution and any employer contribution, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on account balances as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via NBT Bank's online platform where they have the ability to change their elective deferrals and investment options, as well as request distributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions and employer Safe Harbor contributions plus actual earnings thereon. Vesting for discretionary employer matching and profit-sharing contributions is based on years of continuous service. Participants are 20% vested in employer discretionary matching and profit-sharing contributions for each year of continuous service, becoming 100% vested after five years of continuous service.

Forfeitures - Forfeited accounts may be used to reduce future employer contributions or to pay administrative expenses. Unused forfeitures and usage thereof were insignificant as of December 31, 2023 and 2022, and for the years then ended.

Investment options - Upon enrollment in the Plan, participants may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options daily through online access.

Payment of benefits - Upon termination of service, a participant or beneficiary with a vested account balance greater than \$5,000 may receive a distribution of all or part of their vested account balance at any time. Vested balances for terminated participants of \$5,000 or less are automatically distributed. Once a participant reaches age seventy-two a required minimum distribution is made.

Notes receivable from participants - Distributions of new notes receivable from participants are not permitted under the Plan. However, as discussed above, the Plan received rollover contributions of notes receivable from participants for the year ended December 31, 2023, that will be continue to be serviced by the Plan through their maturity dates. Interest rates on outstanding notes as of December 31, 2023, range from 3.25% to 8.75%. The notes are secured by the balance in the participant's account. According to requirements of the plan agreement, the plan administrator will treat a note in default if any scheduled payment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have defaulted on their outstanding notes as required under the plan document. There were no deemed distributions for the year ended December 31, 2023.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships as defined by the plan document. Any hardship distribution is limited to the amount necessary to meet the financial need.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the plan agreement, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates - The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the Plan's income and expenses during the reporting period. Actual results could differ from these estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns, (i.e., inflation) and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair value (see Note 5). All investment values have been determined and certified by NBT Bank, the Trustee of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible participant notes receivable become material. If a participant defaults on a note receivable and distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the note receivable balance.

Economic dependency and concentration of credit risk - Approximately 99% of the Plan's investments, annually, are held and administered by Vanguard as of December 31, 2023 and 2022. Accordingly, the Plan is dependent upon the financial condition of this company.

Administrative expenses - Administrative costs, including legal, accounting and auditing costs, are the obligation of the Plan; however, the Plan Sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments and of maintaining participant accounts are paid directly out of the Plan's assets (see Note 6).

Payment of benefits - Benefits are recorded when paid.

Subsequent events - Management has evaluated subsequent events through October 9, 2024, the date that the financial statements were available for issue.

Note 3 - Tax status of the Plan

The Plan has adopted the EPIC Retirement Plan Services Non-Standardized Profit Sharing and 401(k) Plan. The Internal Revenue Service has ruled the Plan as acceptable under Section 401(a) of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter; however, management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2023 or 2022. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2020.

Note 4 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation (depreciation) in investments and interest and dividend income for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by NBT Bank, the Trustee of the Plan, as of December 31, 2023 and 2022, and for the years then ended. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Fair value measurements

The Financial Accounting Standards Board's authoritative guidance on fair value measurements provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies, (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Money Market Fund - Managed portfolio, which consists of U.S. Government obligations valued at the closing price reported on the active market on which the individual security is traded (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

The following tables set forth, by Level within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,435,145	\$ -	\$ -	\$ 5,435,145

	<u>\$ 2,316,281</u>	<u>\$ 452</u>	<u>\$ -</u>	<u>\$ 2,316,733</u>

Note 6 - Related party transactions

The Plan's investments as of December 31, 2023 and 2022, are managed by NBT Bank, the Trustee of the Plan. Fees paid for these services qualify as party-in-interest transactions and were \$18,989 and \$17,804 for the years ended December 31, 2023 and 2022, respectively. NBT Bank has contracted with EPIC Retirement Plan Services to perform recordkeeping and third-party administrative services and has contracted with Charles Schwab & Co., Inc. to provide certain investment custodial services for investments. Fees paid for these services qualify as party-in-interest transactions and were included in the net appreciation (depreciation) in investments in the accompanying statements of changes in net assets available for benefits.

The Plan contracts with Dannible & McKee, LLP to provide auditing services, which qualifies as party-in-interest transactions. Fees for these services were paid for by the Company for the years ended December 31, 2023 and 2022.
