REPORT OF INDEPENDENT AUDITORS

To the Benefits Policy Committee of
Meritor Inc. Savings Plan
Columbus, Indiana

Opinion

We have audited the financial statements of Meritor Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (collectively referred to as the "financial statements.")

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

REPORT OF INDEPENDENT AUDITORS (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Plan Description

The following description of the amended and restated Meritor, Inc. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution savings plan covering eligible salaried and certain non-union hourly employees of Meritor, Inc. and other affiliated companies (the "Company" or "Meritor"). Eligible employees may participate in the Plan immediately on the date they become employees. The Plan is administered by the Company's Employee Benefit Plan Committee and the Plan Administrator. The trustee for the Plan assets is T. Rowe Price Trust Company ("Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On August 3, 2022, Cummins Inc., an Indiana corporation ("Cummins"), completed its acquisition of the Company which is now a wholly owned subsidiary of Cummins. On December 31, 2023, the Plan merged into the Cummins Retirement and Savings Plan and participants became participants in the Cummins Retirement and Savings Plan effective January 1, 2024. See Note 6.

Contributions

Employee Contributions - Eligible employees may contribute up to 50% of their compensation by electing to defer receipt of compensation (pre-tax contribution) subject to the limits prescribed under the Internal Revenue Code ("IRC"). Participants can elect to have their contributions invested in 5% increments in various investment funds. The Plan also permits Roth contributions up to 50% of an eligible employee's compensation subject to the limits prescribed under the IRC. Total employee contributions are limited to 50% of an eligible employee's compensation subject to the limits prescribed under the IRC.

Eligible newly hired employees are automatically enrolled into the Plan 30 days after their hire date. Employees are enrolled with a default contribution rate of 3% of compensation and may contact T. Rowe Price, the Plan Recordkeeper, to opt out or change the election.

Eligible employees who are making pre-tax contributions that are less than 10% of their compensation are enrolled in automatic escalation. Each December 1, to the extent at least 30 days have elapsed since the participant's eligibility date or since an adjustment was made to their contribution percentage, the participant's deferral percentage is automatically increased by 1% of compensation for each adjustment period until the deferral percentage is 10%. The participant may contact the Plan Recordkeeper, to opt out of automatic escalation or can affirmatively elect to continue automatic escalation after reaching the 10% limit, elect the automatic increases at a different amount and/or choose a different adjustment date.

The Plan allows participants who are at least age 50 by the end of the plan year to make additional pre-tax and/or Roth contributions up to the limits prescribed under the IRC.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. These rollover amounts are recorded in the participant contributions line item of the accompanying Statement of Changes in Net Assets Available for Benefits.

Employer Matching Contributions - Participants are immediately eligible for matching contributions. The Company matches 100% of the participant's contribution up to the first 3% of eligible compensation deferred and 50% of the participant's contribution on the next 3% of eligible compensation deferred. Company matching contributions are invested according to the investment mix participants have elected for their own contributions.

December 31, 2023 and 2022

Note 1 - Plan Description (Continued)

Employer Pension Contributions - Pension contributions are fully funded by the Company and are made to certain eligible salaried and non-union hourly employees of Meritor regardless of whether they choose to contribute to the Plan ("Pension Contributions"). Pension Contributions range between 2% and 4% of participants' compensation, depending on the participant's age. Pension Contributions are invested according to the investment mix participants have elected for their own contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, Pension Contributions, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of Plan losses and administrative expenses.

Allocations are based on participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting

Amounts attributable to participant and rollover contributions and employer matching contributions are fully vested at all times. Pension Contributions vest in annual 20% increments beginning with the completion of the participant's second year of service. Participants become fully vested after they reach six years of service. Forfeited Pension Contributions are netted against future employer contributions. For the year ended December 31, 2023, forfeitures of approximately \$1,438,000 were used to offset employer contributions.

Plan Withdrawals

Vested amounts contributed may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59½. Pre-tax withdrawals prior to attaining age 59½ are not permitted except in the event of retirement, disability or as a hardship distribution. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Upon termination of service due to death, disability, retirement or other reasons, a participant would generally receive an amount equal to the value of the participant's vested interest in their account as a lump-sum distribution. The Plan was amended in a prior year to allow the vested interest in eligible terminated participants' accounts valued at more than \$5,000, to be distributed to participants in a single-sum payment, or in monthly, quarterly, semi-annual or annual installments. If the value of the vested interest in eligible terminated participants' accounts is valued below \$5,000, the participant is given the election of either taking a cash distribution or having the payment rolled over directly to an IRA or other eligible plan.

Participant Notes Receivable

Participants may borrow from their accounts an amount not less than \$1,000 and not greater than the lesser of (i) \$50,000 less the amount of notes receivable outstanding during the preceding 12-month period or (ii) one-half of the participant's vested account balance. The notes receivable are secured by the balances in the respective participants' accounts.

December 31, 2023 and 2022

Note 1 - Plan Description (Continued)

Interest is charged at 1% over the prime rate in place at the note receivable origination date, which is defined as the published Wall Street Journal prime rate. As of December 31, 2022, interest rates charged on outstanding balances ranged from 4.25% to 8.00%. The notes receivable are repaid through payroll deductions over periods not to exceed 60 months unless they are for the purchase of a primary residence. Payments of principal and interest are reinvested under the participant's current investment election for new contributions. Participants may have only one outstanding note receivable.

Termination

Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time. In the event of termination of the Plan, participants with Pension Contribution balances would become fully vested.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds are reported at fair value based on quoted market prices.

The common/collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying net assets. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. See Note 3 for additional information.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses

Administrative expenses for services required in accordance with Plan provisions are paid by the Plan. All expenses not required by the Plan are paid by the Company. The amounts reported in the financial statements represent administrative expenses paid by the Plan. The Company did not pay any expenses on behalf of the Plan during the year ended December 31, 2023.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments which are exposed to various risks related to, among other things, interest rate, foreign currency, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2024, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets be reported at fair value in the financial statements and provide a framework for establishing that fair value. The guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset and liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Note 3 - Fair Value Measurements (Continued)

Investments measured at fair value on a recurring basis at December 31, 2022 are as follows:

	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 510,048,424	\$ 510,048,424	\$ -	\$ -
Investments measured at NAV - Common/collective trust fund (1)	<u>95,703,498</u>			
Total investments at fair value	<u>\$ 605,751,922</u>			

- (1) This class represents investments in the T. Rowe Price Stable Value Common Trust Fund (“Stable Value Fund”) that invests primarily in guaranteed investment contracts, separate account contracts, fixed income securities, wrapper contracts, and short-term investments. Stable Value Fund units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by the Plan. Under the terms of the Stable Value Fund’s agreement, the Plan is required to provide advance written notice to T. Rowe Price Trust Company prior to full redemption of the Stable Value Fund. There were no unfunded commitments with this class.

Note 4 - Tax Status

The Plan uses a pre-approved plan, sponsored by T. Rowe Price Trust Company. The pre-approved plan has received a favorable opinion letter dated August 19, 2020 from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. Management has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be issued, there were no audits for any tax periods in progress.

Note 5 - Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 6 - Plan Merger

Effective December 31, 2023, the Meritor, Inc. Savings Plan was merged with the Cummins Retirement and Savings Plan. As of December 31, 2023, assets related to the Plan had been liquidated by the Trustee and were in transit to Northern Trust Company, the trustee of the successor plan. These amounts, totaling approximately \$613 million at December 31, 2023, were received by Northern Trust Company on January 3, 2024.
