Independent Auditor's Report

To the Plan Administrator
Land Trust Alliance, Inc. Defined Contribution Retirement Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Land Trust Alliance, Inc. Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Land Trust Alliance, Inc. Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Land Trust Alliance, Inc. Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Land Trust Alliance, Inc. Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Land Trust Alliance, Inc Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Land Trust Alliance, Inc Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LAND TRUST ALLIANCE, INC.
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN

Land Trust Alliance, Inc. Defined Contribution Retirement Plan (the "Plan") is a defined contribution plan established on January 1, 1997. Land Trust Alliance, Inc. (the "Alliance") is the Plan sponsor. The Plan trustee is TIAA-CREF (the "Trustee"). Newport Group provides bookkeeping and administrative services for the Plan.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

The Plan is a defined contribution plan covering all employees of the Alliance who normally work more than twenty hours per week. There is no minimum service requirement to make salary deferral contributions. Employees are automatically enrolled in the Plan after six months of service. However, deferral contributions are not automatically deducted from each payroll unless the employee has made an election. An employee may opt out of participating in the Plan at any time.

Employer Contributions

The Alliance makes non-elective contributions of 6.5% of the participant's eligible compensation until the completion of 36 months of employment, and 8% of compensation thereafter. The Alliance makes non-elective contributions of 7.946% of the President's eligible compensation until the completion of 36 months of employment, and 9.76% of compensation thereafter. Participants are eligible to receive employer non-elective contributions upon the completion of six months of service. Employer contributions are invested in accordance with participants' election(s).

Participant Contributions

Participants may contribute a percentage of their annual pre-tax compensation, as defined in the Plan, not to exceed the maximum allowable amounts under the Internal Revenue Code ("IRC"). Participants who are at least age 50 can make additional catch-up deferral contributions as defined under the IRC.

Rollover Contributions

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, subject to the Plan provisions.

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022
(continued)

NOTE A – DESCRIPTION OF PLAN - continued

Vesting

Participants are always 100% vested in their participant contributions and the employer's non-elective contributions (as adjusted for investment gains and losses). Prior to each Plan year, the Alliance provides written notice to all Plan participants describing their rights and obligations under the Plan.

Investment Options

The Plan provides for participant-directed investment programs; whereby, the Plan determines which investment options are available and the participants may choose among the available options. Participants may have their accounts invested in any single or a combination of mutual funds, or a common collective trust. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is self-directed and is credited with the participant's elective contribution (including elective deferrals, catch up contributions, and/or rollover contributions), the Alliance's contributions, share of any investment earnings, and increases in the value of investments. Participant accounts are reduced by any withdrawals or distributions, investment losses, decreases in values of investments, and share of fees and expenses, as applicable. Allocations are pursuant to the Plan provisions.

Notes Receivable from Participants

The Plan allows active participants to borrow from their vested account balances. Loans are provided under a separate written loan policy. Participant loans are limited to a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, less the highest outstanding loan balance in the prior twelve month period. Participants are permitted to have only one outstanding loan at any time and the loan must be repaid within a five year period, unless the loan is for the acquisition of a primary residence.

Payment of Benefits

Benefits may be paid from participant accounts at age 59 1/2, or upon disability, termination of employment, death, or upon the Plan's termination. Participants who are age 72 and over are required by the Internal Revenue Service ("IRS") to make certain required minimum distributions. If a participant's account is valued at \$5,000 or less, then a lump sum of the account balance will be distributed to the participant upon termination of employment.

NOTE A – DESCRIPTION OF PLAN - continued

Payment of Benefits (continued)

The taxable portion of a withdrawal is subject to federal and state income taxes and a penalty, if the participant has not reached retirement age, unless the amount is rolled over into another eligible plan or an Individual Retirement Account. Eligible participants may request an in-service hardship distribution of elective deferrals and any vested employer contributions, subject to the Plan's provisions. Vested benefits may be paid to the participants in a lump-sum distribution or direct rollover distribution to another qualified plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Benefit Payments

Benefit payments to participants are recorded when paid.

Administration and Operating Expenses

Administrative costs, except for certain investment fees and loan fees that are paid out of the related participant accounts, are paid by the Alliance and have not been included in the accompanying financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for those common collective trust investment contracts, which are reported at net asset value; and except for those investments in guaranteed investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

LAND TRUST ALLIANCE, INC.
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022
(continued)

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition (continued)

See Note D regarding the fair value measurement of investments. Net asset value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to common collective trust investment contracts. As such, net asset value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to guaranteed investment contracts. As such, contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Interest is recorded as earned and dividend income is accrued as of the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rate shall remain fixed throughout the duration of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents.

NOTE C – INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by TIAA-CREF (the "trustee" of the Plan), a qualified institution, as of and for the years ended December 31, 2023 and 2022, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the plan administrator, and certified as complete and accurate by TIAA-CREF (the "trustee" of the Plan).

Dividends	77,560	63,318
Net appreciation (depreciation) in fair value of investments	2,410,343	(2,734,819)

NOTE D – FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE D – FAIR VALUE MEASUREMENT – continued

The fair value of mutual funds are determined by using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan invests in the TIAA Real Estate Account (“REA”), which is a pooled separate account, for which quoted prices are not available in active markets. The funds seek to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The REA invests mainly in real estate and real estate-related investments. There are no unfunded commitments and the redemption frequency is daily. The REA is valued at net asset value (“NAV”) as a practical expedient, as determined by the trustee.

TIAA Traditional Non Benefit Responsive Guaranteed investment contracts are stated at fair value as determined by discounted cash flows or reference to the value of underlying assets, when available. The guaranteed interest account provides a guaranteed interest rate, which ranges from 1% to 3%, for a specified period of time as determined, or allowed, by the Plan. The guaranteed interest account promises contract value for a benefit event; however, there is a possible market value adjustment when funds are withdrawn prior to maturity. Thus, the funds are not considered benefit responsive. These investments are classified as Level 3 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENT – continued

Realized and unrealized gains or losses included in revenues for the years ended December 31, 2023 and 2022, for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) are reported within net appreciation (depreciation) in fair value of investments on the statements of changes in net assets available for benefits.

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds investments in guaranteed investment contracts with TIAA (the issuer). The TIAA Traditional Benefit Responsive Fund is an unallocated fixed-annuity contract that is fully and unconditionally guaranteed by TIAA. The contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for these investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract value of the TIAA Traditional Benefit Responsive Fund equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any. The TIAA Traditional Benefit Responsive Fund is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate shown on the contract specifications. The interest crediting rate is declared on a quarterly basis.

The TIAA Traditional Benefit Responsive Fund is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on the issuer's ability to meet its financial obligations from general assets. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, or would limit the ability of the Plan to transact at contract value with the participants.

NOTE E – INVESTMENT CONTRACTS WITH INSURANCE CONTRACTS – continued

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreement without the consent of the issuer. Investments measured at contract value as of December 31, 2023 and 2022, totaled \$1,284,378 and \$1,256,594, respectively.

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As the Trustee and Custodian of the Plan, TIAA-CREF receives a percentage amount of the total investments for managing the Plan's assets, which qualifies TIAA-CREF as a party-in-interest to the Plan. For the years ended December 31, 2023 and 2022, fees paid by the Plan for the investment management and administrative services totaled \$75 and \$225, respectively. Certain accounting and administrative functions of the Plan are performed by employees of the Plan sponsor at no cost to the Plan.

NOTE G – PRIORITIES UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Alliance has the right to amend the Plan, discontinue its contributions at any time, and terminate the Plan subject to the provisions of ERISA and the Plan document. Upon the Plan's termination, participants will continue to be 100% vested in their accounts.

NOTE H – INCOME TAX STATUS

The Internal Revenue Service has determined 403(b) plans comply with laws and regulations if the Plan sponsor has adopted a written plan and operated it in accordance with the requirements. The plan administrator believes that the Plan is designed and is being operated in accordance with the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements. The Plan is subject to routine examinations by the Internal Revenue Services, but no request has been made for an examination as of the date of these financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE I – RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities. Investment securities are exposed to various risks such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J – SUBSEQUENT EVENTS

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through September 25, 2024, the date the financial statements were available to be issued. There were no additional events or transactions that were discovered during the evaluation that required further recognition or disclosure.
