FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Independent Auditors' Report

Board of Trustees
The Defined Benefit Pension Plan and Trust
for Superior Fibers, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Defined Benefit Pension Plan and Trust for Superior Fibers, LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended and accumulated plan benefits for the years ended December 31, 2022 and 2021, the statement changes in accumulated plan benefits as of December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design

audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE DEFINED BENEFIT PENSION PLAN AND TRUST FOR
SUPERIOR FIBERS, LLC

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following brief description of The Defined Benefit Pension Plan and Trust for Superior Fibers, LLC (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan is a defined benefit pension plan covering all hourly union employees of Superior Fibers, LLC (the Company) in Bremen, Ohio. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On May 21, 2007, the Union and management amended the Plan. The amendment closed the Plan to new employees, but maintains annual funding for current participants.

B. Pension Benefits

Hourly union employees with six or more months of service are entitled to monthly pension benefits beginning at normal retirement age (65) based upon \$22.50 per month for each year of service, as of May 15, 2008.

The Plan permits early retirement at ages 55-64 with 10 years of service. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. If employees terminate before rendering 5 years of service, they forfeit the right to receive their accumulated plan benefits. After 5 years of service, employees are fully vested. Employees may elect to receive their benefits as a life annuity payable monthly upon retirement.

C. Death Benefits

If an active employee dies, a death benefit, based on the value of the employee's accumulated pension benefits, is paid to the employee's beneficiary in an amount equal to the amount the surviving spouse would have received under a qualified joint and 50% survivor annuity.

Note 2 - Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan.

A. Management's Estimates

Preparation of financial statements in conformity with generally accepted accounting principles requires the use of management's estimates. Actual results may differ from the estimates.

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Accounting Policies - (Continued)

B. Valuation of Investments

Investments are valued at quoted market prices. If a quoted market price is not available, estimated fair values are utilized.

C. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are determined based upon the formula in Note 1, B. The accumulated plan benefits for active employees are based on the credited service years through the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Al Minor & Associates, Inc. and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2023 and 2022 were (a) life expectancy of participants (the 1983 Individual Annuity Mortality Table was used), (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The 2023 and 2022 valuations included assumed average rates of return of 4.75% and 5.47%, respectively. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

D. Fair Value Measurements

FASB ASC 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

(Continued)

THE DEFINED BENEFIT PENSION PLAN AND TRUST FOR
SUPERIOR FIBERS, LLC

NOTES TO FINANCIAL STATEMENTS

Note 2 – Accounting Policies – (continued)

D. Fair Value Measurements – (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Organization at year end. These investments use Level 1 inputs.

Money Market funds: The carrying amount approximates fair value because the instruments are liquid in nature. This investment uses Level 2 inputs.

Pooled Separate Accounts: Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

Note 2 – Accounting Policies – (continued)

D. Fair Value Measurements – (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<u>2023</u>	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts - NAV	\$ 1,143,379	\$ -	\$ -	\$ -

	<u>\$ 1,221,898</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Note 2 – Accounting Policies – (continued)

E. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Fair Value Measurement section for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

F. Benefit Payments

Benefit payments are recorded when paid.

G. Operating Expenses

NOTES TO FINANCIAL STATEMENTS

H. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Note 3 - Funding Policy

ERISA requires plan sponsors to meet certain minimum funding requirements for their pension plans. For defined benefit pension plans, the sponsor's annual contribution to the plan must be sufficient to cover the normal cost for the period, annual interest on unfunded amounts, amortization of past service liability, increases or decreases in past service liability resulting from plan amendments, and experience gains or losses and actuarial gains or losses from changes in actuarial assumptions.

The Company's funding policy requires annual contributions to the Plan in an amount between the minimum required contribution and the maximum tax-deductible contribution to the Plan. This policy enables the sponsor to meet the ERISA minimum funding requirements.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Note 4 - Plan Termination Benefits

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits former employees or their beneficiaries have been receiving, or that employees eligible to retire would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Plan Termination Benefits – (continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2023 and 2022, that ceiling, which is adjusted periodically, was \$6,750 and \$6,205 per month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits will depend on the sufficiency, at the time of Plan termination, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

At December 31, 2015, the Bremen, Ohio plant ceased operations. All participants in the Plan were effectively terminated. There are currently no plans in place to terminate the Plan.

Note 5 - Plan Administration Costs

The Company absorbs all administration costs of the Plan.

Note 6 - Investments

Note 6 – Investments – (continued)

During 2023 and 2022, the Plan's investments (including investments bought and sold, as well as those held during the year) market value changed by \$177,670 and \$(228,646) respectively, as follows:

NET APPRECIATION (DEPRECIATION) IN FAIR VALUE

	Year Ended December 31, 2023	Year Ended December 31, 2022
Mutual funds	\$ -	\$ (31,891)
Pooled separate accounts	<u>177,670</u>	<u>(196,755)</u>
	<u>\$ 177,670</u>	<u>\$ (228,646)</u>

The Plan's investments are held by a registered investment brokerage firm. None of the total investment balance of \$1,143,379 at December 31, 2023 is guaranteed by the United States Government.

The investment strategies for the investments listed are capital preservation and income.

Note 7 - Federal Income Taxes

The Internal Revenue Service has determined and informed the Company by a letter dated May 1, 1995 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 8 – Related Party

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of mutual funds and a common trust fund managed by an affiliate of Reliance Trust Co (Reliance) and Principal Life Insurance Company (Principal). Reliance and Principal are the trustees as defined by the Plan and therefore, these transactions qualify as party-in-interest. All of these, party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Fees for related services paid by the Plan were \$13,838 and \$14,671 for the years ended December 31, 2023 and 2022, respectively.

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan has not filed the audit with IRS Form 5500 for plan year ended December 31, 2023. The Plan is subject to possible penalties and interest for failure to file from the IRS and the US Department of Labor. All penalties and interest will be absorbed by the plan sponsor.

Note 10 – Concentration

The Plan held several investments that represented over 10% of the total plan balance. For the years ended December 31, 2023 and 2022, these investments totaled 90% and 71%, respectively, of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 11 – Minimum Funding Contribution

The Company did not make the required minimum contribution to the Plan of \$210,769 for 2023 by the due date of the Company's income tax return, which was September 15, 2024. As a result, the Company was assessed a 10% Federal excise tax on the deficiency. The Company has paid the required Federal excise taxes related to the funding deficiency.

Note 12 – Subsequent Events

Management has reviewed all events subsequent to December 31, 2023, to assess the need for potential recognition or disclosures in the financial statements. Such events were evaluated through October 11, 2024, the date these financial statements were available to be issued. Based upon this evaluation, it was determined that no other subsequent events occurred that require recognition or additional disclosure in the financial statements.
