Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bricker & Eckler LLP 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of January 17, 2024, December 31, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits – modified cash basis for the period ended January 17, 2024 and the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of January 17, 2024, December 31, 2023 and December 31, 2022, and for the periods then ended stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in the notes to the financial statements; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances; and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to the notes to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of Bricker & Eckler LLP 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1968, by Bricker & Eckler LLP (the Employer and the Administrator) as a defined contribution, money purchase pension plan. Effective January 1, 1982, the Plan was amended to a profit-sharing plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning January 1, 1989, employees, excluding senior associate, associate and senior counsel attorneys who are excluded from the Plan, having attained 21 years of age and having completed at least one year of service immediately preceding January 1, 1989, became participants as of January 1, 1989. All other employees become participants on either January 1 or July 1 following the date on which he or she attains 21 years of age and completes one year of service. Effective January 1, 2014, the Plan was amended to accelerate the eligibility and entry date requirements for employees electing to make participant elective contributions. Employees were permitted to begin making elective contributions on the first day of the month following employment. Effective July 18, 2014, the Plan was again amended to revert back to the eligibility and entry date requirements in effect prior to January 1, 2014. Effective January 1, 2019, the Plan was amended to change the eligibility requirements for employee deferral and employer matching contributions. Employees are now eligible to begin participation in the Plan with respect to employee deferral and employer matching contributions after attaining age 21 and completing one hour of service. The eligibility and entry date provisions for employer contributions remains as the pay period that contains January 1 or July 1 after completion of one year of service.

On December 31, 2002, the Bricker & Eckler LLP Money Purchase Pension Plan and Trust was merged into the Plan. Prior to the merger, the Plans covered eligible employees at Bricker & Eckler LLP.

As a result of the April 1, 2023 merger between Bricker & Eckler LLP and Graydon Head & Ritchey LLP, the plan's assets were transferred out of this Plan into the Graydon Head & Ritchey LLP Retirement Savings Plan (Graydon Plan) at Empower effective January 17, 2024 to become one unified plan known as the Bricker Graydon LLP Retirement Savings Plan. As part of this merger, each participant's and beneficiary's total account balance under the Graydon Plan shall be at least equal to the total balance he or she had under this Plan immediately prior to the January 17, 2024 merger.

Plan Description (continued)

Contributions

Funding is provided by participant elective contributions from Plan participants, rollover contributions and employer contributions. Plan participants may elect to contribute between 1% and 75% of compensation provided that their participant elective contributions do not exceed federal limits. The plan allows for both pre-tax and Roth elective contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Employer shall contribute on behalf of each eligible participant who is an employee at any time during the payroll period an amount equal to the sum of 5.7% of each such participant's compensation up to the taxable wage base plus 11.4% of each eligible participant's compensation in excess of the taxable wage base. Additionally, the Employer shall make an employer matching contribution on behalf of each participant who has satisfied the eligibility requirements in an amount equal to 100% of such participant's elective contributions up to 2% of compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. Employee amounts and employer contributions credited to a participant's account are non-forfeitable.

Participant Accounts

Each participant's account is credited with the employer contribution, participant elective contribution, and, if applicable, an allocation of Plan earnings and losses and administrative expenses. Allocations are based on participant earnings or losses or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Self-Directed Accounts

The Plan permits any participant to separately direct the investing activity of their assets in the Plan. As such, the funds are segregated and accounted for separately from the pooled account.

Notes Receivable from Participants

All participants who are eligible to contribute to the Plan are eligible to borrow a portion of their vested account (excluding Roth participant elective contributions), subject to provisions established in the Plan agreement. All loans (including mortgages) are secured by all or a portion of the assets within a participant's individual account. Interest rates are 2% over the prime rate at the time of the loan and range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Plan Description (continued)

Payment of Benefits

A participant may receive the value of his or her account upon: (1) retirement on or after age 65, (2) early retirement [age 55], (3) disability or (4) termination of employment. Distributions upon termination of employment are made under terms defined by the Plan agreement or deferred until retirement or early retirement age is attained. In addition, a participant may receive an in-service distribution of the value of his or her account, or a portion thereof, after the attainment of age 59½ (excluding Roth salary deferrals and account transfers from the Bricker & Eckler LLP Money Purchase Pension Plan). A participant may receive an in-service distribution of the value of the account attributable to the Bricker & Eckler LLP Money Purchase Pension Plan after the attainment of age 62. Upon death of a participant, the value of his or her account will be distributed to his or her designated beneficiary.

Distributions to participants with a Money Purchase Account are made in the form of the qualified joint and 50% survivor annuity for married participants and the life annuity for unmarried participants. Distributions to participants who do not have a Money Purchase Account are not subject to this rule. The Plan permits the following optional forms of distribution: (1) lump-sum in cash, (2) life annuity, (3) life annuity with 10 years guaranteed payments, (4) non-periodic installment payments, (5) periodic installment payments, (6) life annuity with guaranteed payments and (7) qualified joint and 75% survivor annuity for a married participant.

Secure Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2024, 2023 or 2022 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. Certain contributions and the related assets are recognized when received rather than when earned. The accompanying financial statements are not intended to present the Plan's financial position and results of operations in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements on a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 17, 2024 or December 31, 2023 or December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Employer contributions are recognized when received. As such, any contributions from a prior year made by participants, who are partners, in order to contribute up to the maximum permitted by the Internal Revenue Code (IRC), are recognized in the year received. All employer contributions are 100% vested when contributed.

Administrative Expenses

Administrative expenses for broker expenses and professional services are recorded when paid from Plan assets. All such expenses were paid by the Plan in 2024, 2023 and 2022.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 17, 2024 and December 31, 2023 and 2022.

<i>Mutual Funds:</i>	Valued at the net asset value of shares held by the Plan at year-end.
<i>Common Stocks, Corporate Bonds and Preferred Stocks:</i>	Valued at the closing price reported on the active market on which they are traded.
<i>Certificates of Deposit:</i>	Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.
<i>U.S. Government Securities:</i>	Valued using evaluated prices based on a compilation of primarily observable market information or a broker quote in non-active markets. Inputs include benchmark yields, base spreads, spread adjustments, Yield to Maturity, adjustments for corporate actions, treasury fees, broker feeds and CPI.
<i>Common Collective Trusts:</i>	Valued using the net asset value (NAV), as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Trusts participating in the fund are subject to restriction on withdrawals from the fund. Withdrawals needed for benefit payments and loan advances of participating employee benefit plans are generally permitted daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter, dated December 7, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in material compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of January 17, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination

As discussed above, the Plan was merged into the Graydon Head & Ritchey 401(k) plan on January 17, 2024.
