Plan Management
Air Ground Xpress, Inc. 401(k) Salary Reduction Plan
Clinton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Air Ground Xpress, Inc. 401(k) Salary Reduction Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Air Ground Xpress, Inc. 401(k) Salary Reduction Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company as of December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Air Ground Xpress, Inc. 401(k) Salary Reduction Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Air Ground Xpress, Inc. 401(k) Salary Reduction Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Air Ground Xpress, Inc. 401(k) Salary Reduction Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Air Ground Xpress, Inc. 401(k) Salary Reduction Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Air Ground Xpress, Inc. 401(k) Salary Reduction Plan

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note A - Description of Plan

The following description of Air Ground Xpress, Inc. 401(k) Salary Reduction Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit-sharing plan covering all eligible employees of Air Ground Xpress, Inc. (the "Company"). An employee shall become eligible to make deferrals to the plan upon attainment of age 21. To be eligible for matching and employer contributions, an employee must also complete one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as last amended.

Contributions

Contributions to the Plan consist of employees' deferrals, including catch-up deferrals as permitted by the applicable guidelines established within the Internal Revenue Code (IRC). The Company may, at its discretion, make matching contributions. A Company matching contribution may not exceed 50% of the employee deferral up to 4% of employee compensation and a Company discretionary contribution in an amount not to exceed the maximum allowed as a deduction for federal income tax purposes.

The plan allows for automatic enrollment into the Plan with a 2% deferral upon employment, with the option to elect out of participation.

Participant Accounts

Each participant's account is credited with the participant's contribution and employer-provided matching contributions, Plan earnings (losses), and charged with management or service fees and allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. Additional administrative fees are charged by the custodian upon fund withdrawal. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals and related account earnings. Participants are vested in the Company's matching contribution, discretionary contribution and related earnings thereon, based on a five-year graded method where a participant becomes 20% vested after two years of service, increasing by 20% per additional year of service until becoming fully vested after five years of credited service.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts in accordance with the loan policy of the plan document. The notes are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

Upon the occurrence of a distributable event, such as termination, death, disability or retirement, as defined by the Plan, a participant may elect to receive a single lump sum distribution amount equal to the value of the participant's vested account, a lump-sum rollover, a partial payment, installment payments, or elect to defer receiving payments until reaching the required minimum distribution age. Hardship distributions or disability distributions may also be granted in accordance with the plan document.

Air Ground Xpress, Inc. 401(k) Salary Reduction Plan

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note A - Description of Plan (continued)

Forfeited Accounts

Forfeited nonvested accounts were \$13,639 and \$3,963 for the years ended December 31, 2023 and 2022, respectively. These accounts may be used to pay plan administration fees or may be used to reduce employer matching or discretionary contributions. During 2023 and 2022, \$4,218 and \$10,206, respectively, of forfeitures were used to reduce employer match or for plan fees.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan and Form 5500 are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Participant Contribution Receivable

Participant contributions receivable represent participant deferrals withheld prior to December 31, 2023 and 2022. The balance is based on actual collections subsequent to year end. There were no participant contributions receivable at December 31, 2023 and 2022.

Employer Contribution Receivable

Employer contributions receivable represent employer matching contributions related to participant deferrals withheld prior to December 31, 2023 and 2022, as well as any discretionary profit-sharing contributions which are approved during the years then ended, respectively. The balance is based on actual collections subsequent to year end. Employer contributions receivable were \$61,764 and \$27,237 at December 31, 2023 and 2022, respectively.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for a fully benefit-responsive investment contract which is reported at contract value, as of December 31, 2023 and 2022, as disclosed in Note D. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the accompanying statements of changes in net assets available for benefits and are expensed to participant accounts when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Note B - Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expense of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expense are included in net appreciation (depreciation) of fair value of investments.

Note C - Information Prepared and Certified by the Custodians

The December 31, 2023 and 2022 statements of net assets available for benefits, the investment activities included on the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA Security Act of 1974. The Plan's investments were held in custodial accounts maintained by Principal Trust Company for the years ended December 31, 2023 and 2022. For the years ended December 31, 2023 and 2022, these certified investments amounted to \$4,077,204 and \$3,988,137, respectively. Total investment income amounted to \$557,557 for the year ended December 31, 2023.

Plan management obtained certifications from Principal Trust Company for the years ended December 31, 2023 and 2022. The Plan's independent certified public accountants did not perform audit procedures with respect to this information, except for comparing such information to related information included in the financial statements.

Note D - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note D - Fair Value Measurements (continued)

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are reported as level 1.

Pooled Separate Accounts: Valued daily based on the market value of the underlying net assets in each separate account. The underlying net assets have observable level 1 quoted pricing inputs which are used to determine the unit value of investment which is not publicly quoted.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plans assets at fair value as of December 31, 2023 and 2022.

Assets At Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 43,661	-	-	\$ 43,661
Pooled Separate Accounts	3,780,792	-	-	3,780,792

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 34,999	-	-	\$ 34,999

Note E - Guaranteed Investment Contract with Insurance Company

As of December 31, 2023 and 2022, the Plan held a fully benefit responsive guaranteed investment contract with Principal Trust Company, the Trustee. The contracts were maintained in general accounts and are included in the financial statements at contract value as reported to the Plan by the Trustees. The plan administrator believes contract value is an appropriate determination of fair value.

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note E - Guaranteed Investment Contract with Insurance Company (continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the accounts. The accounts are presented on the face of the statement of net assets available for benefits at contract value. Contract value approximates fair value and, therefore, no adjustment contract value is necessary in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Trustees at December 31, 2023 and 2022, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. The average yield for the year ended December 31, 2023 and 2022 were approximately 1.98% and 1.82%, respectively. The crediting interest rate was 1.90% for 2023 and 2.05% for 2022. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a semiannually basis for resetting.

The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

Note F - Plan Termination

The plan agreement may be amended or terminated by the Company at any time. No such termination is contemplated, but if it should occur, the assets of the Plan shall be used to pay or provide for the payment of any and all obligations hereunder, in accordance with the provisions of the Plan and the directions of management. No portion of the assets of the Plan, directly or indirectly, shall revert to or accrue to the benefit of the Company. In addition, in the event of the termination or partial termination of the Plan, all participants shall have a fully vested interest in all accrued benefits.

Note G - Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note H - Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note I - Related Party and Party-In Interest Transactions

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

The Plan has notes receivable from participants which are secured by the balances in the participants' accounts. Also, certain plan investments are managed by the trustee. These investments qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions, are specifically exempt as prohibited transactions under ERISA. The Plan made payments to the third-party administrators of \$37,766 during the year ended December 31, 2023, which were not covered by revenue sharing.

Note J - Subsequent Events

Subsequent events have been evaluated through October 07, 2024 , the date the financial statements are available to be issued.
