PTC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the PTC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.
- Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PTC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the PTC 401(k) Savings Plan (the Plan), of PTC, Inc. (PTC, or the Company), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established effective August 1, 1989. All employees are eligible to participate in the Plan on date of hire, with the exception of employees covered by union agreement, leased employees, employees not on the Company's payroll in the United States of America, or temporary employees (i.e., co-ops and interns hired on a temporary basis to gain work experience). In addition, an employee of any acquired company that sponsors its own plan will be excluded until the earlier of such time as the assets for the acquired company's plan are merged into this Plan or the employees of the acquired company are placed on the Company's payroll. Employees of Arena Solutions, Inc., which was acquired by the Company, were immediately eligible to participate in the Plan effective in February 2021. The Plan was amended on March 18, 2021, to allow for the merger of the Arena Solutions, Inc. 401(k) Plan into the Plan, effective April 1, 2021.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute any whole percentage of their eligible compensation for the contribution period up to a maximum of 85%, subject to statutory limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a common/collective trust, various mutual funds and a money market account as investment options for participants. Employee contributions are remitted in the period during which the Company makes payroll deductions from the participant's compensation.

The Plan allows participants to make elective Roth after-tax salary deferral contributions in addition to pre-tax salary deferral contributions.

The Company makes a discretionary employer matching contribution in an amount equal to 50% of each participant's total elective deferral contribution to a maximum of 3% of eligible compensation. Employer matching contributions are remitted in the period during which the Company makes payroll related deductions from the participant's compensation. All contributions are invested directly in the investments as directed by the participant.

The Company may also elect to make a discretionary non-elective contribution in the amount necessary to ensure the Plan is in accordance with nondiscrimination rules under Internal Revenue Code (IRC) Section 415. This contribution is allocated to some or all non-highly compensated participants designated by the Plan Administrator. No discretionary non-elective contributions were made in the year ended December 31, 2023.

Participant accounts: Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in the Company's discretionary non-elective contributions and their own contributions plus actual earnings thereon. Effective January 1, 2021, participants are 100% vested in the Company's matching contribution.

PTC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: Forfeitures represent the nonvested portion of terminated participants' account balances. These amounts may be applied to reduce employer matching contributions to the Plan, offset plan expenses or be restored to participant accounts if rehired. During the year ended December 31, 2023, \$1,241 of non-vested amounts were forfeited. For the year ended December 31, 2022, \$0 of forfeitures were applied to reduce employer matching contributions or pay plan expenses. Forfeitures remaining as of December 31, 2023 and 2022, to be applied in future years were \$1,242 and \$1, respectively.

The Plan maintains an unallocated account set aside as a holding account (the Advanced Employer Account) for the purpose of depositing excess employer contributions. The balance of the Advanced Employer Account was \$6,044 and \$5,865 as of December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, there were no additional excess employer contributions from participant accounts and no unallocated funds were applied to reduce employer matching contributions or pay plan expenses.

The Plan maintains an Expense Budget Account. The balance of the account was \$91,755 and \$64,866 as of December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, \$114,061 of investment fees were returned to the Plan and \$87,172 of this balance was used to pay plan expenses.

Investment elections: Each participant shall direct the investment of his or her individual account. Each participant shall select among various common/collective trusts and mutual funds. Each participant has the ability to change his or her investment percentages at any time.

Benefit payments: Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account, a distribution in the form of an annuity, or a combination of both. Effective June 1, 2021, participants no longer have the option to withdraw an annuity. A participant may withdraw, at any time, upon attaining age 59½ or upon substantial financial hardship as defined in the plan documents, any portion of their vested balance in his or her account. Distributions are subject to the applicable provisions of the plan agreement.

Notes receivable from participants: The Plan allows loans to eligible participants that are subject to certain statutory limits.

Administrative costs: Certain administrative costs and investment fees are charged to participant accounts. For the year ended December 31, 2023, the Company has elected to pay certain professional fees (i.e., audit, legal and printing and postage fees for participant communications) associated with the administration of the Plan.

Basis of accounting and use of estimates: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC). The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

PTC 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments are recorded when they have been approved for payment and paid by the Plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Accounting for uncertainty in income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2020.

Fair value measurements: The Plan follows guidance within FASB ASC Topic 820—Fair Value Measurements and Disclosures (ASC 820), which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

As of December 31, 2023 and 2022, the Plan does not have any non-financial assets or liabilities, which are required to be stated at fair value.

PTC 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Valuation of investments: There have been no changes in the valuation techniques used during the current period.

Common/collective trusts: Investments in the common/collective trusts are stated at net asset value (NAV) based on the fair value of their underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value.

Mutual funds and money market account: Mutual funds and the money market account are valued at the quoted market price of shares held by the Plan at year-end. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

Note 3. Fair Value Disclosures

Assets measured at fair value on a recurring basis excluding those at NAV as of December 31, 2023 and 2022, are as follows:

Description	Assets at Fair Value as of December 31, 2023

The fund is primarily comprised of investment contracts issued by financial companies including Guaranteed Investment Contracts (GICs), Separate Account GICs, and Security Backed Investment Contracts.
- (c) Withdrawals from the stable pooled fund, which are due to the Plan's initiated events, will be made within the 12-month period following receipt of the Plan's written withdrawal request. Participants cannot transfer their stable pooled fund balances to competing fixed income funds. Balances transferred from the stable pooled fund to non-competing funds cannot be transferred to competing fixed income funds for 90 days.

Note 4. Notes Receivable From Participants

The Plan permits its participants to obtain loans against their account balance. Certain restrictions apply to participant loans, as defined in the plan document. As of December 31, 2023 and 2022, total loans outstanding were \$2,424,273 and \$2,231,819, respectively. During the year ended December 31, 2023, interest earned, including accrued interest on such loans, was \$134,233. Note 5. Information Certified or Provided by Certifying Entities

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by the certifying entities furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the certifying entities that information provided to the Plan Administrator by the entities related to the following assets is complete and accurate to the best of their knowledge and belief. In the below table, mutual funds, the money market account and notes receivable from participants are certified by State Street Bank and Trust Company (SSBT), the common/collective trusts are certified by Transamerica Trust Company (TTC) (formally, Massachusetts Fidelity Trust Company) as of December 31, 2023 and 2022, and for the year ended December 31, 2023. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments at fair value, as determined by quoted market price:		
Mutual funds	\$ 673,311,791	\$ 599,560,917
Money market account	99,041	70,732
Total assets in fair value hierarchy	<u>\$ 673,410,832</u>	<u>\$ 599,631,649</u>

The certifying entities also certified to the completeness and accuracy to the best of their knowledge and belief of \$111,678,461 of net appreciation in fair value of investments, \$11,031,118 of interest and dividend income related to the aforementioned investments, and \$134,233 of interest related to notes receivable from participants for the year ended December 31, 2023.

Note 6. Tax Status

The Plan has adopted a non-standardized plan sponsored by Transamerica Retirement Solutions, LLC (Transamerica). Transamerica has received an opinion letter from the Internal Revenue Service as to the non-standardized plan's qualified status. The non-standardized pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

PTC 401(k) Savings Plan

Notes to Financial Statements

Note 7. Other Contributions

On September 17, 2020, three individual plaintiffs filed a punitive class action lawsuit against PTC, the Investment Committee for the PTC 401(k) Savings Plan, and the PTC Board of Directors (collectively, the PTC Defendants) in the U.S. District Court for the District of Massachusetts alleging that the defendants breached their fiduciary duties under the Employee Retirement Income Security Act of 1974 in the oversight of the Plan. In 2022, the plaintiffs and the PTC Defendants reached an agreement in principle to settle the lawsuit for a gross settlement amount of \$1.725 million. The Court issued an Order of final approval of the settlement on October 18, 2022. The settlement amount was funded by PTC's insurer and paid into the Qualified Settlement Fund for the benefit of the class members. Amounts owed individuals who had previously liquidated their participant accounts were paid directly from the settlement fund; the remaining balance was transferred to the Plan on February 3, 2023. Such amounts totaled \$803,230 and represent other employer contributions receivable to the Plan as of December 31, 2022.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are already 100% vested in their accounts.

Note 9. Party-in-Interest Transactions

Certain plan investments are shares of a common/collective trust and a money market account that are managed by an affiliate of Transamerica, the record keeper of the Plan, and SSBT, the trustee, and an unrelated broker UBS Financial Services (UBS), qualifying them as parties-in-interest to the Plan. Administrative fees remitted to Transamerica and UBS during the year were \$21,588 and \$83,334, respectively, and are included within the administrative expenses in the statement of changes in net assets available for benefits.

In addition, the Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions also qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 11. Subsequent Events

Effective October 1, 2024, the Plan was amended and restated to change recordkeepers from Transamerica Trust Company to T. Rowe Price Retirement Plan Services, Inc.

The Plan has performed a review of events subsequent to the statement of net assets through October 11, 2024, the date the financial statements were available to be issued.
