INDEPENDENT AUDITOR'S REPORT

To the Willis Towers Watson U.S. Benefit Plans Administration Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Willis Towers Watson Savings Plan for U.S. Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WILLIS TOWERS WATSON SAVINGS PLAN FOR U.S. EMPLOYEES
Notes to the Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Willis Towers Watson Savings Plan for U.S. Employees (the “Plan” or “Savings Plan”) is for general information purposes only. More information regarding the Plan’s provisions may be found in the Plan document.

General – The Plan is a defined contribution plan sponsored by Willis Towers Watson US LLC (the “Plan Sponsor”), a wholly-owned subsidiary of Willis Towers Watson plc (the “Company” or “WTW”) and covers substantially all U.S. employees of the Company. The Plan has a 100% interest in the net assets of the Willis Towers Watson Savings Plan Trust (the “Master Trust”). The Benefit Plans Administration Committee of Willis Towers Watson controls and manages the operations of the Plan. Northern Trust Company (the “Trustee”) serves as a trustee of the Plan and Master Trust; Empower Retirement is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions - Subject to Internal Revenue Code (“IRC”) limitations on elective deferral contributions, eligible employees may contribute whole percentages from 1% to 75% of their eligible compensation, on either a pre-tax or after-tax basis, as defined in the Plan document. Elective deferral contributions are directed by the participant. Participants aged 50 and older may make “catch-up” contributions to the Plan from 1% to 75% of their eligible cash compensation as defined in the Plan document, and subject to IRC limitations. Effective January 1, 2024, the Company provides to participants who are not employees of its Benefits Delivery & Administration (“BDA”) business entities an annual non-elective company contribution of 3.5% of eligible earnings, regardless of the contributions they make to the Plan, in lieu of matching contributions. Participants employed in BDA business entities will continue under the prior formula, in which the Company matched participant contributions dollar for dollar up to the first 1% of eligible compensation, and an additional 50% on the next 5% of eligible compensation. All matching contributions will now be made on an annual basis.

Participants may also contribute amounts representing rollovers from other qualified plans.

Each participant’s account is credited for the participant’s contribution when withheld, Company non-elective contributions as they are earned, Company matching contributions as they are earned and, as applicable, investment earnings, and charged for withdrawals, an allocation of administrative expenses and, as applicable, investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting and Forfeitures - Participants are vested immediately in their own contributions. Company-matching contributions vest 100% after 2 years of service, as defined by the Plan document. Upon termination of employment, Plan forfeitures of nonvested amounts are either utilized to reduce future matching contributions or to restore eligible accounts previously forfeited due to a break in service. Amounts restored are funded first through current forfeitures and then through additional contributions by the Company. In 2023, forfeited non-

vested accounts totaling \$2,478,418 were used to reduce Company contributions. The balance of unused forfeitures was \$39,778 and \$37,642 at December 31, 2023 and 2022, respectively.

Investment Options - The Plan provides participants various investment options, including mutual funds. Participants may also contribute to separately managed target-retirement-date funds. The underlying investments of the target-retirement-date funds are included in the investments in the Master Trust in Notes 3, 4 and 5. For participant contributions, the default investment option for enrolled participants is their respective target-retirement-date fund.

Notes Receivable from Participants - Participants may borrow up to 50% of their vested account balance. The minimum loan is \$1,000, and the maximum is \$50,000. Loans are secured by the balance in the participant's account. Repayment must be made over a period not to exceed five years, or fifteen years in the case of a loan used to purchase a home. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence.

The interest rate for all loans is fixed and determined by reference to the prime rate published in the Wall Street Journal plus 1% as of the last business day of the month preceding the month in which the loan was issued. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2023, participant loans have maturities through 2038 at interest rates ranging from 3.25% to 9.50%.

Payment of Benefits - Upon termination of employment, participants may elect to receive the balance in their accounts in a single lump sum. Participant distributions are made net of applicable taxes. If a participant is terminated from the Company and has not reached age 73, then the participant's vested balance will be transferred into an individual retirement account selected by the Plan Sponsor, provided that the participant does not make a distribution election and their account balance exceeds \$1,000 but not \$7,000 (balances less than \$1,000 are automatically paid out in cash to the participant). Benefits payments to participants are recorded when paid. Minimum required distributions begin at age 73.

Administrative Expenses - Under the Plan document, the Master Trust bears all investment management expenses, trustee fees and other fees incidental to the management of the Master Trust. Participants pay recordkeeping fees, administrative costs for loans, distributions and qualified domestic relation orders. Certain miscellaneous expenses incurred by the Plan are paid for by the Company, as allowed by the Plan document.

Plan Termination - WTW reserves the right at any time by action of its Board of Directors to terminate the Plan in whole or in part. In the event the Plan is terminated or upon the complete discontinuance of contributions under the Plan document, the Trustee shall continue to administer the Plan in accordance with the relevant provisions of the Plan, and each participant shall have a fully vested right in the value of his or her account balance. In the event of the termination of the Master Trust, either as a result of, or incidental to, the termination of the Plan, the values of the Plan participant accounts, determined as of the effective date of such

termination, shall be paid to the participants or their beneficiaries. Although the Company has not expressed any intent to terminate the Plan, it may do so at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value. The Plan follows the guidance of Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), which establishes a framework for measuring fair value. See Note 5 for a discussion of fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. INTEREST IN MASTER TRUST

The Master Trust holds the investments of the Plan. The Plan has a 100% interest in the net assets of the Master Trust as of December 31, 2023 and 2022. The Trustee of the Master Trust is responsible for the safekeeping of the Plan's assets together with income or losses and is responsible for making disbursements to participants on behalf of participating plans, as instructed. Investment decisions are made by investment advisors appointed by the Benefit Plans Administration Committee specifically for that purpose. Expenses incurred by the Trustee and investment advisors in the performance of their duties under these agreements, including fees for their services, are paid by the Master Trust.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the information regarding the Plan as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee as of December 31, 2023 and 2022 that such information is complete and accurate.

The self-directed brokerage account, as included in the Master Trust, amounting to \$146,558,780 and \$125,630,625 at December 31, 2023 and 2022, respectively, and any related investment income, are not certified. Additionally, the notes receivable from participants amounting to \$26,519,924 and \$25,398,858 at December 31, 2023 and 2022, respectively, and related interest income of \$1,409,271 at December 31, 2023, are not certified.

- Plan interest in the Master Trust as shown in the statements of net assets available for benefits, at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Plan interest in Willis Towers Watson Savings Plan Trust	\$ 3,943,699,047	\$ 3,442,796,849

- Investment activity, as included in Plan interest in the Master Trust investment income - net, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2023:

Plan interest in the Willis Towers Watson Savings Plan Trust investment income — net	\$ 589,058,166

- All investment balances and related investment activity as of December 31, 2023 and 2022, and for the year ended December 31, 2023, in Notes 3 and 5, except for the self-directed brokerage account and related earnings, and investment leveling as disclosed in Note 5.

5. FAIR VALUE MEASUREMENTS

The Plan follows the guidance of ASC 820, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical

WILLIS TOWERS WATSON SAVINGS PLAN FOR U.S. EMPLOYEES
Notes to the Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability; and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used.

Short-Term Investments - The short-term investments are not exchange-traded funds, however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold.

Common Stock and Exchange-Traded Mutual Funds - Valued at the closing price reported in the active market in which the common stock or exchange-traded mutual fund is traded.

Commingled Trust Funds and Non-Exchange-Traded Mutual Funds - Valued at the net asset value of shares held by the Plan at year end as a practical expedient. The investment manager determines the net asset values of shares by reference to the quoted market prices of the underlying investments held in the portfolio and by reference to the closing market price of the underlying investment held in the fund.

Self-directed brokerage account - The mutual funds and common stocks in the account are classified as level 1 as they are valued on the basis of readily determinable market prices and money market funds that are valued at the daily closing price as reported by the fund. The corporate debt investment classified as level 2 within the account has been valued using pricing models maximizing the use of observable inputs for similar securities.

WILLIS TOWERS WATSON SAVINGS PLAN FOR U.S. EMPLOYEES**Notes to the Financial Statements****As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023**

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan and Master Trust believe its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, *Fair Value Measurements and Disclosures*, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the following fair value hierarchy tables. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets of the Master Trust.

The following table sets forth by level within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2023:

All of the funds are direct filing entities whose investment strategies have been omitted from disclosure in accordance with ASU 2015-12.
- (ii) Includes non-exchange-traded mutual funds.

The Master Trust recognized a net gain of \$597,855,301 for the year ended December 31, 2023, included in the change in net assets, that is attributable to the change in unrealized gains or losses relating to those assets and liabilities still held at December 31, 2023. The net unrealized gain was included within Plan interest in the Willis Towers Watson Savings Plan Trust investment income — net on the accompanying statement of changes in net assets available for benefits.

6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 3, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retain its tax-exempt status. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2023, certain Master Trust investments were held in funds managed by the Trustee, or by investment managers responsible for managing the Master Trust's investment portfolio. Transactions with the Trustee, investment managers and recordkeeper qualify as party-in-interest transactions.

Through the self-directed brokerage account, the Master Trust held 78,267 and 88,465 shares, respectively, of common stock of the Company, the sponsoring employer, as of December 31, 2023 and 2022. These shares

had a fair value of \$18,877,916 and \$21,636,747 respectively, at December 31, 2023 and 2022. Dividend income during the year ended December 31, 2023 was \$289,430. These holdings were acquired completely at the discretion of Plan participants and the Company does not direct, recommend or otherwise solicit the acquisition of Company stock as part of the Plan's investment options.

The Plan issues loans to participants under the deferred arrangement portion of the Plan, which are secured by the vested balances in the participants' accounts.

8. RISKS AND UNCERTAINTIES

The Master Trust invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits. The Master Trust includes certain commingled trust fund investments at December 31, 2023 and 2022 whose respective fair values are in excess of 10% of the Master Trust's respective net assets available for benefits at December 31, 2023 and 2022.

9. SUBSEQUENT EVENTS

For the year ended December 31, 2023, subsequent events were evaluated through October 10, 2024, the date the financial statements were available to be issued. Based on this review, except as noted below, no significant events occurred that require adjustment to or disclosure in the Plan's financial statements.

See Note 1, *Description of the Plan*, for information regarding a change effective January 1, 2024, which amends the Company's provision of contributions to certain participants in the Plan.
