INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Engie 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Engie 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are

required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the provisions of the Plan, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

McConnell
Jones

- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENGIE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the ENGIE 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). With the exception of certain union employees, nonresident aliens, inpatriates (other than an inpatriate employee who is subject to local employment terms and conditions), and leased employees, the Plan covers substantially all employees of ENGIE Holdings Inc. (the "Company"). There are no age or service requirements.

The Company acts as the Plan administrator and is responsible for the Plan. Empower Trust Company, LLC (the "Empower" or "Trustee") is the trustee of the assets of the Plan, and Empower Retirement serves as the record keeper of the Plan, maintaining individual accounts for each participant.

Contributions

Participants may contribute up to 100% of their eligible compensation, as defined in the Plan.

The Company contributes 100% of each participant's elective deferrals made that do not exceed 3% of employee eligible compensation plus 50% of salary deferrals between 3% and 5% of employee eligible compensation. In addition, the Company makes a discretionary quarterly profit-sharing contribution equal to 1.5% of employee compensation. No Profit Sharing was made during 2023. The Plan is a safe harbor plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Company discretionary profit-sharing contributions and Plan earnings and charged with withdrawals and allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

If not previously enrolled, all new employees are automatically enrolled into the Plan sixty days after the employee's initial hire date. Absent an election by the employee to the contrary, 3% is automatically withheld from his/her compensation and deposited in the Plan as an employee contribution. This amount will increase by 1% each year until it reaches a maximum of 10% of participants' before-tax eligible compensation. If the employee does not select an investment option, the contributions will be invested in the Vanguard Target Retirement Fund that most closely matches the employee's target retirement year but may be subsequently redirected by the employee at any time. Investments are participant directed; therefore, each employee is responsible for directing investments relating to his/her account.

Vesting

All participant and employer contributions and earnings thereon vest immediately. Upon termination of service, retirement, death, disability, or termination of the Plan, the participant may receive a lump-sum amount equal to his/her account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as defined in the Plan document, plus 1% of interest on the date of the loan. Principal and interest are paid ratably through payroll deductions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risk and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and a common collective trust fund that is considered to be a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ENGIE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Management fees and operating expenses charged to the Plan for investments in the mutual funds and stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Benefit Payments

Benefits are recorded upon distribution. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account.

NOTE 3: FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurement, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

- Level 1 – which refers to securities valued using unadjusted quoted prices from active markets for identical assets;
- Level 2 – which refers to securities not traded on an active market but for which observable market inputs are readily available; and
- Level 3 – which refers to securities valued based on significant unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund (Putnam Stable Value Fund): The Putnam Stable Value Fund (the "Fund") is a common collective trust fund sponsored by Putnam Fiduciary Trust Company. The Fund is stated at fair value as determined by the issuer of the common collective trust based on the net asset value as a practical expedient of the underlying investments.

ENGIE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 434,405,442	-	-	\$ 434,405,442
Investment measured at net asset value:				
Common collective trust fund				48,522,493
Total investments				\$ 482,927,935

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 355,817,328	-	-	\$ 355,817,328
Investments measured at fair value:				
Common collective trust fund				45,169,181
Total investments				\$ 400,986,509

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of the transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2023 and 2022, there were no transfers between levels.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ENGIE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Plan has investments in common/collective trust funds whose fair value is determined using NAV per share, as a practical expedient. The following table sets forth fair value measurements and a summary of the Plan's investments that calculate NAV per share as of December 31, 2023 and 2022:

	Fair Value Estimated Using NAV per Share					Redemption Notice Period
	2023	2022	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	
Common/ collective trust funds:						
Managed retirement trust funds	\$48,522,493	\$45,169,181	None	Daily	None	None

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEE

Information on investments as of December 31, 2023 and 2022, and related investment income for the year ended December 31, 2023, has been certified by the Trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

NOTE 5: EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Transactions with the Trustee and the funds they manage qualify as party-in-interest transactions. Investment management fees and operating fees paid by the Plan were included as a reduction of the return earned on each fund. Additionally, participant loans qualified as exempt party-in-interest transactions.

During 2023, Empower Retirement, the Plan's record keeper, paid the Plan directly \$99,951 in unused expense credits which were payable to the Plan. This amount is netted against administrative expenses in the Statements of Changes in Net Assets Available for Benefits.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7: TAX STATUS

The Plan uses a prototype plan document sponsored by Empower. Empower received an opinion letter from the Internal Revenue Service (IRS), dated November 14, 2022, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the plan's administrator believes that the

ENGIE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the taxing jurisdictions.

NOTE 8: SUBSEQUENT EVENTS

For the year ended December 31, 2023, subsequent events were evaluated through October 11, 2024, the date the financial statements were available to be issued.
