Independent Auditor's Report

Plan Sponsor and Administrator
HTx Holdings Retirement Savings Plan
Hauppauge, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of HTx Holdings Retirement Savings Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of Error! Unknown switch argument. and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of Error! Unknown switch argument., and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, as described in Note 2.
- The information in the accompanying 2023 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of HTx Holdings Retirement Savings Plan and to meet our other ethical responsibilities, in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HTx Holdings Retirement Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of HTx Holdings Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HTx Holdings Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of HTx Holdings Retirement Savings Plan. In accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 5, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule (modified cash basis), other than the information in the 2022 supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the HTx Holdings Retirement Savings Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible U.S. employees of HTx Holdings, LLC (Holdings) and its wholly owned subsidiaries, HTx Services, LLC (Services) and Circuitech, LLC (Circuitech) (collectively referred to as the "Company"). Holdings and Services were formed in July 2014 as Delaware limited liability companies for the purpose of acquiring the assets of a technology support servicing division of a company. Operations for Services commenced following the completed acquisition on March 1, 2015. Circuitech was formed in January 2018 as a Delaware limited liability company for the sole purpose of acquiring Circuitech Inc. The Company's employees were previously participants of the Hyosung Holdings USA, Inc. Savings Plan (Hyosung Plan), a multi-employer plan.

On January 1, 2018, Holdings established the Plan, at which time, the employees who had previously been under the Hyosung Plan were eligible to participate in the Plan. Employees of Circuitech were eligible to participate in the Plan following its acquisition in January 2018. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA).

Mid Atlantic Trust Company (Mid Atlantic) is the Plan's custodian. The custodian has custodial authority over the trust and serves as independent investment advisors and has been appointed to work with the plan administrator to determine which investments are offered to participants. July Business Services (July Business) serves as the Plan's record keeper. The plan administrator is responsible for the administration of the Plan. Each participant's account is invested in the investment funds in the proportion directed by the participant for both employer and employee contributions.

Eligibility

Employees are eligible to participate in the Plan on the first of the month following the first date of their employment.

Participant Salary Deferral

Participants in the Plan may contribute a discretionary amount of their annual compensation provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service (IRS) each year, which is \$22,500 for the calendar year ended December 31, 2023. Participants over the age of 50 can elect to contribute an additional \$7,500 for the year ended December 31, 2023. Participants may also contribute Roth deferrals and amounts representing distributions from other qualified plans.

Employer Matching Contributions

Participants are eligible for matching contributions only if the participant makes deferral contributions. For purposes of determining the matching contribution under the Plan, a participant's contributions will include age 50 and over catch-up contributions. Employer matching contributions must be allocated to the participants' accounts within the prescribed legal time limits. The Company's matching contribution is equal to 50% of a participant's contribution, up to a maximum of 6% of the participant's eligible compensation.

Vesting

All participants are 100% vested in their own contributions as well as in the employer matching contributions.

HTx Holdings Retirement Savings Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2023 and 2022

Participant Accounts

Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions, and investment earnings or losses and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

Investment Options

Participants may make direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Retirement

The normal retirement date is defined as the date the participant attains age 65.

Distribution of Benefits

On termination of service, participants with balances less than \$5,000 are paid in a lump sum as soon as practicable. For participants with balances of \$5,000 and greater, distributions may be taken in a lump sum at the participant's discretion. Amounts are not distributed except by reason of retirement, death, disability, separation from service, hardship, or the attainment of age 59 1/2.

Notes Receivable from Participants

A participant may request a loan of up to 50% of their vested account balance, not to exceed \$50,000. The loan shall bear interest at the prime interest rate plus one percentage point determined at the time the loan is taken. The interest rate at the inception of the loan shall remain in effect for the duration of the loan. Interest on participant loans ranged from 4.25% to 9.50% at December 31, 2023. A participant may only have one outstanding loan at any given time. Loans shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence for which the loan can be repaid over a period of 10 years. Loans are repaid through payroll deductions and will become due and payable in full upon termination of employment.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are maintained on a modified cash basis of accounting. Accordingly, contributions are recorded when received and benefit payments and expenses are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held at year-end. Investment transactions are recorded on the trade date. Interest and dividend income are recorded upon receipt.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements while other expenses may be paid from the assets of the Plan. The expenses that are paid from the Plan's assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022
- Investment income as shown in the accompanying statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023
- Investment information included in the accompanying schedule of assets (held at end of year) (modified cash basis) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than

quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Money Market Funds** – Valued at the daily closing price as reported by the fund, which represents the net asset value of the shares held by the Plan at year-end.
- **Mutual Funds** – Valued at the daily closing price as reported by the fund, which represents the net asset value of the shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.
- **Balanced Funds** – Valued at the daily closing price as reported by the fund, which represents the net asset value of the shares held by the Plan at year-end. Balanced fund accounts include common stock, exchange trade funds, unit investments trusts, bonds, and money market funds, which are valued using quoted prices in an active market and quoted prices for similar assets or liabilities in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Total
2023			
Money market funds	\$ 372,960	\$ -	\$ 372,960
Mutual funds	12,339,154	-	12,339,154

Total investments, at fair value	<u>\$ 12,712,114</u>	<u>\$ 2,123,066</u>	<u>\$ 14,835,180</u>
2022			
Money market funds	\$ 357,827	\$ -	\$ 357,827
Mutual funds	10,147,442	-	\$ 10,147,442
Balanced funds	-	1,832,013	\$ 1,832,013
Total investments, at fair value	<u>\$ 10,505,269</u>	<u>\$ 1,832,013</u>	<u>\$ 12,337,282</u>

Note 5. Tax Status

The Plan operates under a pre-approved plan, which received a favorable opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS), indicating the that the pre-approved plan, as designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Certain plan investments are shares of money market funds managed by the Plan's custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to Error! **Unknown switch argument.** for the year ended December 31, 2023 and are included in administrative fees on the accompanying statement of changes in net assets available for benefits.

Note 7. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested and entitled to their full account balance, including all company contributions and earnings thereon, as of the termination date.

Note 9. Subsequent Events

The Company has evaluated subsequent events through October 10, 2024, the date the financial statements were available for issuance.
