Independent Auditor's Report

RSM US LLP

Plan Administrator
Roland Foods, LLC Retirement Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roland Foods, LLC Retirement Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Roland Foods, LLC Retirement Benefit Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Roland Foods, LLC Retirement Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (other than nonresident aliens, union employees and part-time employees) of Roland Foods, LLC (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's trustee and custodian was Reliance Trust Company (the Former Trustee or Reliance) through March 31, 2023. The Plan changed the trustee and custodian to Empower Trust Company, LLC (the Current Trustee or Empower, collectively the Trustees) effective April 1, 2023. The third-party recordkeeper is J.P. Morgan Invest Holdings, LLC (J.P. Morgan). Certain recordkeeping and administrative services are provided on behalf of J.P. Morgan by Empower Retirement, LLC.

Eligibility: There is no age or service requirement to participate in the Plan. Collective bargaining (union) employees, nonresident aliens and part time employees who work less than 1,000 hours are excluded from participation in the Plan.

Contributions: Eligible participants may elect to have a percentage of their pretax annual compensation, as defined in the Plan, contributed to the Plan, subject to Internal Revenue Service (IRS) limits. The maximum amount participants were allowed to contribute for the year ended December 31, 2023 was \$22,500. Employees who are age 50 or over may make a catch-up contribution of up to \$7,500 in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan has an automatic enrollment provision that consists of a pretax salary deferral starting at 4%, which will increase by 1% each year until the amount withheld reaches 10%. The provision goes into effect 30 days after an employee meets the Plan's eligibility requirements. Participants have the right to elect not to have salary deferral contributions automatically made on their behalf or to elect to have such contributions made at a percentage that is different from the 4% designated.

The Company may elect to make a matching contribution equal to a discretionary percentage, to be determined by the employer, of the participants' elective deferrals. Matching contributions are made at a rate of 100% of the participants' first 2% of salary reduction contributions and 50% of their next 2% of salary reduction contributions, not to exceed 3% of compensation. The Company can also make a discretionary profit sharing contribution, the amount of which is determined by the Company's management. A participant must complete at least 1,000 hours of service during the Plan year and be employed by the Company at the last day of the Plan year to be eligible for a discretionary profit sharing contribution. There were no discretionary profit sharing contributions during the year ended December 31, 2023.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers shares of various registered investment companies and one collective trust fund as investment options for participants. Participants may change their investment allocation elections daily and may change their contribution percentage on a pay date basis.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (Continued)

Vesting: Participants are vested immediately in their salary reduction contributions, plus actual earnings thereon. Participants vest in a percentage of the Company's contributions plus actual earnings thereon as follows:

Years of Credited Vesting Service	Vesting Percentage
Less than one year	0%
One but less than two years	20%
Two but less than three years	40%
Three but less than four years	60%
Four but less than five years	80%
Five or more years	100%

Upon the participant's death, disability or attainment of age 65, all amounts are immediately 100% vested.

Notes receivable from participants: Participants who are actively employed may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants pay all loan fees and interest on loans. All notes receivable from participants must be adequately secured, and participants must use up to 50% of their vested account balance in the Plan as collateral. Interest is charged by the Plan at a rate of 1% over the prime rate published in *The Wall Street Journal* on the first business day of the month before the loan is originated. At December 31, 2023 and 2022, notes receivable from participants bore interest at rates ranging from 4.25% to 9.50% and 4.25% to 7.25%, respectively. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants generally must be repaid within five years, unless the loan qualifies as a home loan, in which case the repayment period is not to exceed ten years. Participants may only have one loan outstanding at a time.

Payment of benefits: Distribution of a participant's vested account balance is made in one lump-sum payment or installment payments to the participant, or the participant's beneficiary, upon termination of employment, permanent disability or death. Participant accounts that are vested and less than or equal to \$1,000 will be automatically distributed to the participant or the participant's beneficiary. Participants whose accounts are vested and have a balance greater than \$1,000, but less than or equal to \$5,000, must elect in writing whether to receive the distribution directly or have it paid directly to an eligible retirement plan of their choice. If no written election is made, the Plan Administrator will distribute the funds in a direct rollover to an individual retirement plan of its choice. Participant accounts in excess of \$5,000 will not be distributed to participants before they attain age 65 without the written consent of the participant. Participants may apply for hardship withdrawals, subject to approval by the Plan Administrator. The contributions and earnings are taxable to the participants subject to certain exceptions upon withdrawal from the Plan.

Forfeitures: In accordance with the Plan document, any forfeitures remaining as of the close of the Plan year are used to reduce Plan administrative expenses or Company contributions, as determined by the Company. At December 31, 2023 and 2022, the forfeited non vested account balances totaled approximately \$20,000 and \$59,000, respectively. During the year ended December 31, 2023, the Plan used approximately \$68,000 of forfeitures to reduce Company matching contributions.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are treated as distributions based on the terms of the Plan documents.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Administrative costs: Certain Plan expenses are deducted from participants' accounts, the administrative spending account or investment income and the remainder of Plan expenses are paid by the Company.

Other income: J.P. Morgan may receive revenue sharing payments from the mutual funds in which the Plan's assets are invested. The administrative services agreement between the Plan and J.P. Morgan provides that to the extent that revenue sharing payments received by J.P. Morgan exceed administrative fees charged to the Plan by J.P. Morgan, the excess will be credited to the Plan's administrative spending account for use to pay plan administrative expenses. During the year ended December 31, 2023, approximately \$28,000 was earned by the Plan under this agreement and deposited into the Plan's administrative spending account. At December 31, 2023 and 2022, the administrative spending account balances totaled approximately \$111,000 and \$125,000, respectively. During the year ended December 31, 2023, the Plan used approximately \$44,000 of the administrative spending account to pay Plan expenses.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and or disclosure through October 11, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by the Trustees

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule that was prepared by, or derived from, information provided by the Trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustees that the information provided to the Plan Administrator by the Trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets at December 31:

	2023	2022
Investments, at fair value:		
Registered investment companies	\$ 14,639,435	\$ 12,678,397
Collective trust fund	134,062	186,694
Total investments, at fair value	<u>\$ 14,773,497</u>	<u>\$ 12,865,091</u>
Notes receivable from participants	<u>\$ 125,855</u>	<u>\$ 55,085</u>

The Trustees also certified to the completeness and accuracy of \$2,078,994 of net appreciation in fair value of investments, \$312,705 of interest and dividends, \$3,837 of interest income on notes receivable from participants and \$27,584 of other income for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). FASB ASC 820 also provides that fair value may be measured at the net asset value (NAV) provided by the issuer for certain entities that calculate NAV per share.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Roland Foods, LLC Retirement Benefit Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective trust fund: A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,639,435	\$ -	\$ -	\$ 14,639,435
Total assets in the fair value hierarchy	\$ 14,639,435	\$ -	\$ -	14,639,435
Investments measured at NAV (a)				134,062
Total investments at fair value				\$ 14,773,497
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,678,397	\$ -	\$ -	\$ 12,678,397
Total assets in the fair value hierarchy	\$ 12,678,397	\$ -	\$ -	12,678,397
Investments measured at NAV (a)				186,694
Total investments at fair value				\$ 12,865,091

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Roland Foods, LLC Retirement Benefit Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth disclosure of the Plan's investment whose fair value is estimated using NAV per share as of December 31, 2023 and 2022:

Investment	2023 Fair Value	2022 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
J.P. Morgan Chase Bank Stable Asset Income Fund (a)	\$ 134,062	\$ 186,694	\$ -	Daily	(a)

(a) The investment in the J.P. Morgan Chase Bank Stable Asset Income Fund, a collective trust fund, seeks to provide capital preservation, liquidity and current income at levels that are typically higher than those provided by money market funds. The fund invests in a highly diversified fixed income strategy by investing in other collective trust funds, separate accounts and fixed income securities, which may include U.S. treasury and agency securities, mortgage-backed securities, asset-backed securities, commercial mortgage-backed securities, private mortgages, corporate debt and short-term investments. The fund also enters into investment contracts to provide benefit-responsive wraps. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 5. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the local, state and federal taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Exempt Party-in-Interest Transactions

Certain Plan investments are units of a collective trust managed by J.P. Morgan Chase Bank, N.A. and mutual funds managed by J.P. Morgan Chase Investment Services Corporation (affiliates of J.P. Morgan Invest Holdings, LLC). J.P. Morgan Invest Holdings, LLC is the third-party recordkeeper, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Additionally, certain Plan expenses were paid by the Company during the year ended December 31, 2023.
