Independent Auditor's Report

The Plan Administrator
The MYR Group Hourly 401(k) Plan
Thornton, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The MYR Group Hourly 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP) (modified cash basis).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of The MYR Group Hourly 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

MYR Group Inc. (the Company) is a publicly traded electrical construction company headquartered in Henderson, Colorado. The Company maintained the assets for two qualified savings plans, including the Plan, in the MYR Group Inc. Plan Trust (the Master Trust) administered by Great-West Trust Company, LLC (the Trustee). Effective December 31, 2022, the Master Trust was terminated and the investments were transferred to an individual trust administered by the Trustee.

The trustee and recordkeeper of the Plan is Great-West Trust Company (the Trustee). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Benefit Plans Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are eligible to participate in the Plan if the employee is a regular full-time, hourly field employee of the Company or if the employee was a prior Plan participant and is rehired. Part-time employees are eligible to participate on the first day of the month following completion of 1,000 hours during the first year of employment, or during any calendar year commencing after the date of hire. An employee may not participate in the Plan if they are a temporary employee, a leased employee, a contract worker, covered under a collective-bargaining agreement that does not provide for participation in the Plan, or covered by a multi-employer pension plan to which the Company makes contributions.

Contributions

Participants may contribute from 1% to 75% (in 1% increments) of their wages to the Plan. Unless a participant is eligible to make catch-up contributions, the employee contributions will automatically stop when they reach the contribution limit for the year based on the current Internal Revenue Code (IRC) requirements. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also includes an automatic escalation clause whereby employee contributions increase by 1% annually, up to 6%, unless the participant opt-out of this feature.

The Company makes a safe harbor dollar-for-dollar matching contribution up to a maximum of 4% of the participant's eligible wages. The Company also makes a dollar-for-dollar supplemental matching contribution for deferral amounts in excess of 4% up to 6% of a participant's wages. Contributions are calculated for each payroll period, and payment is made within a reasonable time

The MYR Group Hourly 401(k) Plan

Notes to Financial Statements

after each payroll period. The Company's contributions are invested into the various investment options as directed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, the safe harbor matching contributions, the supplemental matching contribution, and an allocation of the Plan earnings and expenses. Allocations are based on participant contributions, base wages, or account balances, or specific participant requested transactions as defined. Each account maintained for a participant reflects their value for each investment held. All income, gain, or loss attributable to the investment of the balance of any account maintained for a participant is recorded to that account.

Vesting and Forfeitures

Participants are immediately vested in their employee before-tax account, Roth account, safe harbor match account, rollover account, pension plan account, pre-2006 after-tax contribution account, and any other employee contribution accounts. The amounts held in the Supplemental Match Account vest based on years of service. A year of service is any Plan year in which an employee completes 1,000 hours of service. A participant becomes 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service, and 100% vested after five years of service. However, if an active participant dies, becomes permanently disabled prior to attaining the normal retirement age, or reaches age 65, the participant's account becomes 100% vested.

The non-vested portion of the employer contributions for all terminated employees may be used to reduce subsequent employer contributions or to pay plan expenses. In 2023, \$36,647 of forfeitures were used to reduce employer contributions. The unallocated forfeitures balance as of December 31, 2023 and 2022 was \$40,205 and \$19,536, respectively.

Payment of Benefits

A terminated employee may elect to receive the value of their account in the form of a single-sum payment, a partial payment, a direct rollover, or a distribution in the form of an annuity if such total account balance exceeds \$5,000. Account balances below \$5,000 will be automatically distributed to the participant. If the account balance is between \$1,000 and \$5,000, the balance will be automatically rolled into an Individual Retirement Account (IRA) on behalf of the participant. If the account balance does not exceed \$1,000, the account balance will automatically be distributed to the participant in a lump-sum payment. Active employees may make withdrawals from the Plan under certain circumstances. Distributions are subject to the applicable provisions of the Plan Agreement.

Notes Receivable from Participants

Loans made to a participant from their account must be for a minimum of \$1,000. Loan amounts may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance, less outstanding balances of any other loans with the Plan. A loan is secured by the balance in the participant's account and bears interest at the Prime rate published in *The Wall Street Journal* on the first business day of each month, plus 1%. Loans are generally to be repaid within five years unless the loan is for the purchase of a principal residence. Also, each participant may not have more than two loans outstanding at any time.

2. Summary of Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis. Investment income is recognized when received, and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments held by the Plan at December 31, 2023 and 2022 are reflected at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from Plan participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed. No allowance for credit losses had been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefit payments are recorded when paid.

The MYR Group Hourly 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, which is the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosures in these financial statements.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The investments at December 31, 2023 and 2022 are presented at fair value, which has been determined utilizing information provided by the investment advisors and trustee.

The MYR Group Hourly 401(k) Plan

Notes to Financial Statements

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Self-directed brokerage accounts are comprised of common stock, mutual funds, and cash and cash equivalents. Common stock is valued at the published market price on an active market. The mutual funds are valued at the NAV that is quoted on an active market and is determined based on the fair value of the underlying assets at the end of each day.

Common Collective Trust Funds (CCTs) - The investments in CCT's are valued at the NAV of units held by the Plan at December 31, 2023 and 2022. The NAV is used as a practical expedient to estimate fair value. The NAV is provided by the trustee of the CCT and is based on the fair value of the underlying investments held by the fund less their liabilities. These investments are a direct filing entity.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on recurring basis:

December 31, 2023

	Level 1		Level 2		Level 3		Total
Investments, at fair value							
Mutual funds	\$	1,273,915	\$	-	\$	-	\$ 1,273,915

Common Collective Trust Funds, measured at NAV*							17,588,403
Total Investments						\$	18,862,344

December 31, 2022

	Level 1		Level 2		Level 3		Total

Mutual funds	\$	1,698,644	\$	-	\$	-	\$ 1,698,644
Self-directed brokerage accounts		-		26		-	26

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the statements of net assets available for benefits.

The MYR Group Hourly 401(k) Plan

Notes to Financial Statements

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. Tax Status

The Plan uses a pre-approved plan from the Trustee, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which states that the pre-approved plan, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee or its affiliates. Fees have been paid to the Trustee by the Plan for record-keeping services. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

The Plan has notes receivable from participants subject to specific guidelines, as defined in the Plan document (see Note 1). These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

8. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Plan's investments as shown in the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, respectively.

The MYR Group Hourly 401(k) Plan

Notes to Financial Statements

- Notes receivable from participants, as shown in the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments and interest income from notes receivable, as shown in the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023.
- Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such certified investment information to the related certified investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and, in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
