Hollister 401(k) Retirement Savings Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2023

WIPFLI

Independent Auditor's Report

To the Plan Administrator of
Hollister 401(k) Retirement Savings Plan
Libertyville, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hollister 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hollister 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hollister 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hollister 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hollister 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hollister 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Hollister 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated effective January 1, 2022, and most recently amended and restated effective February 15, 2022, is a defined contribution plan, was established effective January 1, 1983, and provides eligible employees with a long-term savings program designed to supplement retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2022, the Plan's name was changed from Hollister Supplemental Retirement Plan to Hollister 401(k) Retirement Savings Plan. Additionally, as part of a fiduciary addendum to the Plan effective July 1, 2022, the Hollister Employee Share Ownership Trust ("HolloShare") was merged into the Plan. The transferred net assets were recognized in the accounts of the Plan participant's at their balances previously carried in the accounts of their former plan. The HolliShare funds amounting to \$427,932,756 were deposited into target date funds related to the Plan participant's age.

Eligibility

All United States employees of Hollister Incorporated (the "Company" and the Plan Administrator), a wholly owned subsidiary of The Firm of John Dickinson Schneider, Inc., and any related entities who have elected to become participating employers, are eligible to participate in the Plan on their date of hire, except Kirksville, Missouri employees who are members of Local Number 710 of the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America.

Contributions

Participant voluntary deferral contributions are limited to 80% of eligible compensation, as defined in the Plan document, and can be designated by the participant as either pre-tax or Roth contributions. These contributions are further limited by certain provisions of the Internal Revenue Code ("IRC"). Eligible employees who do not elect an initial deferral rate or do not opt out of participation within 30 days of hire are automatically enrolled in the Plan at a 6% pre-tax deferral rate into the Plan's qualified default investment alternative. This initial deferral rate will increase 1% each year up to a maximum of 15% unless the participant opts out of this automatic increase each year. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover).

Hollister 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Contributions (Continued)

Effective January 1, 2022, the Plan provides for the Company to make annual safe harbor matching contributions equal to 100% of a participant's deferrals up to 6% of eligible compensation. Additionally, the Plan provides for the Company to make a non-elective contribution in an amount equal to 4% of a participant's eligible compensation based on each payroll period. Participants are 100% vested in both safe harbor matching and non-elective contributions made to the Plan.

The Company contributed \$14,593,033 for the 2023 Plan year, comprised of safe harbor matching contributions of \$7,954,679, plus a receivable amounting to \$664,085 that was paid to the Plan subsequent to December 31, 2023, and non-elective contributions of \$5,974,269.

The Plan also allows participants to make voluntary after-tax employee contributions limited to 80% of eligible compensation, as defined in the Plan document, and these contributions are not matched by the Company.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's voluntary pre-tax or Roth deferral contributions, after-tax employee contributions, participant rollover contributions and, if any, (i) an allocation of the Company's matching contribution, (ii) allocations of Plan earnings and investment gains or losses and charged with withdrawals, as applicable, and (iii) an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

All participant contributions and Company contributions are fully vested. Additionally, merged in HolliShare participant account balances were fully vested at time of transfer into the Plan. Forfeitures of non-vested account balances are used first to reduce administrative expenses of the Plan and then future Company contributions to the Plan. No forfeitures were used to pay Plan expenses or to reduce Company contributions to the Plan for the year ended December 31, 2023. The forfeiture account balance was \$21,267 and \$18,884 as of December 31, 2023 and 2022, respectively.

Hollister 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are repaid ratably through equal payroll deductions over a term of one to five years, unless the borrowings are used to acquire a principal residence, at which time the note can be repaid over a reasonable period of time not exceed ten years. Participants are permitted to have up to two loans outstanding at any time. Interest rates on notes outstanding at December 31, 2023, ranged from 4.25% to 9.50%.

Payment of Benefits

The Plan allows for in-service withdrawals by participants who have attained the age of 59 ½ from their vested account balances and earnings thereon or by any participant from their rollover or after-tax employee contributions. In addition, the Plan allows for hardship withdrawals, subject to the terms of the Plan document. On termination of service due to death, disability or retirement, or for termination of service due to other reasons, a participant may elect to receive the value of his or her account in the form of a single lump sum equal to the vested balance of the participant's account. At December 31, 2023 and 2022, there were no amounts owed to former participants whose employment had been terminated and who requested payout of their account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Hollister 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant notes receivable are recorded as benefit payments on the basis of the term of the Plan document.

Administrative Expenses

Management fees for investments in money market funds, mutual funds, and collective trust funds, are deducted on a daily basis and, therefore, are reflected as a reduction of investment return for those money market funds, mutual funds and collective trust funds. Recordkeeping and investment consulting fees are charged to participant accounts on a pro-rata basis. By agreement with the Plan's third party record keeper, a revenue credit is allocated on a pro-rata basis to participant accounts that hold investments in eligible investment options, as defined by the agreement. Such revenue credits held for allocation to eligible participant accounts amounted to \$109,550 and \$53,982 at December 31, 2023 and 2022, respectively. Fees specific to individual participant activity, such as loan fees, are paid by the participant. The Plan provides for other administrative expenses to be allocated to participant accounts on a reasonable basis as determined by the Plan Administrator or to be paid by the Company. Administrative expenses paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2024, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Trustee/Custodian

Investments at fair value and notes receivable from participants at December 31, 2023 and 2022 and total investment income and interest income on notes receivable from participants for the year ended December 31, 2023 included in the accompanying financial statements, have been certified by Fidelity Management Trust Company, the Trustee of the Plan, to the Plan Administrator as being complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The accompanying Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, has been derived from data certified by the Trustee.

Hollister 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements

In measuring the fair value of the Plan's investments, the Trustee utilizes a framework that provides for a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Cash equivalents: These investments, money market funds, are public investment vehicles valued using the net asset value provided by the administrator of the fund. The carrying value of cash equivalents approximates fair value as maturities are less than three months. The net asset value is a quoted price in a market that is active and classified within level 1 of the valuation hierarchy.

Mutual funds: These investments are public investment vehicles valued using the net asset value provided by the administrator of the fund. The net asset value is a quoted price in a market that is active and classified within level 1 of the valuation hierarchy.

Collective trust funds: Stable value funds that invest primarily in guaranteed investment contracts and other stable value products are valued at the NAV of units held of the common collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require 12 months notification in order to ensure the securities' liquidations will be carried out in an orderly business matter.

Hollister 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022.

	Assets at Fair Value as of December 31, 2023

Notes to Financial Statements

Note 5: Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual and money market funds, or units of collective trust funds, managed by Fidelity Management & Research LLC (FMR LLC) and its affiliated entities. Fidelity Management Trust Company, the Trustee of the Plan, is an affiliated entity of FMR LLC and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under the ERISA regulations. In addition, the Plan pays fees to a party-in-interest for investment advisory services and an affiliate of the Trustee for recordkeeping services. Fees paid for these services were \$65,381 for the year ended December 31, 2023. In addition, certain administrative functions are performed by employees of the Company for which no compensation is received from the Plan for their services.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan contributions.

Note 7: Tax Status

The Company has adopted a Prototype Non-Standardized Pre-Approved Profit Sharing Plan with CODA ("Prototype Plan") sponsored by FMR LLC. The Prototype Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Prototype Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has not requested its own IRS determination letter. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
