Independent Auditor's Report

To The Board of Trustees
New Jersey B.A.C. Annuity Fund

Opinion

I have audited the financial statements of New Jersey B.A.C. Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In my opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of New Jersey B.A.C. Annuity Fund as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibility under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of New Jersey B.A.C. Annuity Fund and to meet my ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise a substantial doubt about New Jersey B.A.C. Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

Exercise professional judgement and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New Jersey B.A.C. Annuity Fund's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about New Jersey B.A.C. Annuity Fund's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NEW JERSEY B.A.C. ANNUITY FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

Note A Description of Plan

The following description of the New Jersey B.A.C. Annuity Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The New Jersey B.A.C. Annuity Fund is a defined contribution pension plan established under an Agreement and Declaration of Trust pursuant to a collective bargaining agreement covering employees working in the construction industry. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions to the Plan are made for each hour worked. In general, the rate of contribution for employees that are members of B.A.C. Local 4 is \$11.03 per hour. In general, the rate of contribution for employees that are members of B.A.C. Local 5 is \$6.30 per hour.

Participants are immediately vested in all contributions made to their account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. On termination of service due to retirement, death, total and permanent disability, or separation from work under the union jurisdiction, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account, or payment in the form of an annuity.

The Plan has an investment contract with Fidelity Investments. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of Funds, including a Stable Value Fund, several Bond Funds, Large-Cap Funds, Mid-Cap Funds, Small-Cap Funds, and International Funds. Additionally the investment choices include several Blended Targeted Retirement Funds, and a Retirement Income Fund. Each participant account is credited with contributions, investment results, less a charge for administrative expenses.

A participant who has had an account for three years or more may apply to the trustees for a loan of up to 50% of the amount in his participant account upon the occurrence of any of certain instances. Such loans may be granted by the trustees for a period of five years at current market rates. The loans are secured by the balance in the participant's account.

Note B Summary of Significant Accounting Policies

The financial statements are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts may differ from those estimates.

NEW JERSEY B.A.C. ANNUITY FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

Investments are reported at fair value (except for the fully benefit-responsive contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are valued at unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Interest on participant loans is recorded when received.

Benefit payments to participants are recorded when paid.

The Plan has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Note C Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

The following table sets forth, by level within the fair value hierarchy, the Plan's investments as of December 31, 2023, with fair value measurements on a recurring basis:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 97,979,805	\$ 97,979,805	\$ 0	\$ 0
Total Investments	<u>\$ 97,979,805</u>	<u>\$ 97,979,805</u>	<u>\$ 0</u>	<u>\$ 0</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's investments as of December 31, 2022, with fair value measurements on a recurring basis:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 80,473,675	\$ 80,473,675	\$ 0	\$ 0
Total Investments	<u>\$ 80,473,675</u>	<u>\$ 80,473,675</u>	<u>\$ 0</u>	<u>\$ 0</u>

Note D Galliard Stable Return Fund

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Galliard. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract Value, as reported to the Plan by Galliard, represents contributions made plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The net asset value of the fund is determined daily.

The Fund's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this the Fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

NEW JERSEY B.A.C. ANNUITY FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value.

The interest crediting rate of a security-backed contract is based on the contract value, and the fair value, duration, and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized through adjustments to future interest crediting rates.

The Fair Value to Contract Value Ratios as of December 31, 2023 and 2022 were:

	<u>2023</u>	<u>2022</u>
Stable Value Fund at Fair Value	\$ 47,046,480	\$ 48,112,499
Stable Value Fund at Contract Value	49,290,344	51,187,512
Fair Value to Contract Value Ratio	95.45%	93.99%

The yield earned by the Fund at December 31, 2023 and 2022 was 4.92% and 4.94%, respectively. This represents the annualized earnings of all investments in the Fund divided by the fair value of all investments in the Fund at December 31, 2023 and 2022, respectively.

The yield earned by the Fund with an adjustment to reflect actual interest rate credited to participants in the fund at December 31, 2023 and 2022 was 2.93% and 2.52%, respectively. This represents the annualized earnings credited to the participants in the Fund, divided by the fair value of all investments in the Fund at December 31, 2023 and 2022, respectively.

Note E Employer Reciprocal Contributions

The fund has entered into reciprocal agreements with several other masons annuity funds. Employer contributions received by the signatory funds for work performed in their area by employees who work in various areas under collective bargaining are to be paid to the "home fund" of the employee at the contribution rate where the work was performed.

Note F Administrative Expenses

Certain common expenses of administration arising from joint use of personnel and office facilities have been allocated between this fund and the related New Jersey B.A.C. Health Fund, Local 5 Pension Fund, and Local 4 Pension Fund.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

Note G Plan Termination

In the event the Plan terminates, the participants will receive the value of their individual accounts.

Note H Tax Status

The Plan has received a determination letter from the IRS dated September 19, 2012, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Trustees believe the Plan, including amendments subsequent to the IRS determination, is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to examinations for years prior to 2019.

Note I Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Note J Credit Risk

The fund maintains cash in a bank deposit account which, at times, may exceed federally insured limits.
