INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Colony Hardware Corp 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of the Colony Hardware Corp 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at Year End) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLONY HARDWARE CORP 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Colony Hardware Corp (the "Company" or "Employer") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established for the benefit of eligible employees of the Company. All employees of the Company who have completed one month of service are automatically enrolled to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Participants may elect to make pre-tax contributions equal to any whole percentage of their includable compensation. The contribution may not exceed the amount specified in Section 402(g)(5) of the Internal Revenue Code ("IRC"), as indexed for inflation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate, with a default deferral rate set to 1% of eligible compensation. The Plan allows certain catch-up contributions if the participant is age 50 or over. The Plan has elected a safe harbor matching contribution that matches 100% of the first 3% of eligible salary deferrals and 50% of the subsequent 2% of salary deferrals, up to 5% of eligible compensation for the Plan year. The Company may also contribute a discretionary amount, which amount shall be deemed an Employer's Non-Elective Contribution. Employer contributions totaled \$2,596,868 for the year ended December 31, 2023.

The Plan also has a Roth 401(k) investment option which allows participants to elect to designate all or a portion of their annual compensation, subject to the maximum limitation as defined in the IRC, as an after-tax contribution. If participants have made pre-tax 401(k) contributions prior to the addition of the Roth 401(k) option, they will not be able to re-designate their traditional 401(k) contributions. The Roth 401(k) contributions are invested separately in funds selected by the Plan administrator. The participants' Roth 401(k) account balances and earnings thereon may be withdrawn tax-free subject to the provisions of the Plan document, as revised.

Participant Accounts - Each participant's account is credited with the participant's pre-tax contribution, the Company's contributions, if applicable, and an allocation of Plan earnings and charged with an allocation of administrative expenses. Earnings allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary pre-tax contributions and Employer discretionary matching contributions plus actual earnings thereon. Participants are fully vested in their account balances upon attaining their normal retirement date while in active service of the Company or upon the termination of credited services as a result of death or disability. Otherwise, vesting on the discretionary non-elective contributions is determined on years of service based on the following vesting schedule:

<u>Vesting Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

A participant must complete a full year of service based on the elapsed time method calculated based on 12 full months of employment during a Plan year to be credited with a year of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts. The Plan provides for a \$1,000 minimum loan requirement. A participant may have only one outstanding loan at any time. Loan terms range from one to five years, or longer if used for the purchase of a primary residence up to ten years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan administrator ranging from 4.25% to 9.50% at December 31, 2023 and 4.25% to 7.50% at December 31, 2022. Principal and interest are paid ratably in payments made no less frequently than quarterly through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account by way of lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the value of the terminated participant's vested benefit exceeds \$1,000 but does not exceed \$5,000, the entire vested benefit may be paid to the participant by a direct rollover to an individual retirement account.

Investment Elections - Upon enrollment in the Plan, a participant may direct contributions among investment options in increments of one percent. Participants may change their investment choices at any time.

Forfeited Accounts - At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$40,214 and \$18,106, respectively. These accounts can be used to pay administrative expenses or to reduce Employer contributions. In 2023, \$14,373 of forfeited nonvested accounts were used to reduce Employer contributions.

Transfers - Effective November 15, 2023, the All Size Supply Company, LLC 401(k) Profit Sharing Plan merged into the Plan. Total account balances transferred into the Plan were \$51,000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - Expenses incurred by the custodian and trustees with regard to the management of the Plan assets and investment advisory fees are paid for by the Plan. The Company pays for other expenses, such as administrative and accounting fees.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events occurring between the end of the most recent fiscal year end and October 1, 2024, the date the financial statements were available to be issued, and has determined that there are no material events, other than noted below, that require disclosure in the financial statements.

Effective February 1, 2024, the New South Construction Supply, LLC Retirement Plan was merged into the Plan. During February 2024, \$4,963,787 of assets were transferred into the Plan related to the merger.

NOTE 3 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, at fair value and notes receivable from participants held at December 31, 2023 and 2022 and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan's assets.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to actively traded.

Money Market Fund - Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price, which approximates \$1. The money market fund held by the Plan is deemed to be actively traded.

The following presents by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. As prescribed by FASB ASU 2015-12, the investments are disaggregated by general type.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$49,997,912	\$ -	\$ -	\$ 49,997,912
Money market fund	1,428,895	-	-	1,428,895
Total	<u>\$51,426,807</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 51,426,807</u>
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$42,287,333	\$ -	\$ -	\$ 42,287,333
Money market fund	769,034	-	-	769,034
Total	<u>\$43,056,367</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 43,056,367</u>

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, is acceptable under Section 401(a) of the IRC. Although the Plan has not received a determination letter specific to the Plan itself, and the Plan has since been amended, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its acceptance of contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is as least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investments managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's trustee and, as such, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$61,632 for the year ended December 31, 2023. Fees paid by the Plan for administrative and recordkeeping services amounted to \$89,944 for the year ended December 31, 2023. The Plan provides for notes receivable from participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.
