Independent Auditors' Report

To the Trustees and Investment Committee of
Azara Healthcare 401k Plan
Burlington, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Azara Healthcare 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Azara Healthcare 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Azara Healthcare 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Azara Healthcare 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Azara Healthcare 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Azara Healthcare 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Azara Healthcare 401k Plan
Notes to Financial Statements
December 31, 2023

A. Description of Plan

The following description of Azara Healthcare 401k Plan (the “Plan”) provides only general information. A more complete description of the Plan's provisions is in the Plan Document.

1. General - The Plan is a qualified defined contribution plan with a cash deferral arrangement covering all eligible employees (“participants”) of Azara Healthcare, LLC (the “Company”). The Plan was established on January 1, 2013 and is administered on the basis of the Plan year, which is the 12 month period commencing each January 1 and ending on December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants are offered a selection of mutual funds for the placement of their contributions (“participant-directed funds”). The determination of the participant-directed funds made available to participants is made by the Plan's administrator.
2. Eligibility - As defined by the Plan, there is no age, service, or other requirements for participants to be eligible to contribute to the Plan. Eligible participants can enter the Plan on the first day of the month coinciding with or next following the date of hire.
3. Contributions - Participants may elect to defer up to ninety percent of their annual compensation as defined in the Plan, subject to limits set by the Internal Revenue Code (“IRC”). Participants that have met requirement age of 50 or older may elect to defer additional amounts as catch-up contributions, subject to limits set by the IRC. Participants may also elect to defer a percentage of their after-tax compensation designed as roth contributions, subject to maximum limits set by the IRC. Participants may also contribute distributions from other qualified retirement plans (“Rollovers”). Participants are automatically enrolled in the Plan with a 3% contribution unless elected otherwise.

The Company may make matching or non-elective contributions as permitted by the Plan at the discretion of the Company. The Company did not make any contributions to the Plan during the years ended December 31, 2023 and 2022.

4. Notes receivable from participants - Participants may borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account subject to certain Internal Revenue Service (“IRS”) limitations. Participants may only have one loan outstanding at any given time. Loans are to be repaid within five years, unless the loan is for a primary residence. Loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid through after-tax payroll deductions on a semi-monthly basis.
5. Vesting - Participants are fully vested in their deferral contributions, rollover contributions, and any earnings thereon along with discretionary matching or non-elective contributions and earnings.

A. Description of Plan (continued)

6. Forfeitures - Forfeitures may first be used to pay any administrative expenses, then to reduce any employer contribution on a per payroll period basis. As of December 31, 2023 and 2022, there were no unallocated forfeitures.
7. Payment of benefits - Upon termination of service, retirement, death, or disability, distributions under the Plan shall be paid through a single lump sum amount, equal installments, or partial withdrawals. The Plan also allows for hardship withdrawals and in-service withdrawals upon the participant reaching age 59 1/2 of all or a portion of a participant's vested account.
8. Participant accounts - Each participant's account is credited with (a) the participant's pre-tax elective deferrals, roth elective deferrals, and rollover contributions, (b) Company's matching or non-elective contributions and (c) the Plan's net investment earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
9. Plan administration - The Company is the Plan administrator and has the authority to appoint persons or entities to carry out the operations of the Plan. Reliance Trust Company is the Plan's trustee and ADP Retirement Services provides recordkeeping services for the Plan.
10. Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

B. Summary of Significant Accounting Policies

1. Basis of accounting - The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
2. Use of estimates - The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.
3. Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, see Note D. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

B. Summary of Significant Accounting Policies (continued)

4. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.
5. Benefits paid - Benefit payments are recorded when paid.
6. Administrative expenses - Certain administrative expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses, recordkeeping, and other plan administration expenses paid by the Plan are recorded in the net appreciation in fair value of investments and in administrative expenses.

C. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends including interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

D. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted market prices for similar assets or liabilities in active markets.b. Quoted prices for identical or similar assets or liabilities in inactive markets.c. Inputs other than quoted prices that are observable for the asset or liability.d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs that are unobservable inputs for the asset or liability. |

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

All investments at fair value at December 31, 2023 and 2022 are Level 1 investments in mutual funds.

For the years ended December 31, 2023 and 2022, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3 investments.

E. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F. Related Party and Party-In-Interest Transactions

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Administrative fees related to the trustee's administration of the Plan may be paid by the Company.

G. Reconciliation of Financial Statements to Form 5500

Per the accompanying financial statements, net assets available for benefits totaled \$8,230,685, contributions totaled \$1,913,683, and the net increase in net assets available for benefits totaled \$2,834,132, as of and for the year ended December 31, 2023. Per the Form 5500, net assets available for benefits totaled \$8,184,363, contributions totaled \$1,904,604, and the net increase in net assets available for benefits totaled \$2,825,053, as of and for the year ended December 31, 2023. The reconciling amounts relate to employee contributions receivable of \$46,322 and \$37,243 for the years ended December 31, 2023 and 2022, respectively.

Per the accompanying financial statements, net assets available for benefits totaled \$5,396,553 as of and for the year ended December 31, 2022. Per the Form 5500, net assets available for benefits totaled \$5,359,310 as of and for the year ended December 31, 2022. The reconciling amount of \$37,243 is related to employee contributions receivable as of and for the year ended December 31, 2022.

H. Tax Status

The Plan obtained its latest determination letter on October 6, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

I. Operational Failure

In accordance with the Plan adoption agreement, all employees except for nonresident aliens and residents of Puerto Rico are eligible to participate in the Plan. The Company determined there was a failure to include an employee as an eligible participant in the Plan. Subsequent to year end, the Company intends to correct this failure by funding the applicable participant's account with a qualified non-elective contribution for the missed deferrals and lost earnings. The plan administrator determined the receivable was immaterial to the financial statements and was not recorded in the accompanying statements of net assets available for plan benefits as of December 31, 2023.

J. Subsequent Events

The plan sponsor has evaluated all subsequent events through August 28, 2024, the date the financial statements were available to be issued and determined that no additional subsequent events had occurred that would require recognition or disclosure in these financial statements, except as discussed below.

1. Plan amendment - On January 1, 2024, the Plan amended the conditions participants must satisfy in order to share in the match and profit-sharing contributions to include only participants who are employed with the plan sponsor on the last day of the plan year. This condition is waived for participants whose employment is terminated due to death, disability or after normal retirement.
