To the Plan Administrator of
Feed Energy Company and Riverhead Resources, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Feed Energy Company and Riverhead Resources, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Feed Energy Company and Riverhead Resources, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of KRU Ltd. d/b/a Feed Energy Company (the Company or Plan Administrator). Beginning January 1, 2023, employees who have completed 30 days of service and are age 18 or older are eligible to participate in the Plan. Prior to January 1, 2023, employees were required to complete three months of service and be age 21 or older to participate in the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Company has contracted with Principal Trust Company (Principal) to hold the Plan's assets, execute investment transactions, perform allocations of contributions and investment earnings, and make benefit payments.

Contributions

Each year, participants may contribute a percentage of their eligible compensation as defined in the Plan agreement, subject to certain limitations established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans (rollovers). Participants direct the investment of both their contributions and employer contributions into various mutual funds offered by the Plan. Participants may change their investment options daily.

During 2023, the Company made matching contributions of 100% of the first 6% of wages that were contributed by eligible participants of the Plan. Additional discretionary amounts may be contributed at the option of the Company's Board of Directors. Beginning January 1, 2023, any discretionary match is allocated based on participant groups, providing for a top-heavy minimum contribution. Prior to January 1, 2023, any discretionary match was allocated using participants' annual compensation. For the years ended December 31, 2023 and 2022, the Company made discretionary contributions of \$368,799 and \$433,734, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is increased or decreased by the participant's contributions, withdrawals, an allocation of Plan earnings (losses), net of administrative expenses, and an allocation of the Company's contributions. Allocations to participants are based on the funds selected by the participant, as defined in the agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Vesting

Beginning January 1, 2023, participants are vested in their contributions and all Company contributions based on a three-year schedule. Vesting of the employer's matching contributions and earnings (losses) thereon is based on years of continuous service. Participants begin vesting in employer contributions on year one of employment at 33% and are 100% vested after three or more full years of service. Prior to January 1, 2023, participants were vested based on a six-year graded schedule. Participants began vesting in employer contributions on year two of employment and were 100% vested after six or more full years of service.

Payment of Benefits

Participants may withdraw account balances related to their elective contributions and rollover contributions at any time. Account balances related to Company contributions may be withdrawn upon termination, unless noted below. A participant may withdraw a portion of his or her vested interest upon attaining age 59 1/2 while still employed by the Company. Normal retirement is at age 65. In addition, hardship distributions are permitted if certain criteria are met.

Forfeited Accounts

Forfeitures of non-vested accounts may be used to first pay administrative expenses of the Plan and then used to reduce employer contributions. Forfeited, non-vested accounts totaling \$25,982 were used to reduce administrative expenses and employer contributions for the year ended December 31, 2023. At December 31, 2023 and 2022, the forfeiture account balance was \$14,826 and \$25,982, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld from their compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of distributions are charged directly to participant accounts. Certain investment-related expenses are included as a reduction of net appreciation in fair value of investments.

NOTE 3 — CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements, Note 4, and supplemental schedule of assets (held at end of year), including investments held at December 31, 2023 and 2022, and dividends and net appreciation in fair value of investments for the year ended December 31, 2023 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal.

NOTE 4 — FAIR VALUE MEASUREMENTS

GAAP establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as observable inputs such as quoted prices in active markets for identical assets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring the Plan to develop its own assumptions. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued based on quoted prices of identical assets in active markets.

Common/collective trusts: Quoted redemption values, also known as net asset value (NAV), are determined by Principal using available market information and appropriate valuation methods, as provided by Principal, and represent the value at which the Plan (or the participant) could initiate a transaction with Principal. This is considered a readily determinable fair value. There are no imposed redemption restrictions on participants.

Pooled separate accounts: The fair value of units held in pooled separate accounts are valued based at NAV as determined by the insurer and are primarily based on quoted market prices for the underlying securities or similar instruments. Pooled separate accounts have readily determinable fair value and, therefore, are included in the fair value table below. There are no imposed redemption restrictions on participants, except for certain short-term trading restrictions, which prohibit participants from reinvesting into the same account within 30 days. Other than the Principal U.S. Property Separate Account, there are no limitations on redemptions.

The NAV of the Principal U.S. Property Separate Account is based on the underlying real estate assets, which are valued using discounted cash flow valuation models that utilize public real estate market data such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser. Principal has the ability to apply a contractual limitation, which delays the payment of withdrawal requests (Withdrawal Limitation). Since December 31, 2022, the Withdrawal Limitation has been in effect. As of December 31, 2023 and 2022, the Plan had outstanding distribution requests of \$45,506 and \$0, respectively.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables show assets measured at fair value as of December 31, 2023 and 2022 on the Plan's statements of net assets available for benefits and the input categories associated with those assets:

Description	Assets at fair value as of December 31, 2023			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 9,969,269	\$ 9,969,269	\$ -	\$ -

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Description	Assets at fair value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 7,727,280	\$ 7,727,280	\$ -	\$ -

Investments measured at NAV (a)	<u>56,034</u>			
Investments at fair value	<u>\$ 9,040,877</u>			

- (a) Due to the Withdrawal Limitation applied on July 1, 2022, the Principal U.S. Property Separate Account utilized the NAV as a practical expedient to estimate fair value at December 31, 2023 and 2022. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The Principal U.S. Property Separate Account has no unfunded commitments, allows daily redemptions when Withdrawal Limitation is not in effect, and has no required redemption notice period.

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units in pooled separate accounts and common collective trusts administered by the Custodian of the Plan. In addition, as described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accrued benefits of all participants shall be distributed to participants as provided in the agreement.

NOTE 7 — INCOME TAX STATUS

The Plan was created from a prototype plan developed by Principal Life Insurance Co. The IRS has determined and informed Principal Life Insurance Co., by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and therefore, is acceptable for use by employers for the benefit of their employees.

The letter also states that the IRS is not making a determination as to whether plans created from the prototype, such as this one, are designed in accordance with applicable sections of the IRC, but that such plans would be considered qualified provided all the terms of the prototype plan are followed and plan provisions are not more favorable to certain individuals. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 — INCOME TAX STATUS (Continued)

The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan's management believes that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that "more-likely-than-not" would not be sustained upon examination by the IRS. Plan management has not identified any uncertain tax positions.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 — PROHIBITED TRANSACTIONS

During the years ended December 31, 2023 and 2022, the Company inadvertently failed to deposit a participant's deferrals of \$36,354 and \$62,077, respectively, within the required timeframe as stated by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Company made deposits into the Plan for lost earnings attributable to the delinquent contributions to partially correct the prohibited transactions of \$96,008 during the year ended December 31, 2023.

NOTE 10 — RECONCILIATION TO FORM 5500
