Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CLARK, SCHAEFER, HACKETT & CO.**

(2) EIN: **31-0800053**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITORS' REPORT

To the Participants and the Employee's Benefit Committee
Hawaiian Telcom Hourly Employees Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Hawaiian Telcom Hourly Employees Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hawaiian Telcom Hourly Employees Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hawaiian Telcom Hourly Employees Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hawaiian Telcom Hourly Employees Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hawaiian Telcom Hourly Employees Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Year: January 1, 2023 to December 31, 2023

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Funding assumptions selection and rationale

Actuarial Standard of Practice No. 27 ("ASOP 27") provides guidance to actuaries when selecting economic assumptions for measuring pension obligations. Actuarial Standard of Practice No. 35 ("ASOP 35") provides guidance to actuaries when selecting demographic and other noneconomic assumptions for measuring pension obligations. Under these ASOPs, for each assumption that has a significant effect on the measurement and that is not prescribed by law or regulation, the actuary should disclose the information and analysis used to select the assumption.

In selecting the Expected Return assumption, the actuary used economic information provided by Buck's Investment Consulting and Financial Risk Management practices. Buck's Capital Market Assumptions provide relevant expected returns, standard deviations, and correlations. Projected returns are then developed for the portfolio (based on the Plan's asset allocation) using the GEMS® Economic Scenario Generator from Conning & Company. Based on this analysis, the actuary selected a rate at the median of returns generated by the GEMS® model, offset by implicit investment expenses.

The lump sum interest rates were selected based on the respective market rates as of the valuation date, considering future expectations. The demographic assumptions currently being used are based on an experience study completed in January 2021. For 2023, a gain/loss analysis was performed to review the validity of these assumptions and the plan's enrolled actuary found the difference between actual and expected values within an acceptable corridor.

Use of Models

Actuarial Standard of Practice No. 56 ("ASOP 56") provides guidance to actuaries when performing actuarial services with respect to designing, developing, selecting, modifying, using, reviewing, or evaluating models. Buck uses third-party software in the performance of annual actuarial valuations and projections. The model is intended to calculate the liabilities associated with the provisions of the plan using data and assumptions as of the measurement date under the funding rules specified in this report. Further, the model applies those funding rules to the liabilities derived and other inputs, such as plan assets and contributions, to generate many of the exhibits found in this report. Buck has an extensive review process whereby the results of the liability calculations are checked using detailed sample output, changes from year to year are summarized by source, and significant deviations from expectations are investigated. Other funding outputs are similarly reviewed in detail and at a high level for accuracy, reasonability and consistency with prior results. Buck also reviews the model when significant changes are made to the software. The review is performed by experts within the company who are familiar with applicable funding rules as well as the manner in which the model generates its output.

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the actuarial assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report. However, in accordance with ASOP 51, an assessment of risks for the plan was performed.

Prescribed Funding Assumptions and Methods

The following assumptions and methods are prescribed by ERISA, as currently amended.

Interest rates

	2023 Plan Year	2022 Plan Year
Funding Rates – Constrained*		
First Segment Rate	4.75%	4.75%
Second Segment Rate	5.00%	5.18%
Third Segment Rate	5.74%	5.92%
Effective Interest Rate	5.27%	5.45%
Funding Rates – Unconstrained**		
First Segment Rate	1.41%	1.07%
Second Segment Rate	3.09%	2.68%
Third Segment Rate	3.58%	3.36%
Effective Interest Rate	3.24%	2.95%

* Used for minimum funding and benefit restriction purposes.

**Used for maximum tax-deduction.

The interest rates used for funding purposes are the Segment Rates with 4-month lookback, constrained in accordance with relevant legislation.

Mortality

Mortality tables mandated by applicable law and regulation as specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2022-22, applied on a static basis.

Lump Sum interest and mortality:

Interest Rate: Forward rates implied by the funding interest rates (annuity substitution rule)
Mortality: 2023 IRC 417(e) Applicable Mortality table

Actuarial cost method

The Funding Target is the present value of accrued benefits based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan administrative and investment related expenses to be paid from plan assets during the year.

Since the plan is frozen, the Target Normal Cost represents expected plan expenses only.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods (continued)

Non-Prescribed Funding Assumptions and Methods

The following assumptions were selected by the plan's enrolled actuary. The asset valuation method was selected by the plan sponsor with the actuary's advice and is an acceptable method under the applicable provisions of the Internal Revenue Code and associated regulations.

Expenses

Expected plan administrative and investment related expenses of \$656,174 were added to the Target Normal Cost. This assumption is based on the sum of the prior year's expenses (without PBGC Premium) and the current year's PBGC Premium.

Termination rates

Attained Age	Rate

55	1.187%	1.088%
60	1.671%	1.253%

Lump sum interest rate and mortality

Lump sums are calculated using the basis below that produces the largest lump sum:

- 1971 TPF&C mortality set back 2 years with interest rate of equal to 120% of the PBGC immediate lump sum interest rate in effect at the beginning of the plan year (only available for employees who would have been eligible to retire on or before January 1, 2000)
 - Interest rate for 2023 Funding Target: 2.75%
 - Interest rate for 2022 Funding Target: 0.00%
- 1971 TPF&C mortality set back 2 years with interest rate based on the annual published yield of the 10-year U.S. Treasury Note as of the beginning of the fiscal year
 - Interest rate for 2023 Funding Target: 3.90%
 - Interest rate for 2022 Funding Target: 1.50%

Applicable Mortality Table under IRC §417(e)(3) and applicable segment rates under IRC §417(e)(3) for August 2022.

Non-Prescribed Funding Assumptions and Methods (continued)

Asset valuation method

The Actuarial Value of Assets is market value as of the valuation date, including the discounted value of accrued contributions, reduced by 2/3 of the gain/(loss) for the immediately preceding plan year and reduced by 1/3 of the gain/(loss) for the plan year before that. The gain/(loss) for each period is determined as the actual return on market value during the period less the expected return on market value based on an assumed earnings rate chosen by the actuary but required by current law and regulation to be not greater than the applicable third Segment Rate. The resulting value is constrained to be within a corridor of 90% to 110% of market value, including discounted receivable contributions. The Actuary's assumption is consistent with the expected long-term rate of return selected by the plan sponsor for accounting purposes. This assumption is based on the plan sponsor's estimate of long-term future experience, taking into account asset allocation and historical and expected plan experience.

	Actuary's Assumption	Third Segment Rate	Reflecting Limit
2023 Expected Return	6.75%	5.74%	5.75%
2022 Expected Return	4.75%	5.92%	4.75%
2021 Expected Return	6.00%	6.11%	6.00%

Summary of Changes from the January 1, 2022 Valuation

- The interest rates were updated to the segment rates applicable to the current plan year in accordance with PPA as amended by MAP-21, HATFA, and ARP.
- The mortality assumption was updated according to the projection specified in IRS Regulation 1.430(h)(3)- 1, applied on a static basis.
- The lump sum conversion assumptions were updated as described above.

The assumption changes listed above decreased the Funding Target by approximately \$11.6 million.

- The expected return on plan assets rate changed from 4.75% for 2022 to 6.75% for 2023 (limited to third segment rate) due to changes in the plan's asset allocation and capital market assumptions. This change had no effect on the current valuation.

INDEPENDENT AUDITORS' REPORT

To the Participants and the Employee's Benefit Committee
Hawaiian Telcom Hourly Employees Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Hawaiian Telcom Hourly Employees Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hawaiian Telcom Hourly Employees Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hawaiian Telcom Hourly Employees Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hawaiian Telcom Hourly Employees Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hawaiian Telcom Hourly Employees Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Hawaiian Telcom Hourly Employees Pension Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022**

1. Description of Plan

The Hawaiian Telcom Hourly Employees Pension Plan (the "Plan") is a defined benefit pension plan covering regular hourly union employees of Hawaiian Telcom Communications, Inc. and subsidiaries (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Company amended its union pension plan on January 24, 2012 to freeze benefits effective March 1, 2012.

Pension Benefits

Employees at the later of age 65 or five years of service are entitled to pension benefits equal to 1.65% of their final five-year average annual compensation for each year of service. The Plan permits early retirement with 15 or more years of service or after age 60. If employees terminate before five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to Company contributions. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination or they may elect to receive their benefits as a life annuity payable monthly.

Death Benefits

If the employee has one year of service and dies while an eligible employee, a death benefit equal to 50% of the employee's salary for the last full year of service will be paid. If the death is as a result of an accident on the job, the death benefit amounts to two times the employee's salary for the last full year of service. In addition, a death benefit equal to the value of the employee's accumulated pension benefits, as defined in the Plan agreement, is paid to the employee's beneficiary.

Disability Benefits

Active employees who become totally disabled receive a benefit of 1.25% of average final salary for each year of service, less any amount received by the employee under workers' compensation. If the annual retirement benefit using this formula is 25% or less of the employee's final average salary, then the disability retirement benefit is 1.25% of average final salary for each year of service as if service were to continue to age 60, less any amount received by the employee as workers' compensation. If an employee becomes disabled and eligible for disability retirement as the direct result of an accident that occurred while performing their job with the Company, the annual disability retirement benefit is 66-2/3% of average final salary minus any amount paid by workers' compensation.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment securities including equity funds, fixed income funds and short term investment funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits reported are based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Master Trust Arrangement

Prior to December 31, 2023, the assets of the Plan had been commingled with the assets of the Hawaiian Telcom Management Pension Plan (collectively referred to as the "Plans") in the Hawaiian Telcom Master Retirement Trust (the "Master Trust") for investment and administrative purposes. The Plans did not own specific Master Trust assets but rather maintained an undivided beneficial interest in such assets. Each plan's interest in the Master Trust was credited or charged for contributions, transfers and distributions. Although assets of both plans were commingled in the Master Trust, the trustees maintained supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. Investment income was allocated to the Plans based on each plan's beneficial interest in the net assets of the Master Trust.

On December 31, 2023, the Hawaiian Telcom Management Pension Plan was merged and all its assets, liabilities and benefit obligations were transferred to the Cincinnati Bell Management Pension Plan. Cincinnati Bell Inc. is the ultimate parent of the Company. In conjunction with the merger, the Master Trust was terminated, and the assets of the Plan are now held directly for the benefit of the Plan.

Investment Valuation and Income Recognition

The Plan's investments directly held at December 31, 2023 are valued at fair value. The Plan's investment in the Master Trust at December 31, 2022 was presented at fair value, which was determined based on the fair value of the underlying investments of the Master Trust. The Plan's investments directly held include and the underlying investments of the Master Trust included equity funds, fixed income funds and money funds which are generally valued based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Accumulated Plan Benefits

Accumulated plan benefits are those future benefit payments attributable under the Plan's provisions for service that employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits has been determined by an independent actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the benefit information date and the expected payment dates. The effect of Plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in determining accumulated plan benefits as of December 31, 2023 and 2022 are as follows:

Investment return: 6.00% and 5.50% at December 31, 2023 and 2022, respectively.

Mortality: Pri-2012 Blue Collar Employee and Retiree Mortality Tables (base year 2012) and projected with Mortality Improvement Scale MP-2021, except for beneficiaries of deceased participants, at December 31, 2023 and 2022.

Retirement: The rates at which participants retire range by age and years of service from a probability at under age 55 at 0.0250 to age 70 at 1.0000.

The actuarial assumption as to the percentage of retirees selecting lump-sum benefits at retirement is 95%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan evaluated and gave recognition, if appropriate, to subsequent events which occurred after the financial statement date of December 31, 2023 through October 10, 2024, the date on which the financial statements were available to be issued.

The Plan was amended in September 2024 to purchase a group annuity contract for certain participants and beneficiaries and, thereby, transfer the related pension liability and responsibility for benefit payments for such participants and beneficiaries to an insurance company beginning in November 2024. The Plan's allocable premium cost was \$40,475,386.

3. Funding Policy

The Company's funding policy is to contribute funds to the trust for the Plan as necessary to provide for current service and for any unfunded projected benefit obligation over a reasonable period of time. To the extent that these requirements are covered by assets in the trust, the Company may elect not to make any contribution in a particular year. No contribution was required for the years ended December 31, 2023 and 2022. The Plan met the minimum funding requirements of ERISA as of December 31, 2023 and 2022.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

Benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"). In the event that the Plan terminates, the net assets of the Plan shall be allocated among the participants and beneficiaries in accordance with the priorities mandated by ERISA. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

5. Investments and Master Trust Financial Information

At December 31, 2022 the Plan's interest in the net assets of the Master Trust was approximately 95%. The investments, at fair value, in the Master Trust as of December 31, 2022, all invested in mutual funds, were as follows.

Master Trust balances	\$122,179,272

Fair Value Measurements

In accordance with accounting standards for fair value measurements, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. There were only Level 1 investments as of December 31, 2023 and 2022. The following table sets forth a summary of the Plan's investments at December 31, 2023 and the Master Trust's investments at December 31, 2022 measured at fair value on a recurring basis as of December 31.

6. Information Certified by the Plan's Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Vanguard Fiduciary Trust Company holds the Plan's investment assets and executes investment transactions and Northern Trust Company holds cash and performs certain cash distribution activity. Accordingly, Vanguard Fiduciary Trust Company and Northern Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

7. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 14, 2018 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party Transactions

Vanguard Fiduciary Trust Company and Northern Trust Company ("Trustees") are the trustees for the Plan. Fees paid to Vanguard Fiduciary Trust Company by the Master Trust and allocated to the Plan for services amounted to \$73,331 and \$39,069 for the years ended December 31, 2023 and 2022, respectively. Fees paid to Northern Trust Company by the Master Trust and allocated to the Plan for services amounted to \$16,036 and \$10,169 for the years ended December 31, 2023 and 2022, respectively.

Plan Year: January 1, 2022 to December 31, 2023

Schedule SB, Part V - Summary of Plan Provisions

Effective Date

The Plan was originally effective July 1, 1931. Plan was spun off from Verizon Communications, Inc. effective May 2, 2005. The last amendment reflected herein is for the plan freeze effective February 29, 2012. Most recently restated effective January 1, 2017.

Eligibility to Participate

The Plan was closed to individuals becoming employed or re-employed by the Company on or after August 13, 2008.

Credited Service

One year for each calendar year the employee is credited with 2,080 hours. If the employee is credited with less than 2,080 hours during a calendar year, credited service for the year is equal to the number of hours credited during the year divided by 2,080. Credited service earned under the Hourly Employees Retirement System of GTE Hawaiian Telephone Company Incorporated is included. No service will be credited for benefit accrual after the Plan freeze date of February 29, 2012. Service will continue to be credited for early retirement eligibility.

Vesting Service

One year for each calendar year the employee is credited with 1,000 hours. If the employee is credited with less than 1,000 hours during a calendar year, credited service for the year is equal to the number of hours credited during the year divided by 2,080. Vesting service earned under the Hourly Employees Retirement System of GTE Hawaiian Telephone Company Incorporated is included.

Final Average Compensation

The average of salary during the five highest consecutive calendar years out of the last ten calendar years, or, if greater, the highest 60 consecutive months. Due to the plan freeze effective February 29, 2012, the Final Average Earnings is frozen as of February 29, 2012.

Normal Retirement

Eligibility

Later of age 65 and 5 years of vesting service.

Amount of Benefit

1.65% of Final Average Compensation times Credited Service reduced by an annuity provided by the employee's Accumulated Contributions, if any.

Time and Form of Payment

The Automatic Form of Payment for a single participant is the Life Annuity. The Automatic Form of Payment for a married member is a 50% Joint and Survivor Annuity, Actuarially Equivalent to the Life Annuity.

Schedule SB, Part V - Summary of Plan Provisions (continued)

Early Retirement

Eligibility

Age 60 or 15 years of Credited Service.

Amount of Benefit

- Unreduced at age 55 and 25 years of Credited Service or age 60 and 15 years of Credited Service.
- Reduced 3% per year from age 60 if age 55 and 15 years of Credited Service, otherwise reduced from 5% from age 60 to 46, then reduced actuarially from age 46.

Time and Form of Payment

The Automatic Form of Payment for a single participant is the Life Annuity. The Automatic Form of Payment for a married member is a 50% Joint and Survivor Annuity, Actuarially Equivalent to the Life Annuity.

Disability Benefit

Amount of Benefit

- Non-job related: 1.25% times credited service times Final Average Compensation less benefit provided by employee contribution less benefits from Workers' Compensation. If 1.25% times credited service is less than 25% then use minimum of 25% or 1.25% times credited service projected to age 60.
- Job related: 66 2/3% times Final Average Compensation less benefit provided by employee contribution less Workers' Compensation.

Vested Benefits Upon Termination of Service

Vesting

Five years of Vesting Service.

Amount of Benefit

The accrued normal retirement benefit payable at age 65.

Death Benefits for Participants in Active Service

Eligibility

Five years of Vesting Service.

Amount of Benefit

Survivor portion payable under an actuarially reduced 65% joint and survivor annuity had the participant terminated employment on date of death, further reduced to reflect early commencement of benefit, plus:

- For ordinary death of active employee (or within first 30 days of retirement): 50% of final annual salary.
- For accident (on-the-job) death, two times annual salary.

Forms of Payment

- Single Life annuity
- Joint and Survivor annuity (50%, 66-2/3%, 75%, 100%)
- Lump sum benefit

Name of Plan: Hawaiian Telcom Hourly Employees Pension Plan
EIN / PN: 16-1710376 / 001
Plan Year: January 1, 2023 to December 31, 2023

Actuarial Equivalence

The participant's single life annuity is converted into an actuarially equivalent optional form of payment (except for lump sums) using the conversion tables that are provided in the plan restatement.

Lump sums are calculated using the basis below that produces the largest lump sum:

- 1971 TPF&C mortality set back 2 years with interest rate equal to the PBGC Immediate Rate in effect three months prior to the employee's retirement date (only available for employees who would have been eligible to retire on or before January 1, 2000).
- 1971 TPF&C mortality set back 2 years with interest rate using the annual published yield of the 10-year U.S. Treasury Note, based on a six-month averaging period commencing 12 months prior to the employee's retirement date.
- Applicable Mortality Table under IRC §417(e)(3) assumptions with a lookback month for the applicable interest rate for the fifth month prior to the retirement date.

Summary of Changes from the January 1, 2022 Valuation

None.
