INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
the Doggett Company, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Doggett Company, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company ("FMTC") as of December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the financial statements referred to a above related to assets held by and certified by FMTC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, Continued

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Doggett Company, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Doggett Company, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT, Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Doggett Company, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Doggett Company, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, was presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT, Continued

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Doggett Company, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Doggett Company, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which provides for profit-sharing and other incidental benefits for eligible employees of Doggett Company, LLC and affiliates (the "Company" or "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Committee has the responsibility of supervising and directing the administrative activities of the Plan and is the plan fiduciary.

Administration

The Plan is administered by the Company. The recordkeeper and trustee for the Plan's assets is Fidelity Management Trust Company ("FMTTC" or the "Trustee").

Eligibility

An employee becomes eligible to participate in the Plan after completion of one month of credited service and attaining the age of 21 years. An employee may begin contributing to the Plan at the first pay period after the eligibility requirements have been met.

Contributions

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. In addition, participants may separately elect to defer up to 100% of any bonuses paid to them during the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Contributions are subject to certain limitations.

Employer Contributions

The Employer may make a discretionary pretax matching contribution to each participant's account. During 2023, the Employer contributed 50% of the first 6% of compensation that a participant contributed to the Plan. The amount is determined annually by the Employer. Additionally, the Employer may make discretionary profit sharing contributions on behalf of each participant in an amount to be determined by management at the end of the Plan Year. No profit sharing contribution was made for 2023. Employer contributions do not begin until after six months of service.

1. Description of the Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, and charged with transaction and service-based fees and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Employer profit sharing contributions plus actual earnings thereon. Participants who were employed prior to November 1, 2007, are at all times vested in Employer's matching contributions plus actual earnings or losses thereon. Participants who were employed after November 1, 2007, are vested in the Employer's matching contributions plus actual earnings or losses thereon based on years of continuous service. Vesting in the Employer's matching contributions and earnings is in accordance with the following schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used by the Plan to pay administrative expenses or reduce future Employer contributions of the Plan. For the year ending December 31, 2023, the Plan utilized forfeitures of \$191,389 to pay Employer contributions and \$15,830 to pay for administrative expenses. The unallocated forfeitures balance as of December 31, 2023 and 2022 was \$51,758 and \$92,625, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through after-tax payroll deduction. All loans must be repaid within five years, unless used to purchase a principal residence which carries a longer repayment term, and have associated fees. A participant may have two outstanding loans at a time.

1. Description of the Plan, continued

Payment of Benefits

On termination of service due to death, disability, or normal retirement, a participant (or beneficiary in case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals or installments over a period of time, or a rollover or direct transfer. Upon termination of employment, distributions of vested account balances can be made at the participant's election in a lump-sum payment or a rollover or direct transfer. If a participant's vested account balance is not greater than \$5,000, it will be paid automatically in a lump-sum payment as soon as administratively feasible after the event that entitled a distribution.

Participants may receive a distribution from the Plan prior to termination of employment provided they have attained age 59 1/2. A hardship distribution may also be made to satisfy certain immediate and heavy financial needs.

2. Summary of Significant Accounting Policies

The following is a description of significant accounting policies followed by the Plan in the preparation of its financial statements:

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by FMTC are maintained and presented on the cash basis. The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

Doggett Company, LLC 401(k) Plan
Notes to Financial Statements - continued
December 31, 2023 and 2022

2. Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Administrative fees incurred by the Plan in 2023 include advisory fees of \$70,120, recordkeeping fees of \$23,111 and audit engagement fees of \$16,500. All other expenses of maintaining the Plan are paid by the Employer or participants.

Excess Contributions

Amounts payable to participants totaling \$325,793 and \$144,399 as of December 31, 2023 and December 31, 2022, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as excess contributions, with a corresponding reduction to contributions from participants. The Plan distributed the excess contributions prior to March 15 of each respective year.

Doggett Company, LLC 401(k) Plan
Notes to Financial Statements - continued
December 31, 2023 and 2022

3. Income Tax Status

The Company adopted a volume submitter profit sharing plan with CODA sponsored by the Trustee. The volume submitter plan received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the volume submitter plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Company believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Furthermore, 2020 and later remain subject to examination by the IRS.

4. Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2023	2022
Mutual funds	\$ 48,378,891	\$ 36,968,738
Common collective trusts	3,425,553	2,939,181
Notes receivable from participants	1,404,459	1,080,495
Year Ended December 31,	2023	
Net appreciation in fair value of investments	\$ 5,806,893	
Interest income on notes receivable from participants	74,116	
Dividends from mutual funds	1,412,292	
Dividends from common collective trust	79,001	

In addition, the information contained in the Schedule of Assets (Held at End of Year), December 31, 2023 has also been certified as complete and accurate by FMTC.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820 ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Registered investment companies ("mutual funds"): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporary delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business matter.

Doggett Company, LLC 401(k) Plan
Notes to Financial Statements - continued
December 31, 2023 and 2022

5. Fair Value Measurements, continued

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,378,891	\$ -	\$ -	\$ 48,378,891
Investments measured at NAV^(a)				3,425,553
Total investments at fair value				\$ 51,804,444

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,968,738	\$ -	\$ -	\$ 36,968,738

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to FMTC in 2023 totaled \$23,109.

The Plan issues notes receivable from participants and certain fees to the Trustee for the daily operational services of the Plan. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.
